Workbook for Small Business Management May 28 2022 This workbook accompanies the textbook Small Business Management: Theory and Practice.

The textbook familiarises students with the theory and practice of small business management and challenges assumptions that may be held about the way small business management can or should adopt the management practices of larger firms. For students interested in establishing and managing their own small firm, this book helps them to focus their thinking on the realities of life as a small business owner-manager - both its challenges and its rewards. For postgraduate students that are keen to 'make a difference', this text enables them to understand how they might consult to small firms and assist owner-managers to establish and grow their ventures. In addition to students, this book is also useful to small business owner-managers as a general guide on how they might better manage their operations. Managers in large corporations and financial institutions who deal with small businesses as clients or suppliers, and professionals such as accountants, lawyers and consultants who provide advice and other services to small businesses will also find the book of interest.

AD/HD Homework Challenges Transformed! Jun 28 2022 Homework time can be an ordeal for children with AD/HD. After a long day at school, the child often struggles to concentrate and becomes restless, and the parent is left feeling helpless. With the right strategies, homework can be made a more tolerable and even enjoyable experience for both parent and child. This is a book filled with inspiring methods to motivate children with AD/HD at homework time. Common techniques such as enforcing restrictions and rigid timing techniques can stifle the joy of learning. This book focuses on empowering and enabling the child, acknowledges the characteristics of AD/HD and engages the positive side of these traits. Encouraging movement and creativity, the chapters are brimming with great ideas such as scavenger hunts, singing spelling games and jumping math quizzes that hold the child's attention and make learning fun. By adopting these simple strategies into the daily routine of a child with AD/HD, parents and teachers can take the tears and tantrums out of homework time and pave the way for academic success.
