From Chanson de Geste to Epic Chronicle Nov 04 2022 In this collection of essays Gérard Gouiran, one of the world's leading and much-loved scholars of medieval Occitan literature, examines this literature from a primarily historical perspective. Through texts offering hitherto unexplored insights into the history and culture of medieval Europe, he studies topics such as the representation of alterity through female figures and Saracens in opposition to the ideal of the Christian knight, the ways in which the narrating of history can become resistance and propaganda discourse in the clash between the Catholic Church and the French on the one hand, and the Cathar heretics and the people of Occitania on the other; questions of intertextuality and intercultural relations; cultural representations fashioning the West in contact with the East; and Christian dissidence in the twelfth and thirteenth centuries. Written in an approachable style, the book will be of historical, literary and philological interest to scholars and students, as well as any reader curious about this hitherto little-known Occitan literature.

The Canso D'Antioea Apr 28 2022 The Canso d'Antioea is part of a much larger epic describing the events of the First Crusade, related to the Old French Chanson d'Antioche but with many unique features, so presenting a double interest to scholars of both history and literature. It is a source text for the First Crusade with information not contained in any other source. It is also an early and seminal text for Occitan epic, few examples of which survive. And arguably it represents the first work of vernacular verse history in France, raising fundamental questions about the junction of epic and historiography. This first modern edition of the text is accompanied by a new translation into English on facing pages, and supported by detailed notes and a glossary of proper names cross-referenced to all major First Crusade sources. The introduction discusses the history of the text and manuscript, the value of the Canso as a historical document, and its place both within the historical tradition of the Crusade and within Occitan literary tradition and 12th-century vernacular historiography.

The Chronicle of Morea Mar 16 2021 The Chronicle of Morea, one of the most important and controversial historical narratives written in the late Middle Ages, tells the story of the formation and government by the Villehardouin dynasty of a remarkably successful Crusader State following the conquest by western invaders of the capital - Constantinople - and the provinces of the Byzantine Empire. By examining all the Chronicle's surviving Greek, French, Spanish and Italian versions, this study, the first of its kind, explores in depth the literary and ideological contexts in which the work was composed, transmitted and re-written. The result is a fascinating analysis of cultural exchange in a rich and vibrant eastern Mediterranean world where different ethnicities were obliged to live alongside each other, and outside political interests frequently intruded in dramatic fashion. Translations into English have been provided of all the material discussed.

The Medieval Chronicle Sep 09 2020 In the summer of 1996 the first international conference was held on the medieval chronicle, a genre which until then had received but scant attention from historians or specialists in literary history or art history. There are several reasons why the chronicle is particularly suited as the topic of an international conference. In the first place there is its ubiquity; all over Europe and throughout the Middle Ages chronicles were written, both in Latin and in the vernacular, and not only in Europe but also in the countries neighbouring on it, like those of the Arabic world. Secondly, all chronicles raise such questions as by whom, for whom, or for what purpose were they written, how do they reconstruct the past, what determined the choice of verse or prose, or what kind of literary influences are discernable in them. Finally, many chronicles have been beautifully illuminated, and the relation between text and image leads to a wholly different set of questions. It is the aim of the present volume to provide a representative survey of the on-going research in the field of chronicle studies, illustrated by examples from specific chronicles from a wide variety of countries, periods and cultural backgrounds.

The Canso d'Antiocha Oct 03 2022 The Canso d'Antiocha is a fascinating text which deserves more attention than it has received. It is a fragment of a much larger epic describing the events of the First Crusade, related to the Old French Chanson d'Antiocha but with many unique features. As such it presents a double interest to scholars of both history and literature. It is a source text for the First Crusade with information not contained in any other source. It is also an early and seminal text for Occitan epic, few examples of which survive. And arguably it represents the first work of vernacular verse history in France, raising fundamental questions about the junction of epic and historiography. This is the first published edition of the text since Paul Meyer's version in 1884. It is based on the single extant manuscript of the Canso found in Roda in Northern Spain and now in Madrid, accompanied by a translation into English on facing pages. The text is supported by detailed notes and a glossary of proper names cross-referenced to all major First Crusade sources. The introduction discusses in detail the history of the text and manuscript, the value of the Canso as a historical document, and its place both within the historical tradition of the Crusade and within Occitan literary tradition and 12th-century vernacular historiography.

Shahnameh Sep 29 2019 The definitive translation by Dick Davis of the great national epic of Iran—now newly revised and expanded to be the most complete English-language edition A Penguin Classic Dick Davis—"our pre-eminent translator from the Persian" (The Washington Post)—has revised and expanded his acclaimed translation of Ferdowsi's masterpiece, adding more than 100 pages of newly translated text. Davis's elegant combination of prose and verse allows the poetry of the Shahnameh to sing its own tales directly, interspersed sparingly with clearly marked explanations to ease along modern readers. Originally composed for the Samanid princes of Khorasan in the tenth century, the Shahnameh is among the greatest works of world literature. This prodigious narrative tells the story of pre-Islamic Persia, from the mythical creation of the world and the dawn of Persian civilization through the seventh-century Arab conquest. The stories of the Shahnameh are deeply embedded in Persian culture and beyond, as attested by their appearance in such works as *The Kite Runner* and the love poems of Rumi and Hafiz. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
