Called to Care Jul 28 2019 Judith Allen Shelly and Arlene Miller extract principles and challenge current presuppositions to formulate a Christian paradigm built on a compelling theology of nursing.

How Democratic Is the American Constitution? Feb 01 2020 In this provocative book, one of our most eminent political scientists questions the extent to which the American Constitution furthers democratic goals. Robert Dahl reveals the Constitution's potentially antidemocratic elements and explains why they are there, compares the American constitutional system to other democratic systems, and explores how we might alter our political system to achieve greater equality among citizens. In a new chapter for this second edition, he shows how increasing differences in state populations revealed by the Census of 2000 have further increased the veto power over constitutional amendments held by a tiny minority of Americans. He then explores the prospects for changing some important political practices that are not prescribed by the written Constitution, though most Americans may assume them to be so.

American Pageant Jun 30 2022 THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1–41); Volume 1: To 1877 (Chapters 1–22); Volume 2: Since 1865 (Chapters 22–41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A Companion to 20th-Century America Dec 25 2021 *A Companion to 20th-Century America* is an authoritative survey of the most important topics and themes of twentieth-century American history and historiography. Contains 29 original essays by leading scholars, each assessing the past and current state of American scholarship Includes thematic essays covering topics such as religion, ethnicity, conservatism, foreign policy, and the media, as well as essays covering major time periods Identifies and discusses the most influential literature in the field, and suggests new avenues of research, as the century has drawn to a close

The Book of Unknown Americans Nov 04 2022 "Illuminate[s] the lives behind the current debates about Latino immigration." —*The New York Times Book Review* When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it's not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will have profound repercussions for everyone involved. Here *Henríquez* seamlessly interweaves the story of these star-crossed lovers, and of the Rivera and Toro families, with the testimonials of men and women who have come to the United States from all over Latin America. *The Book of Unknown Americans* is a stunning novel of hopes and dreams, guilt and love—a book that offers a resonant new definition of what it means to be American. Named a *New York Times* and *Washington Post* Notable Book, an NPR Great Read, *The Daily Beast's* Novel of the Year, and a *Mother Jones*, *Oprah.com*, *School Library Journal*, and *BookPage* Best Book of the Year

Methods of Soil Analysis, Part 3 Oct 23 2021 A thorough presentation of analytical methods for characterizing soil chemical properties and processes, *Methods, Part 3* includes chapters on Fourier transform infrared, Raman, electron spin resonance, x-ray photoelectron, and x-ray absorption fine structure spectroscopies, and more.

Beat the System! Feb 12 2021 Stores, utilities, repairmen, doctors, governments, schools, employers and hundreds of other "systems" regularly ask consumers to fork over cash or expend some energy. What they don't volunteer are the secrets for accomplishing the same tasks faster, cheaper and easier. This guide supplies that powerful information in an accessible, fun, reader-friendly style with expert, insider information on 225 common situations.

Politics in North America Jun 06 2020 It is no longer sufficient to examine discrete nation-states in isolation from each other. In *Politics in North America: Redefining Continental Relations*, prominent authors from Canada, the United States, and Mexico explore the politics of redefining the institutional, economic, geographic, and cultural boundaries of North America. The contributors argue that the study of politics in the twenty-first century requires simultaneous attention to all levels (local, national, and international) as well as, increasingly, to continents. This argument is explored through the historical and contemporary social and political forces that have created competing visions of what it means to belong to a North American political community. In this process, new debates emerge in the book concerning the appropriate role for the state, as well as the meaning of sovereignty, democracy, and rights.

American Travel and Empire May 18 2021 In this volume, leading scholars examine the interfaces between narratives of travel and empire. Including both writing about America by visitors and the travel writing of Americans abroad, this collection explores the ways in which descriptions of the landscapes and peoples of colonized areas shaped our perceptions, as well as other issues related to the American empire, such as the transmission of images and metaphor between colony and metropolis, the portrayal of cultures as primitive or wild, the cultural and economic hegemony underlying American and European travel writing, and the deployment of cultural encounters to reinforce sovereign cultural practices.

Statistical Abstract of Latin America for ... Nov 11 2020

Conquering the Air Mar 16 2021 Revisit the romantic age of aeronautics when the rapid development of balloons, dirigibles and airplanes changed the world forever. Archibald Williams wrote this entertaining and informative journey through the early days of air travel for readers of all ages in 1926, covering the earliest ascents in balloons through the Wright Brothers, trans-Atlantic flights. The special edition enlarged reprinting includes: - Enlarged 7" x 10" pages - Crisp digitally re-scanned and enhanced images - Bold new cover design - Author's original page layouts - Classic type font - English printing with illustration captions Chapter by chapter Williams chronicles the feats and failures of those legendary pioneers of flight with enthusiasm and an eye towards the future, where he envisions a time when a "machine will be able to alight vertically in a space no larger than the back garden of a small suburban villa, or on a flat roof." Enjoy an informative look at the earliest ascents of balloons, dirigibles, and the first crossings that made history. The rapid development of the mechanical airplane is covered with great interest, as is its application in commercial air travel, exploration, and warfare. For readers looking to enjoy a broad, illustrated overview of airplanes and the history of air travel, *Conquering the Air* is a delight to read. "We shall devote our attention first to the origin of the spherical balloons and to the most notable voyages made in them. Next, we shall see how the balloon was altered in form, provided with motive power of its own, and converted from a mere gas-container and a self-directing aerial ship. Then follows an account of the experiments which led to the production of the first practical flying machine; to be succeeded by a series of chapters devoted to those fights, of successively increasing length, which, as first exemplifying the conquest of the air the grand scale, may justly be termed epoch-making." Table of Contents: Chapter 1: Early Balloon Ascents Chapter 2: Further Ascents in Fire-Balloons Chapter 3: The Coming of the Gas Balloon Chapter 4: The First Balloon Ascents in Great Britain Chapter 5: The First Crossing of the Channel by Air Chapter 6: Famous Balloon Voyages Chapter 7: The Coming of the Dirigible Balloon Chapter 8: The First Attack on the Atlantic Chapter 9: Pioneers of Mechanical Flight Chapter 10: The First Crossing of the English Channel by Aeroplane Chapter 11: From London to Manchester Chapter 12: A Splendid Future Chapter 13: The First

Crossing of the Atlantic by Air Chapter 14: A Magnificent Success Chapter 15: To New York and Back Chapter 16: From London to Australia Chapter 17: From Cairo to the Cape Chapter 18: The First Non-stop Flight Across America Chapter 19: Aircraft in the Polar Regions Chapter 20: The First Flight Around the World Chapter 21: From Italy to Japan and Back Chapter 22: From Spain to Buenos Aires Chapter 23: Lifebelts of the Air Chapter 24: Aircraft in War Chapter 25: Airways Chapter 26: Uses for Aircraft Chapter 27: The Future of Flying About the Publisher: The CGR Publishing Restoration Workshop uses a vast array of computers and digital scanners to restore, preserve, and enhance the classic works of writers and artists from the 19th century. Each new release includes display-quality covers, enlarged covers, and retro fonts. Select books include Dante's *Inferno* Retro Hell-Bound Edition, Gustave Doré's *London: A Pilgrimage*, *The Complete Book of Birds*, *A Life of George Westinghouse*, *The Clock Book: A Detailed Illustrated Collection of Classic Clocks*, *The Aeroplane Speaks*, and much more.

Does North America Exist? Dec 01 2019 In the wake of the North American Free Trade Agreement and the terrorist attacks of September 11, 2001, renowned public intellectual and scholar Stephen Clarkson asks whether North America "exists" in the sense that the European Union has made Europe exist. Clarkson's rigorous study of the many political and economic relationships that link Canada, the United States, and Mexico answers this unusual question by looking at the institutions created by NAFTA, a broad selection of economic sectors, and the security policies put in place by the three neighbouring countries following 9/11. This detailed, meticulously researched, and up-to-date treatment of North America's transborder governance allows the reader to see to what extent the United States' dominance in the continent has been enhanced or mitigated by trilateral connections with its two continental partners. An illuminating product of seven years' political-economy, international-relations, and policy research, *Does North America Exist?* is an ambitious and path-breaking study that will be essential reading for those wanting to understand whether the continent containing the world's most powerful nation is holding its own as a global region.

Technology and American Society Jun 26 2019 Providing a global perspective on the development of American technology, *Technology and American Society* offers a historical narrative detailing major technological transformations over the last three centuries. With coverage devoted to both dramatic breakthroughs and incremental innovations, authors Gary Cross and Rick Szostak analyze the cause-and-effect relationship of technological change and its role in the constant drive for improvement and modernization. This fully-updated 3rd edition extends coverage of industry, home, office, agriculture, transport, constructions, and services into the twenty-first century, concluding with a new chapter on recent electronic and technological advances. *Technology and American Society* remains the ideal introduction to the myriad interactions of technological advancement with social, economic, cultural, and military change throughout the course of American history.

Access to Health Care in America Jan 02 2020 Americans are accustomed to anecdotal evidence of the health care crisis. Yet, personal or local stories do not provide a comprehensive nationwide picture of our access to health care. Now, this book offers the long-awaited health equivalent of national economic indicators. This useful volume defines a set of national objectives and identifies indicators "measures of utilization and outcome" that can "sense" when and where problems occur in accessing specific health care services. Using the indicators, the committee presents significant conclusions about the situation today, examining the relationships between access to care and factors such as income, race, ethnic origin, and location. The committee offers recommendations to federal, state, and local agencies for improving data collection and monitoring. This highly readable and well-organized volume will be essential for policymakers, public health officials, insurance companies, hospitals, physicians and nurses, and interested individuals.

Diabetes in America Apr 16 2021

American Encounters Mar 28 2022 The updated and revised second edition of *American Encounters* features new essays from the vibrant field of Native American studies and the classic essays on early Native American history from the first edition. Over the past thirty years, historians, anthropologists, and other scholars have transformed our understanding of the history of North America's native people between first contact with Europeans in 1492 and the era of Indian removal in the early 19th century. This essential anthology offers comprehensive yet focused coverage on a wide range of topics, including contact, exchange, disease, religion, and warfare.

The Inside Story of the Teacher Revolution in America Feb 24 2022 Cameron (former executive director of the National Education Association) offers a personal account of the teacher revolution of the 1960s, when educators in public school classrooms around the country began to organize. He identifies the conditions that sparked this rebellion and follows its trajectory over a forty-year period. Coverage includes such topics as the challenges of the education reform movement of the 1980s and the failed merger attempt between the NEA and the American Federation of Teachers. Distributed in the U.S. by Rowman & Littlefield. Annotation: 2004 Book News, Inc., Portland, OR (booknews.com).

International Arbitration in Latin America Nov 23 2021 Energy projects in Latin America are a major contributor to economic growth worldwide. This book is the first to offer a comprehensive, in-depth analysis of specific issues arising from energy and natural resources contracts and disputes in the region, covering a wide range of procedural, substantive, and socio-legal issues. The book also includes how states have shifted from passive business partners to more active controlling players. The book contains an extensive treatment and examination of the particularities of arbitration practice in Latin America, including arbitrability, public order, enforcement, and the complex public-private nature of energy transactions. Specialists experienced in resolving international energy and natural disputes throughout the region provide detailed analysis of such issues and topics, including: state-owned entities as co-investors or contracting parties; role of environmental law, indigenous rights and public participation; issues related to political changes, corruption, and quantification of damages; climate change, renewable energy, and the energy transition; force majeure, hardship, and price reopeners; arbitration in the electricity sector; take-or-pay

contracts; recognition and enforcement of awards; tension between stabilization clauses and human rights; mediation as a method for dispute settlement in the energy and natural resources sector; and different comparative approaches taken by national courts in key Latin American jurisdictions. The book also delivers a clear explanation on the impact made to the arbitration process by Covid-19, emerging laws, changes of political circumstances, the economic global trends in the oil & gas market, the energy transition, and the rise of new technologies. This invaluable book will be welcomed by in-house lawyers, government officials, as well as academics and rest of the arbitration community involved in international arbitration with particular interest in the energy and natural resources sector.

Sanctions as War Aug 21 2021 *Sanctions as War* is the first critical analysis of economic sanctions from a global perspective. Featuring case studies from 11 sanctioned countries and theoretical essays, it will be of immediate interest to those interested in understanding how sanctions became the common sense of American foreign policy.

Educated Aug 28 2019 #1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “Extraordinary . . . an act of courage and self-invention.”—*The New York Times* NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA’S FAVORITE BOOKS OF THE YEAR • BILL GATES’S HOLIDAY READING LIST • FINALIST: National Book Critics Circle’s Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . Despite the singularity of [Westover’s] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?”—*Vogue* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The Washington Post* • *O: The Oprah Magazine* • *Time* • *NPR* • *Good Morning America* • *San Francisco Chronicle* • *The Guardian* • *The Economist* • *Financial Times* • *Newsday* • *New York Post* • *theSkimm* • *Refinery29* • *Bloomberg* • *Self* • *Real Simple* • *Town & Country* • *Bustle* • *Paste* • *Publishers Weekly* • *Library Journal* • *LibraryReads* • *Book Riot* • *Pamela Paul, KQED* • *New York Public Library* Right of Way Apr 28 2022

Anticipating Total War Oct 11 2020 The essays in *Anticipating Total War* explore the discourse on war in Germany and the United States between 1871 and 1914. The concept of “total war” provides the analytical focus. The essays reveal vigorous discussions of warfare in several forums among soldiers, statesmen, women’s groups, and educators on both sides of the Atlantic. Predictions of long, cataclysmic wars were not uncommon in these discussions, while the involvement of German and American soldiers in colonial warfare suggested that future combat would not spare civilians. Despite these “anticipations of total war,” virtually no one realized the practical implications in planning for war in the early twentieth century.

Post-NAFTA North America Sep 02 2022 In the aftermath of September 11th 2001, NAFTA has formed a strategic bloc, grounded in the securitization of trade and in the acquiescence of Canada and Mexico to a domineering US. Can a balance be resumed?--BOOK JACKET.
