The Extraordinary Life of an Ordinary Man Mar 28 2022 For most of my life, I have been infected by wanderlust. When I see an airplane flying overhead or a ship on the horizon, I can't help but ask myself, "I wonder where they are going?" Life, as it has evolved, has led me on a journey that is beyond my imagination. I participated in one of the most polarizing events in U.S. history, the Vietnam war. I also was a participant in, quite possibly, the most important event in U.S. labor history, the 1981 air traffic controllers' strike. The second of those events led me to an amazing adventure. I lived outside of the United States for nine years. I have crossed the Pacific Ocean 11 times. I have crossed the Indian Ocean seven times. I have crossed the Atlantic Ocean more times than I can count. I have been on six of the seven continents and visited more than 90 countries. Along the way, a brilliant and beautiful young woman decided to become my partner and accompany me on that journey. This is the story of that adventure.

Fierce Convictions Apr 04 2020 With a foreword by Eric Metaxas, best-selling author of Bonhoeffer and Amazing Grace. The enthralling biography of the woman writer who helped and the slave trade, changed Britain's upper classes, and taught a nation how to read. The history-changing reforms of Hannah More affected every level of 18th-Century British society through her keen intellect, literary achievements, collaborative spirit, strong Christian principles, and colorful personality. A woman without connections or status, More took the world of British letters by storm when she arrived in London from Bristol, becoming a best-selling author and acclaimed playwright and quickly befriending the author Samuel Johnson, the topologist Horace Walpole, and the actor David Garrick. Yet she was also a leader in the Evangelical movement, using her cultural position and her pen to support the growth of education for the poor, the reform of morals and manners, and the abolition of Britain's slave trade. Fierce Convictions weaves together world and personal history into an stirring story of life that intersected with Wesley and Whitefield's Great Awakening, the rise and influence of Evangelicalism, and convulsive effects of the French Revolution. A woman of exceptional intellectual gifts and literary talent, Hannah More was above all a person whose faith compelled her to engage her culture and to transform it.

Why are some people able to live extraordinary and joyful lives while, for others, life seems repetitive, flat, a giant yawn, an exercise in high drama or run by fear? Robert White does not pretend to have all the answers. However, after over thirty years founding and leading companies that have graduated over one million participants from high-impact personal and organizational effectiveness seminars, he's in a good position to help you explore what works - and doesn't work - in your life.

The Extraordinary Life of Sam Hell Nov 04 2022 From #1 Wall Street Journal and New York Times bestselling author Robert Dugoni. Sam Hill always saw the world through different eyes. Born with red pupils, he was called "Devil Boy" by his classmates; "God's will" is what his mother called his ocular albinism. Her words were of little comfort, but Sam persevered, buoyed by his mother's devout faith, his father's practical wisdom, and his two other misfit friends. Sam believed it was God who sent Ernie Cantwell, the only African American kid in his class, to be the friend he so desperately needed. And that it was God's idea for Mickey Kennedy to storm into Our Lady of Mercy like a tornado, uprooting every rule Sam had been taught about boys and girls. Forty years later, Sam, a small-town eye doctor, is no longer certain anything was by design—especially not the tragedy that caused him to turn his back on his friends, his hometown, and the life he'd always known. Running from the pain, eyes closed, served little purpose. Now, as he looks back on his life, Sam embarks on a journey that will take him halfway around the world. This time, his eyes are wide open—bringing into clear view what changed him, defined him, and made him so afraid, until he can finally see what truly matters.

The Extraordinary Life of Josef Ganz Jul 28 2019 The astonishing biography of Josef Ganz, a Jewish designer from Frankfurt, who in May 1931 created a revolutionary small car: the Maik a fer (German for "May bug"). Seven years later, Hitler introduced the Volkswagen. The Nazis not only "took" the concept of Ganz's family car—their production model even ended up bearing the same nickname. The Beetle incorporated many of the features of Ganz's original Maik a fer, yet until recently Ganz received no recognition for his pioneering work. The Nazis did all they could to keep the Jewish godfather of the German compact car out of the history books. Now Paul Schilperoord sets the record straight. Josef Ganz was hunted by the Nazis, even beyond Germany's borders, and narrowly escaped assassination. He was imprisoned by the Gestapo until an influential friend with connections to Goering helped secure his release. Soon afterward, he was forced to flee Germany, while Porsche, using many of his groundbreaking ideas, created the Volkswagen for Hitler. After the war, Ganz moved to Australia, where he died in 1967.

Hoover Feb 01 2020 "An exemplary biography—exhaustively researched, fair-minded and easy to read. It can nestle on the same shelf as David McCullough's Truman, a high compliment indeed."—The Wall Street Journal The definitive biography of Herbert Hoover, one of the most remarkable Americans of the twentieth century—a wholly original account that will forever change the way Americans understand the man, his presidency, his battle against the Great Depression, and their own history. An impoverished orphan who built a fortune. A great humanitarian. A president elected in a landslide and then resoundingly defeated four years later. Arguably the father of both New Deal liberalism and modern conservatism, Herbert Hoover lived one of the most extraordinary American lives of the twentieth century. Yet however astonishing, his accomplishments are often eclipsed by the perception that Hoover was inept and heartless in the face of the Great Depression. Now, Kenneth Whyte vividly recreates Hoover's rich and dramatic life in all its complex glory. He follows Hoover through his Iowa boyhood, his cutthroat business career, his brilliant rescue of millions of lives during World War I and the 1927 Mississippi floods, his misconstrued presidency, his defeat at the hands of a ruthless Franklin Roosevelt, his devastating years in the political wilderness, his return to grace as Truman's emissary to help European refugees after World War II, and his final vindication in the days of Kennedy's "New Frontier." Ultimately, Whyte brings to light Hoover's complexities and contradictions—his modesty and ambition, his ruthlessness and extreme generosity—as well as his profound political legacy. Hoover: An Extraordinary Life in Extraordinary Times is the epic, poignant story of the deprived boy who, through force of will, made himself the most accomplished figure in the land, and who experienced a range of achievements and failures unmatched by any American of his, or perhaps any, era. Here, for the first time, is the definitive biography that fully captures the colossal scale of Hoover's momentous life and volatile times.

The Extraordinary Lives of Ordinary People Dec 25 2021

The Extraordinary Life of an Ordinary Man Jun 30 2022 NEW YORK TIMES BEST SELLER • The raw, candid, unvarnished memoir of an American icon. The greatest movie star of the past 75 years covers everything: his traumatic childhood, his career, his drinking, his thoughts on Marlon Brando, James Dean, Elizabeth Taylor, John Huston, his greatest roles, acting, his intimate life with Joanne Woodward, his innermost fears and passions and joys. With thoughts/comments throughout from Joanne Woodward, George Roy Hill, Tom Cruise, Elia Kazan and many others. "Newman at his best...with his self-aware persona, storied marriage and generous charitable activities...this rich book somehow imbues his characters' pain and joy with fresh technicolor." —The Wall Street Journal In 1986, Paul Newman and his closest friend, screenwriter Stewart Stern, began an extraordinary project. Stuart was to compile an oral history, to have Newman's family and friends and those who worked closely with him, talk about the actor's life. And then Newman would work with Stewart and give his side of the story. The only stipulation was that anyone who spoke on the record had to be completely honest. That same stipulation applied to Newman himself. The project lasted five years. The result is an extraordinary memoir, culled from thousands of pages of transcripts. The book is insightful, revealing, surprising. Newman's voice is powerful, sometimes funny, sometimes painful, always meeting that high standard of searing honesty. The additional voices—from childhood friends and Navy buddies, from family members and film and theater collaborators such as Tom Cruise, George Roy Hill, Martin Ritt, and John Huston—that run throughout add richness and color and context to the story Newman is telling. Newman's often traumatic childhood is brilliantly detailed. He talks about his teenage insecurities, his early failures with women, his rise to stardom, his early rivals (Marlon Brando and James Dean), his first marriage, his drinking, his philanthropy, the death of his son Scott, his strong desire for his daughters to know and understand the truth about their father. Perhaps the most moving material in the book centers around his relationship with Joanne Woodward—their love for each other, his dependence on her, the way she shaped him intellectually, emotionally and sexually. The Extraordinary Life of an Ordinary Man is revelatory and introspective, personal and analytical, loving and tender in some places, always complex and profound.

Edith Wharton Dec 01 2019 American writer Edith Wharton moved through many worlds -- from the "Old New York" of The Age of Innocence, The House of Mirth, and The Custom of the Country to the Newport of the Gilded Age to the wealthy and creative community at Lenox, Massachusetts. She knew the Italy of American and English expatriates, the salon life of Paris, and France during the Great War. Later she retreated to the French countryside, where she created wonderful houses and gardens that recaptured the ambience of an earlier age. In her writing, Wharton drew continually on her visual and descriptive gifts, interweaving her love of travel, art, architecture, interior design, and gardening with her sensitive, often ironic observations of human nature and the privileged social milieu she knew so well. This biography presents a visual feast -- of photographs, drawings, paintings, postcards, and letters, many never before published -- that captures the life of this extraordinary woman and the time in which she lived. For many years a teacher of literature at the New School for Social Research in New York City, Eleanor Dwight has contributed articles on gardens, travel, and literature to New York, House Beautiful, Harper's Bazaar, and other magazines, and she lectures frequently on the same subjects. She was curator for the 1994 exhibition "Edith Wharton: Glancing Backward", at the National Academy of Design in New York, and cocurator for the 1997-98 exhibition "Portraits of Peoples and Places in Edith Wharton's World" at the National Portrait Gallery in Washington, D.C.
