So, considering you require the book swiftly, you can straight get it. Its hence agreed simple and for that reason fats, isnt it? You have to favor to in this vent

[The Churchill Factor](#) Oct 23 2021 As the country navigates a national crisis once again, read how Britain's Prime Minister was inspired by Winston Churchill. One man can make all the difference. Now leader of the UK himself, Boris Johnson explores what makes up the 'Churchill Factor' - the singular brilliance of one of the most important leaders of the twentieth century. Taking on the myths and misconceptions along with the outsized reality, he portrays - with characteristic wit and passion - a man of multiple contradictions, contagious bravery, breath-taking eloquence, matchless strategizing and deep humanity. Fearless on the battlefield, Churchill had to be ordered by the King to stay out of action on D-Day; he embraced large-scale strategic bombing, yet hated the destruction of war and scorned politicians who had not experienced its horrors. He was a celebrated journalist, a great orator and won the Nobel Prize for Literature. He was famous for his ability to combine wining and dining with many late nights of crucial wartime decision-making. His open-mindedness made him a pioneer in healthcare, education and social welfare, though he remained incorrigibly politically incorrect. As Prime Minister Boris Johnson says, 'Churchill is the resounding human rebuttal to all who think history is the story of vast and impersonal economic forces'. Published in association with Churchill Heritage, *The Churchill Factor* is essential reading for anyone who wants to know what makes a great leader in a time of crisis.

Churchill Feb 24 2022 "In this incisive biography, Paul Addison examines both the life of the most iconic figure in twentieth-century British history, and the battle over his reputation, which continues to this day."--Jacket.

Churchill Dec 01 2019 From the "most celebrated and best-loved British historian in America" (Wall Street Journal), an elegant, concise, and revealing portrait of Winston Churchill In *Churchill*, eminent historian Paul Johnson offers a lively, succinct exploration of one of the most complex and fascinating personalities in history. Winston Churchill's hold on contemporary readers has never slackened, and Johnson's analysis casts new light on his extraordinary life and times. Johnson illuminates the various phases of Churchill's career—from his adventures as a young cavalry officer in the service of the empire to his role as an elder statesman prophesying the advent of the Cold War—and shows how Churchill's immense adaptability and innate pugnacity made him a formidable leader for the better part of a century. Johnson's narration of Churchill's many triumphs and setbacks, rich with anecdote and quotation, illustrates the man's humor, resilience, courage, and eccentricity as no other biography before, and is sure to appeal to historians and general nonfiction readers alike.

Churchill. The Greatest Briton Unmasked Mar 04 2020 In his brand new assessment of Winston Churchill's political career Nigel Knight challenges the sentimental image of the great wartime leader and argues that Churchill's impact on Great Britain was, in fact, consistently disastrous. The author backs up his arguments with rigorous academic research to provide a fresh insight into Churchill's entire career This book covers Churchill's time as pre-war Chancellor and his contradictory economic policies. It also looks at his time as Prime Minister and his wartime blunders, as well as the post-war period when he failed to rectify his past errors. It includes 16 pages of fascinating archive photographs.

Churchill and Orwell Dec 13 2020 Today, as liberty and truth are increasingly challenged, the figures of Churchill and Orwell loom large. Exemplars of Britishness, they preserved individual freedom and democracy for the world through their far-sighted vision and inspired action, and cast a long shadow across our culture and politics. In *Churchill & Orwell*, the Pulitzer Prize-winning author Thomas E. Ricks masterfully argues that these extraordinary men are as important today as they ever were. Churchill and Orwell stood in political opposition to each other, but were both committed to the preservation of freedom. However, in the late 1930s they occupied a lonely position: democracy was much discredited, and authoritarian rulers, fascist and communist, were everywhere in the ascent. Unlike others, they had the wisdom to see that the most salient issue was human liberty - and that any government that denies its people basic rights is a totalitarian menace to be resisted. Churchill and Orwell proved their age's necessary men, and this book reveals how they rose from a precarious position to triumph over the enemies of freedom. Churchill may have played the larger role in Hitler's defeat, but Orwell's reckoning with the threat of authoritarian rule in 1984 and *Animal Farm* defined the stakes of the Cold War and continues to inspire to this day. Their lives are an eloquent testament to the power of moral conviction, and to the courage it takes to stay true to it.

[Citizen Cohn](#) Apr 04 2020 Based on interviews with family, colleagues, and friends, this biography offers a comprehensive portrait of Roy Cohn, his ideological passions, personal life, and patterns of power and money

Churchill Jun 30 2022 NEW YORK TIMES BESTSELLER One of The Wall Street Journal's Ten Best Books of 2018 One of The Economist's Best Books of 2018 One of The New York Times's Notable Books of 2018 "Unarguably the best single-volume biography of Churchill . . . A brilliant feat of storytelling, monumental in scope, yet put together with tenderness for a man who had always believed that he would be Britain's savior." —Wall Street Journal In this landmark biography of Winston Churchill based on extensive new material, the true genius of the man, statesman and leader can finally be fully seen and understood--by the bestselling, award-winning author of *Napoleon* and *The Last King of America*. When we seek an example of great leaders with unalloyed courage, the person who comes to mind is Winston Churchill: the iconic, visionary war leader immune from the consensus of the day, who stood firmly for his beliefs when everyone doubted him. But how did young Winston become Churchill? What gave him the strength to take on the superior force of Nazi Germany when bombs rained on London and so many others had caved? In *Churchill*, Andrew Roberts gives readers the full and definitive Winston Churchill, from birth to lasting legacy, as personally revealing as it is compulsively readable. Roberts gained exclusive access to extensive new material: transcripts of War Cabinet meetings, diaries, letters and unpublished memoirs from Churchill's contemporaries. The Royal Family permitted Roberts--in a first for a Churchill biographer--to read the detailed notes taken by King George VI in his diary after his weekly meetings with Churchill during World War II. This treasure trove of access allows Roberts to understand the man in revelatory new ways, and to identify the hidden forces fueling Churchill's legendary drive. We think of Churchill as a hero who saved civilization from the evils of Nazism and warned of the grave crimes of Soviet communism, but Roberts's masterwork reveals that he has as much to teach us about the challenges leaders face today--and the fundamental values of courage, tenacity, leadership and moral conviction.

Churchill Oct 30 2019

The Churchill Myths Jan 14 2021 This is not a book about Winston Churchill. It is not principally about his politics, nor his rhetorical imagination, nor

even about the man himself. Instead, it addresses the varied afterlives of the man and the persistent, deeply located compulsion to bring him back from the dead, capturing and explaining the significance of the various Churchill myths to Britain's history and current politics. The authors look at Churchill's portrayal in social memory. They demonstrate the ways in which politicians have often used the idea of Churchill as a means of self-validation - using him to show themselves as tough and honest players. They show the man dramatized in film and television - an onscreen persona that is often the product of a gratuitous mixing of fact and fantasy, one deliberately shaped to meet the preferences of the presumed audience. They discuss his legacy in light of the Brexit debate - showing how public figures on both sides of the Leave/Remain debate were able to use elements of Churchill's words and character to argue for their own point-of-view.

Roy Jenkins Sep 21 2021 Shortlisted for the 2014 Samuel Johnson Prize Shortlisted for the 2014 Costa Biography Award Longlisted for the 2015 Orwell Prize Winner of the 2014 Political Book Awards Political Biography of the Year Roy Jenkins was probably the best Prime Minister Britain never had. But though he never reached 10 Downing Street, he left a more enduring mark on British society than most of those who did. As a radical Home Secretary in the 1960s he drove through the decriminalisation of homosexuality and the legalisation of abortion. An early and consistent advocate of European unity, he played a decisive role in achieving British membership first of the Common Market and then of the European Union. Then in 1981, when both the Conservative and Labour parties had moved sharply to the right and left respectively he founded the centrist Social Democratic Party (SDP) which ultimately paved the way for Tony Blair's creation of New Labour. On top of all this, Jenkins was a compulsive writer whose twenty-three books included best-selling biographies of Asquith, Gladstone and Churchill. He was the embodiment of the liberal establishment with a genius for friendship who knew and cultivated everyone who mattered in the overlapping worlds of politics, literature, diplomacy and academia. His biography is the story of an exceptionally well-filled and well-rounded life.

Churchill Nov 04 2022 From the admiralty to the miner's strike, from the Battle of Britain to eventual victory over Nazi Germany, Churchill oversaw some of the most important events the world has ever seen. Winning the Nobel Prize in Literature for his personal writing and cautioning against a powerful Soviet Russia in his later years in office, his larger-than-life and complex personality has continued to fascinate writers and historians. In this comprehensive biography, Roy Jenkins faithfully presents these events, while also managing to convey the contradictions and quirks in Churchill's character. Weaving together in-depth analysis and brilliant historical research, Jenkins has succeeded in crafting this magnificent one-volume account packed with insights that only a fellow politician can convey. Bringing to life the statesman, writer, speaker and leader, Churchill is packed with insights into one of the most important figures of the twentieth century.

Gladstone Aug 01 2022 From the New York Times bestselling author of Churchill, a towering historical biography, available for the first time in paperback. William Gladstone was, with Tennyson, Newman, Dickens, Carlyle, and Darwin, one of the stars of nineteenth-century British life. He spent sixty-three of his eighty-nine years in the House of Commons and was prime minister four times, a unique accomplishment. From his critical role in the formation of the Liberal Party to his preoccupation with the cause of Irish Home Rule, he was a commanding politician and statesman nonpareil. But Gladstone the man was much more: a classical scholar, a wide-ranging author, a vociferous participant in all the great theological debates of the day, a voracious reader, and an avid walker who chopped down trees for recreation. He was also a man obsessed with the idea of his own sinfulness, prone to self-flagellation and persistent in the practice of accosting prostitutes on the street and attempting to persuade them of the errors of their ways. This full and deep portrait of a complicated man offers a sweeping picture of a tumultuous century in British history, and is also a brilliant example of the biographer's art.

Churchill's Shadow: The Life and Afterlife of Winston Churchill Feb 12 2021 A New York Times Notable Book of the Year A major reassessment of Winston Churchill that examines his lasting influence in politics and culture. Churchill is generally considered one of the greatest leaders of the twentieth century, if not the greatest of all, revered for his opposition to appeasement, his defiance in the face of German bombing of England, his political prowess, his deft aphorisms, and his memorable speeches. He became the savior of his country, as prime minister during the most perilous period in British history, World War II, and is now perhaps even more beloved in America than in England. And yet Churchill was also very often in the wrong: he brazenly contradicted his own previous political stances, was a disastrous military strategist, and inspired dislike and distrust through much of his life. Before 1939 he doubted the efficacy of tank and submarine warfare, opposed the bombing of cities only to reverse his position, shamelessly exploited the researchers and ghostwriters who wrote much of the journalism and the books published so lucratively under his name, and had an inordinate fondness for alcohol that once found him drinking whisky before breakfast. When he was appointed to the cabinet for the first time in 1908, a perceptive journalist called him "the most interesting problem of personal speculation in English politics." More than a hundred years later, he remains a source of adulation, as well as misunderstanding. This revelatory new book takes on Churchill in his entirety, separating the man from the myth that he so carefully cultivated, and scrutinizing his legacy on both sides of the Atlantic. In effervescent prose, shot through with sly wit, Geoffrey Wheatcroft illuminates key moments and controversies in Churchill's career—from the tragedy of Gallipoli, to his shocking imperialist and racist attitudes, dealings with Ireland, support for Zionism, and complicated engagement with European integration. Charting the evolution and appropriation of Churchill's reputation through to the present day, *Churchill's Shadow* colorfully renders the nuance and complexity of this giant of modern politics.

Franklin Delano Roosevelt Jul 08 2020 A masterly work by the New York Times bestselling author of Churchill and Gladstone A protean figure and a man of massive achievement, Franklin Delano Roosevelt was the only man to be elected to the presidency more than twice. In a ranking of chief executives, no more than three of his predecessors could truly be placed in contention with his standing, and of his successors, there are so far none. In acute, stylish prose, Roy Jenkins tackles all of the nuances and intricacies of FDR's character. He was a skilled politician with astounding flexibility; he oversaw an incomparable mobilization of American industrial and military effort; and, all the while, he aroused great loyalty and dazzled those around him with his personal charm. Despite several setbacks and one apparent catastrophe, his life was buoyed by the influence of Eleanor, who was not only a wife but an adviser and one of the twentieth century's greatest political reformers. Nearly complete before Jenkins's death in January 2003, this volume was finished by historian Richard Neustadt.

Mr Balfour's Poodle Mar 16 2021 Jenkins' account of the constitutional struggle between the Liberal government of the early twentieth century and the House of Lords. The battle started with the introduction of the People's Budget of 1909 and continued through two general elections until 1911 when the Lords accepted the Parliament bill.

Eminent Parliamentarians May 06 2020 To celebrate the centenary of the 1911 Parliament Act, John Bercow, Speaker of the House of Commons, instigated a series of public lectures in which current parliamentarians assessed the careers and characters of parliamentary giants. The result was a sequence of fascinating appraisals covering a distinguished but eclectic array of politicians who made a name for themselves not only in the House of Commons but also throughout the country. The subjects of the lectures came from diverse backgrounds, advocated very different political philosophies and, indeed, some make surprising bedfellows. But they all had one thing in common: driven by a set of particular beliefs, they were prepared to do whatever was necessary in pursuit of their goals. From Nicholas Soames's warm, familial tribute to his grandfather Winston Churchill to Neil Kinnock's account of an affectionate - though sometimes fraught - relationship with Michael Foot, the roll-call of both lecturers and subjects is outstanding. With his subject sitting in the audience, Tristram Hunt delivers the lecture on Tony Benn; Shirley Williams looks at the life of Nancy Astor, the first woman to take her seat in Parliament; Philip Norton and Peter Tapsell tackle the towering figures of Enoch Powell and F. E. Smith; as an authority on his subject, Kenneth Morgan discusses David Lloyd George, while fellow historian Gordon Marsden speaks on Aneurin Bevan; Douglas Hurd reflects on the life of Iain Macleod; and Andrew Adonis and John Whittingdale both provide an insider's insight into the parliamentary lives of Roy Jenkins and Margaret Thatcher. With a foreword by John Bercow and an introduction by Philip Norton, this is an impressive collection of lectures delivered by expert speakers on the most eminent of parliamentarians.

Churchill's Secret War Jul 28 2019 A dogged enemy of Hitler, resolute ally of the Americans, and inspiring leader through World War II, Winston Churchill is venerated as one of the truly great statesmen of the last century. But while he has been widely extolled for his achievements, parts of

Churchill's record have gone woefully unexamined. As journalist Madhusree Mukerjee reveals, at the same time that Churchill brilliantly opposed the barbarism of the Nazis, he governed India with a fierce resolve to crush its freedom movement and a profound contempt for native lives. A series of Churchill's decisions between 1940 and 1944 directly and inevitably led to the deaths of some three million Indians. The streets of eastern Indian cities were lined with corpses, yet instead of sending emergency food shipments Churchill used the wheat and ships at his disposal to build stockpiles for feeding postwar Britain and Europe. Combining meticulous research with a vivid narrative, and riveting accounts of personality and policy clashes within and without the British War Cabinet, Churchill's Secret War places this oft-overlooked tragedy into the larger context of World War II, India's fight for freedom, and Churchill's enduring legacy. Winston Churchill may have found victory in Europe, but, as this groundbreaking historical investigation reveals, his mismanagement -- facilitated by dubious advice from scientist and eugenicist Lord Cherwell -- devastated India and set the stage for the massive bloodletting that accompanied independence.

Churchill Jul 20 2021 Across almost 50 years, Winston Churchill produced more than 500 paintings. His subjects included his family homes at Blenheim and Chartwell, evocative coastal scenes on the French Riviera, and many sun-drenched depictions of Marrakesh in Morocco, as well as still life pictures and an extraordinarily revealing self-portrait, painted during a particularly troubled time in his life. In war and peace, Churchill came to enjoy painting as his primary means of relaxation from the strain of public affairs. In his introduction to Churchill: The Statesman as Artist, David Cannadine provides the most important account yet of Churchill's life in art, which was not just a private hobby, but also, from 1945 onwards, an essential element of his public fame. The first part of this book brings together for the first time all of Churchill's writings and speeches on art, not only 'Painting as a Pastime', but his addresses to the Royal Academy, his reviews of two of the Academy's summer exhibitions, and an important speech he delivered about art and freedom in 1937. The second part of the book provides previously uncollected critical accounts of his work by some of Churchill's contemporaries: Augustus John's hitherto unpublished introduction to the Royal Academy exhibition of Churchill's paintings in 1959, and essays and reviews by Churchill's acquaintances Sir John Rothenstein, Professor Thomas Bodkin and the art critic Eric Newton. The book is lavishly illustrated with reproductions of many of Churchill's paintings, some of them appearing for the first time. Here is Churchill the artist more fully revealed than ever before.

A Life at the Centre Jan 26 2022 Roy Jenkins led a life of variety and drama, from enigma ciphers in the war, to the chancellorship of Oxford and the exchequer, as well as putting a liberalising stamp on the 1960s as a reforming home secretary. This work offers the story of a man who combined a social and literary milieu with a political panache.

Twelve Cities Sep 02 2022 Roy Jenkins follows up Churchill with a book of a very different shape; short and semi-autobiographical, but also full of the wit and erudition which make that book such a success. Each of the twelve cities are described with a mixture of architectural interest, topographical insight, and personal anecdote. Jenkins has three British cities: Cardiff, which was the metropolis of his Monmouthshire childhood, Birmingham which he represented in Parliament for 27 years, and Glasgow, which aroused in him an enthusiasm far transcending politics. Further afield there is Paris, Brussels, where he lived for four years as President of the European Commission; Bonn, and Berlin, surveyed from its pre-war splendour, through to its architectural resurgence of the 1990s, Naples and Barcelona. From Lord Jenkins's over a hundred visits to North America there emerge highly personal recollections of New York and a more objective view of the of Chicago. Dublin, so near to home and yet so distant, makes up the dozen. Twelve Cities is a fascinating and sparkling collection from one of our very finest writers

Churchill May 18 2021 "A richly textured and deeply moving portrait of greatness" (Los Angeles Times). In this masterful book, prize-winning historian and authorized Churchill biographer Martin Gilbert weaves together the research from his eight-volume biography of the elder statesman into one single volume, and includes new information unavailable at the time of the original work's publication. Spanning Churchill's youth, education, and early military career, his journalistic work, and the arc of his political leadership, Churchill: A Life details the great man's indelible contribution to Britain's foreign policy and internal social reform. With eyewitness accounts and interviews with Churchill's contemporaries, including friends, family members, and career adversaries, it provides a revealing picture of the personal life, character, ambition, and drive of one of the world's most remarkable leaders. "A full and rounded examination of Churchill's life, both in its personal and political aspects . . . Gilbert describes the painful decade of Churchill's political exile (1929-1939) and shows how it strengthened him and prepared him for his role in the 'hour of supreme crisis' as Britain's wartime leader. A lucid, comprehensive and authoritative life of the man considered by many to have been the outstanding public figure of the 20th century." —Publishers Weekly "Mr. Gilbert's job was to bring alive before his readers a man of extraordinary genius and scarcely less extraordinary destiny. He has done so triumphantly." —The New York Times Book Review

London, a Social History Jun 26 2019 This is the first modern one-volume history of London from Roman times to the present. Roy Porter touches the pulse of his hometown and makes it our own, capturing London's fortunes, people, and imperial glory with brio and wit.

Gladstone Apr 28 2022 Winner of the Whitbread Biography of the Year. William Gladstone was, with Tennyson, Newman, Dickens, Carlyle, and Darwin, one of the stars of nineteenth-century British life. He spent sixty-three of his eighty-nine years in the House of Commons and was prime minister four times, a unique accomplishment. From his critical role in the formation of the Liberal Party to his preoccupation with the cause of Irish Home Rule, he was a commanding politician and statesman nonpareil. But Gladstone the man was much more: a classical scholar, a wide-ranging author, a vociferous participant in all the great theological debates of the day, a voracious reader, and an avid walker who chopped down trees for recreation. He was also a man obsessed with the idea of his own sinfulness, prone to self-flagellation and persistent in the practice of accosting prostitutes on the street and attempting to persuade them of the errors of their ways. Gladstone, by historian and eminent politician Roy Jenkins, is a full and deep portrait of a complicated man, offering a sweeping picture of a tumultuous century in British history, and is also a brilliant example of the biographer's art.

CHURCHILL Oct 03 2022 "We are all worms. But I do believe I am a glow-worm." --Churchill Winston Churchill's inspiring leadership in the Second World War once made him above criticism. In recent years his record has come under attack from revisionists. In Churchill: A Study in Greatness one of Britain's most distinguished historians rebuts these charges and makes sense of this extraordinary man and his long controversial, colourful, contradictory and heroic career. Geoffrey Best brings out both his strengths and his weaknesses, looking past the many received versions of Churchill in a biography that balances the private and the public man and offers a clear insight into Churchill's greatness. "We are all worms. But I do believe I am a glow-worm." --Churchill Winston Churchill's inspiring leadership in the Second World War once made him above criticism. In recent years his record has come under attack from revisionists. In Churchill: A Study in Greatness one of Britain's most distinguished historians rebuts these charges and makes sense of this extraordinary man and his long controversial, colourful, contradictory and heroic career. Geoffrey Best brings out both his strengths and his weaknesses, looking past the many received versions of Churchill in a biography that balances the private and the public man and offers a clear insight into Churchill's greatness.

Asquith Oct 11 2020 First published in 1964, Asquith was one of the most crucial and controversial of modern Prime Ministers. He was opposed with a bitterness and a violence that English politicians have not subsequently known, yet he enjoyed eight and a half years of unbroken power, and for at least the first six years of these he presided with an easy authority over the most talented government of this century. The issues which he confronted were momentous ? Peers v. People, Ireland, and the Great War. Bringing to bear exceptional knowledge, judgement, insight and tolerance, he survived them all. His fall seemed therefore all the more shocking.

In The Footsteps of Churchill Feb 01 2020 As one of the most admired political leaders of the twentieth century, Winston Churchill holds iconic status in popular memory. But in this incisive new biography, acclaimed military historian Richard Holmes offers a remarkable reappraisal of Churchill by examining the influences that shaped his character. Drawing upon never-before-seen materials such as letters between the young Churchill and his parents, Holmes paints the most complete portrait to date of the man who stood up to Hitler and led his people to victory against all odds. Detailing the decisive events of Churchill's life -- from his childhood to his experiences in the Boer War through his rapid rise in politics -- Holmes demonstrates the central role Churchill's character played in the key decisions of his public life. With an already inflated sense of self,

Churchill had several lucky escapes in combat -- in the Boer War and in the trenches of WWI -- convincing him that he was saved for a reason and was destined for greatness. In the Footsteps of Churchill uncovers a surprisingly different Churchill -- both admirable and difficult -- through the lens of his character.

The British Liberal Tradition Sep 09 2020 Lord Jenkins tells the story of the rise and fall of the British Liberal party under prime ministers Gladstone, Churchill, Asquith, and Lloyd George and explores the place of current British Prime Minister Tony Blair in this tradition.

Churchill Mar 28 2022 Essays on the policies and motives of Winston Churchill

Lloyd George and Churchill Jun 18 2021 The two most significant British political figures of the twentieth-century, Churchill and Lloyd George were political rivals but personal friends. Between them their ministerial careers spanned seventy years and two world wars. Although they could not have been more different temperamentally, and often disagreed violently about politics, theirs was 'the longest political friendship in the life of Great Britain' and Churchill was the only person outside his family to call Lloyd George 'David'. Richard Toye's book is a dynamic account of their relationship. Drawing on diaries and letters, some never before published, (there are more than 1,000 pieces of correspondence between the two men), he explores their long-standing friendship and rivalry, the impact they had on each other's careers, and the fate of their respective reputations, arguing that Lloyd George's major achievements have been undeservedly overshadowed, in part as a consequence of Churchill's later mythmaking. It is a major work from a brilliant young historian.

Portraits and Miniatures Aug 21 2021 In *Portraits and Miniatures*, Roy Jenkins brings his penetrating intelligence and elegant prose to subjects ranging from literature and political history to wine and croquet. Long experience in both Houses of Parliament and as President of the European Commission has given him unparalleled insight into political figures such as R. A. Butler, Aneurin Bevan, Konrad Adenauer, and de Gaulle. A varied selection of essays, *Portraits and Miniatures* is fascinating, witty, and endlessly entertaining.

The Abolition of Britain Jan 02 2020 Hitchens identifies everything that he feels has gone wrong with Britain since the Second World War and makes the case for the 'many millions who feel that they have become foreigners in their own land and wish with each succeeding day that they could turn the clock back'. Writing with brilliance and flair, Hitchens targets the pernicious effects of TV culture, the corruption and decay of English language, the loss of deference and the syrupy confessional mood brought on by the death of Princess Diana. 'This is a cri de coeur from an honest, intelligent and patriotic Englishman desperately worried about the corruption of this country and the likely effects of its lurch into the clutches of a European.' *The Spectator*

Churchill and the Mad Mullah of Somaliland May 30 2022 In the late nineteenth century, the British Empire commanded the seas and possessed a vast Indian Empire, as well as other extensive dominions in South East Asia, Australasia, America and Africa. To secure the trade route to the glittering riches of the orient, the port of Berbera in Somaliland was taken from the feeble grasp of an Egyptian monarch, and to secure that port, treaties were concluded with the fierce and warlike nomad tribes who roamed the inhospitable wastes of the hinterland, unequivocally granting them 'the gracious favour and protection of the Queen'. But there arose in that wilderness a man of deep and unalterable convictions; the Sayyid, the 'Mad Mullah', who utilised his great poetic and oratorical gifts with merciless and unrelenting fury to convince his fellow nomads to follow him in an anti-Christian and anti-colonial crusade. At great expense, four Imperial expeditions were sent to crush him and to support his terrified opponents; four times the military genius of the Sayyid eluded them. It was at this point that the rising voice of Winston Churchill convinced his Liberal colleagues to abandon the expensive contest and retreat to the coast. By this betrayal, one third of the British 'protected' population perished. It wasn't until after the Great War that Churchill, now Minister for both War and Air, as well as a major influence in the rise of Air Power, was able to redeem this betrayal. The part he played in the destruction of the Sayyid's temporal power at this point was substantial, and the preservation of the Royal Air Force was also secured. By unleashing Sir Hugh Trenchard and giving his blessing to a lightning campaign, his original betrayal was considered to be redeemed in part and his honour belatedly and inexpensively restored. In this enthralling volume, Roy Irons brings to life this period of dynamic unrest, drawing together a number of historical accounts of the time as well as an evocative selection of illustrative materials, including maps and portraits of the main players at the forefront of the action. Personalities such as Carton de Wiart, Lord Ismay, and the much decorated Sir John 'Johnny' Gough, VC, KCB, CHG feature, as do the vaunted Camel Corps, in this eminently well-researched narrative account of this eventful and controversial episode of world history. As featured in *Essence Magazine*.

The Chancellors Nov 11 2020 Jenkins, himself a great Chancellor, looks at the lives and careers of the nineteen men who were Chancellor of the Exchequer between Gladstone's last administration and that of Clement Attlee, immediately after the Second World War and provides a unique insight into their personalities, their social backgrounds and their effect on the country at the time.

Roy Jenkins Dec 25 2021 Roy Jenkins was a dominating figure in British politics across the four decades before his death in 2003, with an impact and legacy greater than many prime ministers of the period. His name is synonymous with the rise of the liberal society in the 1960s and beyond, and with the development of progressive social democratic politics spanning the forty years between the death of his mentor Hugh Gaitskell and the premiership of his friend - and some would say protégé - Tony Blair. These essays, by friends and associates of Roy Jenkins from every phase of his life, chart his remarkable career with insight, anecdote and empathy. Each contributor writes from a close relationship with their subject, and with unique authority. They bring to life the 1960s 'Iron Chancellor' the model progressive Home Secretary under Wilson and Callaghan; the first (and only) British President of the European Commission; the pioneer of the Social Democratic Party and much of the reshaping of British politics in the 1980s and 1990s; the friend and mentor of Tony Blair; the Chancellor of Oxford University; and the acclaimed author and biographer, whose best-selling *Churchill* appeared more than fifty years after his first biography of Clement Attlee. The authors also recreate the remarkable circle of partisans and devotees, from politics and beyond, which surrounded Roy Jenkins from the mid-1960s until his death. At the heart of the Establishment, yet among its most effective reformers and critics; a son of the valleys who became a connoisseur of the best things in life, he was an object of the deepest loyalty and the fiercest antipathy - and among the most caricatured and celebrated figures of the day. This book is a testament to one of the most fascinating public figures of the post-war era.

Churchill Apr 16 2021 A collection of the best and most quoted speeches and writings of Nobel Prize-winner Winston Churchill. Winston Churchill knew the power of words. In speeches, books, and articles, he expressed his feelings and laid out his vision for the future. His wartime writings and speeches have fascinated generation after generation with their powerful narrative style and thoughtful reflection. Martin Gilbert, Churchill's official biographer, has chosen passages that express the essence of Churchill's thoughts and describe in his own inimitable words the main adventures of his life and the main crises of his career. From first to last, they give insight into his life, how it evolved, and how he made his mark on the British and world stage.

Franklin Delano Roosevelt Aug 09 2020 A final masterly work by the biographer of his generation and bestselling author of *Churchill*. A protean figure and a man of massive achievement, Franklin Delano Roosevelt was the only man to be elected to the presidency more than twice. In a ranking of chief executives, no more than three of his predecessors could truly be placed in contention with his standing, and of his successors, there are so far none. In acute, stylish prose, Roy Jenkins tackles all of the nuances and intricacies of FDR's character. He was a skilled politician with astounding flexibility; he oversaw an incomparable mobilisation of American industrial and military effort; and, all the while, he aroused great loyalty and dazzled those around him with his personal charm. Despite several setbacks and one apparent catastrophe, his life was buoyed by the influence of Eleanor, who was not only his wife, but his adviser, and one of the twentieth century's greatest political reformers. Nearly complete before Lord Jenkins' death in January 2003, this volume was finished by historian Richard Neustadt.

Warlord Nov 23 2021 As riveting as the man it portrays, *Warlord* is a masterful, unsparing portrait of Winston Churchill, one of history's most fascinating and influential leaders. "Epic. . . . A brilliantly exciting narrative. . . . D'Este has given us, finally, the lion not only in winter, but at war: impetuous, brazen, misguided, but indefatigable, indomitable, and magnanimous: the greatest and most energetic generalissimo of the 20th century." —Boston Globe Carlo D'Este's definitive chronicle of Churchill's crucial role in the major military campaigns of the 20th century, *Warlord* uses

extensive, untapped archival materials to provide “a very human look at Churchill’s lifelong fascination with soldiering, war, and command.”
(Washington Post)
