Elenchus of Biblica Aug 19 2021 Le 23 novembre 1964, jour de la promulgation de *Lumen Gentium*, la constitution dogmatique sur l'Eglise, marque un evenement: c'est la premiere fois dans l'histoire de l'Eglise qu'une assemblee de la Sainte Eglise s'exprime solennellement sur la vie consacree. Le sixieme chapitre de la constitution traite de la signification et de l'essence de la vie religieuse, la reliant au mystere de l'Eglise, peuple de Dieu. Ce texte conciliaire presente la vie religieuse comme un etat canonique, celui du chretien qui tend, dans un institut de perfection, a la charite parfaite et consacre sa vie a Dieu et aux hommes ppar la profession des conseils evangeliques de chastete, pauvrete et obeissance. De toute evidence, cette declaration doctrinale est importante pour l'Eglise et pour le developpement de la vie consacree dans l'Eglise. En lisant *Lumen Gentium*, on est assez vite frappe par le debut abrupt du sixieme chapitre sur les religieux; car tous les autres chapitres s'ouvrent par une breve introduction. Cepedant on ne peut deracher ce chapitre de ce que a ete dit precedemment sur la vocation universelle a la saintete. En fait, l'histoire du texte fait clairement ressortir le lien qui unit ces chapitres.

Dante's Plurilingualism Apr 26 2022 Dante's conception of language is encompassed in all his works and can be understood in terms of a strenuous defence of the volgare in tension with the prestige of Latin. By bringing together different approaches, from literary studies to philosophy and history, from aesthetics to queer studies, from psychoanalysis to linguistics, this volume offers new critical insights on the question of Dantes language, engaging with both the philosophical works characterized by an original project of vulgarization, and the poetic works, which perform a new language in an innovative and

self-reflexive way. In particular, Dantes Plurilingualism explores the rich and complex way in which Dantes linguistic theory and praxis both informs and reflects an original configuration of the relationship between authority, knowledge and identity that continues to be fascinated by an ideal of unity but is also imbued with a strong element of subjectivity and opens up towards multiplicity and modernity.

Islam and the Italian Renaissance Dec 11 2020 This volume considers aspects of the reciprocal influences between Italian Renaissance culture and that of the Islamic world. The papers on science and philosophy reflect Western scholars' interest in Arabic texts while those on the visual and decorative arts describe the impact of Islamic artefacts, techniques and models on Europe as much as the effects of European influences on Islam. The natural focus of the volume is on Venice and Turkey, but other Italian centres are brought into view and, on the Islamic side, the investigation also encompasses Egypt and Syria under the Mamluks, Persia under the Mongols, Timurids and Safavids, and Mughal India.

Recientemente se ha descubierto la gran riqueza de textos científicos y filosóficos escritos en las lenguas vernaculas europeas durante la Edad Media. La medicina, la filosofía, la teología, la alquimia, etc. dejaron de ser patrimonio exclusivo de la lengua culta, el latín,

para convertirse tambien en materia de tratados escritos en vulgar y traducidos al vulgar. Los Estudios ICREA sobre vernacularitzacio analizaron el caso del catalan en el contexto de movimientos paralelos en toda Europa, incluidas las traducciones del hebreo y al hebreo.

Averroes and the Aristotelian Heritage. Ediz. inglese, francese e italiana Dec 23 2021

The Economy of Salvation Sep 19 2021 This book provides a systematic commentary on the first two books of the Bible: Genesis and Exodus. Drawing on these two essential books, it subsequently offers new readings of several issues relevant for today's economic and social life. Western Humanism has its own founding cultural and symbolic codes. One of them is the Bible, which has for millennia provided a wealth of expressions on politics and love, death and economy, hope and doom. Biblical stories have been revived and reinterpreted by hundreds of generations, and have informed many of our most beautiful works of art, not to mention the dreams of children and adults alike. And they have given us hope during the many painful times of exile and oppression that we have gone through, and are going through still. Among the books of the Bible, in both the Jewish and Christian traditions, Genesis and Exodus represent the true foundation of biblical theology and anthropology, but in them we also find the roots of the culture of markets, money and commerce, which would go on to flourish during the Middle Ages and ultimately form the 'spirit of capitalism' (Max Weber) or the 'religion of capitalism' (Walter Benjamin) in the modern era. This book examines the Biblical foundations of our conception of social relations, and offers new insights on the present economic and social discourse.

Re-thinking the Day of YHWH and Restoration of Fortunes in the Prophet Zephaniah

Jul 18 2021 The prophecy of Zephaniah is a compendium of prophetic thoughts on the nature of YHWH's relationship with His people. This research critically builds on past scholarships and exegetically demonstrates the thematic, literary and theological relationships of Zeph 1:14-18 and 3:14-20 with the rest of the Twelve Minor Prophets, Deuteronomistic History and with Psalm 126 and insists on Zephaniah's creative and unique understanding of God, His judgment and saving roles. Taking the judgment and wrath narrative in Zeph 1:14-18 as its pericope of exegetical departure, the author diachronically

and synchronically studies in detail the contents, meaning, relevance and the theological values of Zephaniah's Day of YHWH to all cultures and religious communities. In particular, he emphasizes the fuller and salvific notion of a God who not only judges, intervenes in human history, punishes sinners, but loves, shows mercy, rewards, saves, inspires hope and restores the fortunes of the remnant who repents (Zeph 3:14-20).
