Sapiens A Graphic History, Volume 1 Dec 18 2021 The first volume of the graphic adaptation of Yuval Noah Harari's global phenomenon and smash SUNDAY TIMES #1 BESTSELLER. Featuring 256 pages of gorgeous full-colour illustrations and wrapped in a beautiful package - this is the perfect Christmas gift for the curious beings in your life. One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one-homo sapiens. What happened to the others? And what may happen to us? In this first volume of the adaptation of his ground-breaking book, renowned historian Yuval Harari tells the story of humankind's creation and evolution, exploring the ways in which biology and history have defined us and enhanced our understanding of what it means to be "human". From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, Sapiens challenges us to reconsider accepted beliefs, connect past developments with contemporary concerns, and view specific events within the context of larger ideas. Featuring easy-to-understand text covering the first part of the original edition, this adaptation of the mind-expanding book furthers the ongoing conversation as it introduces Harari's ideas to a wider new readership. '[A] wonderful graphic novel... Smart, funny and dipped deep in the reality of what we as a species are...' Big Issue *Books of the Year*

Law in American History Jun 24 2022 G. Edward White, a leading legal historian, presents Law in American History, a two-volume, comprehensive narrative history of American law from the colonial period to the present. In this first volume, White explores the key turning points in roughly the first half of the American legal system, from the development of order in the colonies, to the signing of the Constitution, to the dissolution of the Union just before the Civil War. Thought-provoking and artfully written, Law in American History, Vol. 1 is an essential text for both students of law and general readers alike.

The History of the Book in the West: 400AD-1455 Nov 17 2021 This selection of papers by major scholars introduces students to the history of the book in the West from late Antiquity to the publication of the Gutenberg Bible and the beginning of the print revolution. The collection opens with wide-ranging papers on handwriting and the physical make-up of the book. In the second group of papers the emphasis is on the 'look' of the book, complemented by a third group dealing with scribes, readers and the availability of books. The editors' introduction provides an overview of the medieval book.

A History of Britain Apr 29 2020 The first volume in this history of Britain tells the story of Britain from the time of the earliest settlements discovered in the Orkneys to the death of Queen Elizabeth the First.

Western Civilization: A Brief History, Volume I: To 1789 May 31 2020 Marvin Perry's WESTERN CIVILIZATION: A BRIEF HISTORY, Tenth Edition, maintains a firm grounding in political history, while covering intellectual history (particularly the significance of ideas and contributions) to a greater and deeper extent than any other text for the course. The accessible writing and flexible approach make this abridged version of WESTERN CIVILIZATION: IDEAS, POLITICS, AND SOCIETY an engaging text for instructors and students of the Western Civilization survey course. Updated with recent scholarship, the Tenth Edition retains many popular features, including comparative timelines, full-color art essays, and primary source excerpts in each chapter. New technology resources, including CourseMate with interactive eBook, make learning more engaging and instruction more efficient. Available in the following options: WESTERN CIVILIZATION: A BRIEF HISTORY, Tenth Edition (Chapters 1-22); Volume I: To 1789 (Chapters 1-10); Volume II: From the 1400s (Chapters 8-22). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Sapiens: A Graphic History, Volume 1 Oct 16 2021 Volume one of the epic, beautifully illustrated graphic history of humankind, based on Yuval Noah Harari's internationally bestselling phenomenon In a world deluged by irrelevant information, clarity is power. How can we see the big picture without getting caught up in an infinity of little details? One way is to step back, to look at the really big picture: the entire history of the human species. Sapiens: A Graphic History, The Birth of Humankind is the story of how an insignificant ape became the ruler of planet Earth, capable of splitting the atom, flying to the Moon, and manipulating the genetic code of life. With Yuval Noah Harari as your guide, and accompanied by characters like Prehistoric Bill, Dr. Fiction, and Detective Lopez, you are invited to take a ride on the wild side of history. The graphic format offers readers a new intellectual and artistic exploration of the past. Human evolution is reimagined as a tacky reality TV show. The first encounter between Sapiens and Neanderthals is explored through the masterpieces of modern art. The extinction of the mammoths and saber-toothed tigers is retold as a "whodunit" movie. Sapiens: A Graphic History is a radical, and radically fun, retelling of the story of humankind, bursting with wit, humor, and colorful characters. If you want to know why we are all trapped inside the dreams of dead people — read this book.

Essays in Population History Jul 13 2021

Animation: A World History Jul 01 2020 A continuation of 1994's groundbreaking Cartoons, Giannalberto Bendazzi's Animation: A World History is the largest, deepest, most comprehensive text of its kind, based on

the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often-neglected areas and introducing over fifty previously undiscovered artists. Full of first-hand, never before investigated, and elsewhere unavailable information, *Animation: A World History* encompasses the history of animation production on every continent over the span of three centuries. Volume II delves into the decades following the Golden Age, an uncertain time when television series were overshadowing feature films, art was heavily influenced by the Cold War, and new technologies began to emerge that threatened the traditional methods of animation. Take part in the turmoil of the 1950s through 90s as American animation began to lose its momentum and the advent of television created a global interest in the art form. With a wealth of new research, hundreds of photographs and film stills, and an easy-to-navigate organization, this book is essential reading for all serious students of animation history. Key Features Over 200 high quality head shots and film stills to add visual reference to your research Detailed information on hundreds of never-before researched animators and films Coverage of animation from more than 90 countries and every major region of the world Chronological and geographical organization for quick access to the information you're looking for

Hegel: Lectures on the Philosophy of World History, Volume I Mar 09 2021 This edition makes available an entirely new version of Hegel's lectures on the development and scope of world history. Volume I presents Hegel's surviving manuscripts of his introduction to the lectures and the full transcription of the first series of lectures (1822-23). These works treat the core of human history as the inexorable advance towards the establishment of a political state with just institutions—a state that consists of individuals with a free and fully-developed self-consciousness. Hegel interweaves major themes of spirit and culture—including social life, political systems, commerce, art and architecture, religion, and philosophy—with an historical account of peoples, dates, and events. Following spirit's quest for self-realization, the lectures presented here offer an imaginative voyage around the world, from the paternalistic, static realm of China to the cultural traditions of India; the vast but flawed political organization of the Persian Empire to Egypt and then the Orient; and the birth of freedom in the West to the Christian revelation of free political institutions emerging in the medieval and modern Germanic world. Brown and Hodgson's new translation is an essential resource for the English reader, and provides a fascinating account of the world as it was conceived by one of history's most influential philosophers. The Editorial Introduction surveys the history of the texts and provides an analytic summary of them, and editorial footnotes introduce readers to Hegel's many sources and allusions. For the first time an edition is made available that permits critical scholarly study, and translates to the needs of the general reader.

The Cambridge History of the Book in Britain Apr 10 2021 The history of the book from 1400 to 1557: the transition from manuscripts to printed books.

A History of England, Volume 1 Mar 29 2020 This two-volume narrative of English history draws on the most up-to-date primary and secondary research, encouraging students to interpret the full range of England's social, economic, cultural, and political past. *A History of England, Volume 1 (Prehistory to 1714)*, focuses on the most important developments in the history of England through the early 18th century. Topics include the Viking and Norman conquests of the 11th century, the creation of the monarchy, the Reformation, and the Glorious Revolution of 1688.

Please note: this version of MyHistoryLab does not include an eText. *The World: A History, Third Edition* is also available via REVEL(tm), an immersive learning experience designed for the way today's students read, think, and learn.

Canada Jan 07 2021 How can we know where we're going if we don't know where we are coming from? This question applies as much to nations as it does to travellers, and it rings especially loudly in the ears of Canadians. *Canada: A People's History* doesn't tell us where we are going, but it shows us where we have come from This richly illustrated book, the first of two volumes, tells the epic story of Canada from its earliest days to the arrival of the industrial age in the 1870s. Here is the story of the people who created this vast nation. The courageous explorers who tracked the vast wilderness; the adventurous settlers, many of them exiles from their homelands; the native peoples, crucial allies in the Europeans' wars for possession of this land; the visionary politicians, and the shortsighted ones; but most of all the ordinary people who rose to the extraordinary challenge of building Canada. These people are all given voice here, their stories blending with accounts of the major events of the day. This is the story of Canada for the new millennium, one that draws on solid scholarship and presents the human drama and excitement of days gone by, one that makes past times memorable. From the Hardcover edition.

Church History, Volume One: From Christ to the Pre-Reformation Mar 21 2022 *Church History, Volume One* offers a unique contextual view of how the Christian church spread and grew from its development in the days of Jesus to the years leading up to the Reformation. Looking closely at the integral link between the history of the world and that of the church, *Church History* paints a portrait of God's people within its setting of times, cultures, and events that both influenced and were influenced by the church. FEATURES: Maps, charts, and illustrations spanning the time from the first through the thirteenth centuries. Overviews of the Roman, Greek, and Jewish worlds and how they developed or declined. Insights into the church's relationship to the Roman Empire, with glimpses into pagan attitudes toward Christians. Explanations of the role of art, architecture, literature, and philosophy—both sacred and secular—in the Church. Details on the major theological controversies of the periods. Each chapter also contains callout passages from Scripture to assist in understanding the narrative of the Church, even to the present day, as part of the greater narrative of the Bible. AUTHOR'S PERSPECTIVE: Scholar and writer Everett Ferguson wrote this history of the church from the perspective that such a history is the story of the greatest movement and community the world has known. It's a human story of a divinely called people who wanted to live by a divine revelation. It's a story of how they

succeeded and how they failed or fell short of their calling. From the Apostle Paul to the apologists and martyrs of the second century to Martin Luther, the historical figures detailed are people who have struggled with the meaning of the greatest event in history—the coming of the Son of God—and with their role in that event and in the lives of God's people.

A History of the University in Europe: Volume 1, Universities in the Middle Ages Jul 21 2019 This, the first in the series, is also the first volume on the medieval University as a whole to be published in over a century. It provides a synthesis of the intellectual, social, political and religious life of the early University, and gives serious attention to the development of classroom studies and how they changed with the coming of the Renaissance and the Reformation. Following the first stirrings of the University in the thirteenth century, the evolution of the University is traced from the original Corporation of masters and Scholars through the early development of the colleges. The second half of the book focuses on the century from the 1440s to 1540s, which saw the flowering of the University under Tudor patronage. In the decades preceding the Reformation many colleges were founded, the teaching structures reorganised and the curriculum made more humanistic. The place of Cambridge at the forefront of northern European universities was eventually assured when Henry VIII founded Trinity College in 1546, in the face of changes and difficulties experienced during the course of the Reformation.

A History of India May 11 2021 A history of India upto 1300 AD introducing the beginnings of India's cultural dynamics

ReMaking History, Volume 1 Dec 06 2020 William Gurstelle begins his remarkable journey through history with this volume, Early Makers. Each chapter examines a remarkable individual or group of people from the past whose insights and inventions helped create the world we live in. What sets this series apart from other history books - including other histories of technology - is that each chapter also includes step-by-step instructions for making your own version of the historical invention. History comes to life in a way you have never experienced before when you follow the inventors' steps and recreate the groundbreaking devices of the past with your own hands. In this volume you will discover: The Cave Dwellers of Lascaux and the Oil Lamp Pythagoras and the Tantalus Cup Heron and the Gin Pole Egypt's Bag Press Otto von Guericke and the Magdeburg Hemispheres Levi ben Gershon and the Jacob's Staff Juliana Berners and the Fishing Lure Archimedes and the Water Screw China's Differential Windlass Be sure to also check out ReMaking History, Volume 2: Industrial Revolutionaries and ReMaking History Volume 3: Makers of the Modern World.

American Military History, Volume I Aug 02 2020 This latest edition of an official U.S. Government military history classic provides an authoritative historical survey of the organization and accomplishments of the United States Army. This scholarly yet readable book is designed to inculcate an awareness of our nation's military past and to demonstrate that the study of military history is an essential ingredient in leadership development. It is also an essential addition to any personal military history library. This text is used in military ROTC training courses as a basic military history textbook. Volume 1 of 2 volume set.

A History of Europe Nov 05 2020 This is a new release of the original 1955 edition.

US: A Narrative History, Volume 1: To 1877 Feb 26 2020 This two-volume illustrated history of the United States covers the first civilizations in North America to the twenty-first century and includes Backstory features on lesser known corners of history, Opinion debates on historical topics, Point of View historians' insights on key issues, and Then and Now comparisons of cultural artifacts from past and present.

The History of Alexander Jan 27 2020 Alexander the Great (356-323 BC), who led the Macedonian army to victory in Egypt, Syria, Persia and India, was perhaps the most successful conqueror the world has ever seen. Yet although no other individual has attracted so much speculation across the centuries, Alexander himself remains an enigma. Curtius' History offers a great deal of information unobtainable from other sources of the time. A compelling narrative of a turbulent era, the work recounts events on a heroic scale, detailing court intrigue, stirring speeches and brutal battles - among them, those of Macedonia's great war with Persia, which was to culminate in Alexander's final triumph over King Darius and the defeat of an ancient and mighty empire. It also provides by far the most plausible and haunting portrait of Alexander we possess: a brilliantly realized image of a man ruined by constant good fortune in his youth.

The World Aug 14 2021 This is the world history book that gives students the whole story. The World is the first world history textbook that shows, through a holistic, truly engaging narrative, the fundamental interrelationships between peoples and their environment. Felipe Fernandez-Armesto is a master historian and storyteller. His work and his writing have helped to shape and define the discipline. The World also features an innovative map program created exclusively for this text by Dorling Kindersley, unique images from around the world, a new document CDRom called Primary Source included in the text. For World History 1 (to 1500) (Chapters 1-15) and World History II (since 1500) (Chapters 13-30). For Introductory World History Courses.

A Companion to the History of the Book Oct 24 2019 A COMPANION TO THE HISTORY OF THE BOOK A COMPANION TO THE HISTORY OF THE BOOK Edited by Simon Eliot and Jonathan Rose "As a stimulating overview of the multidimensional present state of the field, the Companion has no peer." Choice "If you want to understand how cultures come into being, endure, and change, then you need to come to terms with the rich and often surprising history Of the book ... Eliot and Rose have done a fine job. Their volume can be heartily recommended. " Adrian Johns, Technology and Culture From the early Sumerian clay tablet through to the emergence of the electronic text, this Companion provides a continuous and coherent account of the history of the book. A team of expert contributors draws on the latest research in order to offer a cogent, transcontinental narrative. Many of them use illustrative examples and case studies of well-known texts, conveying the excitement surrounding this rapidly developing field. The Companion is organized around four distinct approaches to the history of the book. First, it introduces the variety of methods used by book historians and allied specialists, from the long-established discipline of bibliography to newer IT-based approaches. Next, it provides a broad chronological survey of the forms and content of texts. The third section situates the book in the context of text culture as a whole, while the final section addresses broader issues, such as literacy, copyright, and the future of the book. Contributors to this volume: Michael Albin, Martin Andrews, Rob Banham, Megan L Benton, Michelle P. Brown, Marie-Francoise Cachin, Hortensia Calvo, Charles Chadwyck-Healey, M. T. Clanchy, Stephen Colclough, Patricia Crain, J. S. Edgren, Simon Eliot, John Feather, David Finkelstein, David Greetham, Robert A. Gross, Deana Heath, Lotte Hellinga, T. H. Shaw, Graham Shaw, Claire Squires, Rietje van Vliet, James Wald, Rowan Watson, Alexis Weedon, Adriaan van der Weel, Wayne A. Wiegand, Eva Hemmungs Wirtén.

The War in the West - A New History Sep 15 2021 From the top ten bestselling author of Normandy 44 and Sicily 43 The Second World War is the most cataclysmic and violent sequence of events in recent times. But for the past seven decades, our understanding of it has relied upon conventional wisdom, propaganda and an interpretation skewed by the information available. James Holland has spent over twelve years conducting new research, interviewing survivors, visiting battlefields and archives that have never before been so accessible and challenging too-long-held assumptions about the war that shaped our world. In Germany Ascendant, the first part of this ground-breaking new history, James Holland introduces the war, beginning with the lead-up to its outbreak in 1939 and taking us up to mid-1941 as the Nazis prepared to unleash Operation Barbarossa, the invasion of Russia. To tell the real story, he weaves together the experiences of dozens of individuals, from civilians and soldiers, to sailors, pilots, leading military strategists, industrialists and heads of state, and uncovers the strategy, tactics and events that informed not only the military aspects of the war but also the economic, political, and social aspects too. The War in the West is a truly monumental history of the war on land, in the air, and at sea. In it, James Holland has created a captivating and epic narrative which redefines and enhances our understanding of one of the most significant conflicts in history.

The Cambridge World History Oct 28 2022 The era from 1400 to 1800 saw intense biological, commercial, and cultural exchanges, and the creation of global connections on an unprecedented scale. Divided into two

books, Volume 6 of the Cambridge World History series considers these critical transformations. The first book examines the material and political foundations of the era, including global considerations of the environment, disease, technology, and cities, along with regional studies of empires in the eastern and western hemispheres, crossroads areas such as the Indian Ocean, Central Asia, and the Caribbean, and sites of competition and conflict, including Southeast Asia, Africa, and the Mediterranean. The second book focuses on patterns of change, examining the expansion of Christianity and Islam, migrations, warfare, and other topics on a global scale, and offering insightful detailed analyses of the Columbian exchange, slavery, silver, trade, entrepreneurs, Asian religions, legal encounters, plantation economies, early industrialism, and the writing of history.

Sapiens A Graphic History, Volume 2 Aug 26 2022 Discover the second volume of an epic, beautifully illustrated graphic history of humankind, based on Yuval Noah Harari's multi-million copy bestselling phenomenon. The perfect gift this Christmas. When nomadic Homo sapiens settled to live in one place, they started working harder and harder. But why didn't they get a better life in return? In *The Pillars of Civilization*, Yuval Noah Harari and his companions including Prof. Saraswati and Dr. Fiction travel the length and breadth of human history to investigate how the Agricultural Revolution changed society forever. Discover how wheat took over the world, how war, famine, disease and inequality became a part of the human condition, and why we might only have ourselves to blame. The origins of modern farming are told through Elizabethan tragedy, the changing fortunes of domesticated plants and animals are tracked in the columns of the Daily Business News, and the history of inequality is revealed in a superhero detective story. A radical, witty and colourful retelling of the story of humankind, adapted from Yuval Noah Harari's *Sapiens: A Brief History of Humankind, Volume 2* can be read as a standalone or as a follow-up to Volume 1, *The Birth of Humankind*. Praise for Yuval Noah Harari's *Sapiens*: 'I would recommend *Sapiens* to anyone who's interested in the history and future of our species.' Bill Gates 'Interesting and provocative... It gives you a sense of how briefly we've been on this Earth' Barack Obama 'Jaw-dropping from the first word to the last... It may be the best book I've ever read' Chris Evans 'Contains a remarkable piece of information on almost every page and reminds us that we should be grateful to be human.' Matt Haig 'Sweeps the cobwebs out of your brain... Radiates power and clarity, making the world strange and new' Sunday Times 'Provocative and fascinating and opinionated...it makes the familiar seem unfamiliar. It altered how I view our species and our world.' Guardian

The American South Feb 20 2022 In *The American South*, William J. Cooper, Jr. and Thomas E. Terrill demonstrate their belief that it is impossible to divorce the history of the south from the history of the United States. Each volume includes a substantial biographical essay—completely updated for this edition—which provides the reader with a guide to literature on the history of the South. Coverage now includes the devastation of Hurricane Katrina in 2005, up-to-date analysis of the persistent racial divisions in the region, and the South's unanticipated role in the 2008 presidential primaries.

The Historian Feb 08 2021 The record-breaking phenomenon from Elizabeth Kostova is a celebrated masterpiece that "refashioned the vampire myth into a compelling contemporary novel, a late-night page-turner" (San Francisco Chronicle). Breathtakingly suspenseful and beautifully written, *The Historian* is the story of a young woman plunged into a labyrinth where the secrets of her family's past connect to an inconceivable evil: the dark fifteenth-century reign of Vlad the Impaler and a time-defying pact that may have kept his awful work alive through the ages. The search for the truth becomes an adventure of monumental proportions, taking us from monasteries and dusty libraries to the capitals of Eastern Europe—in a feat of storytelling so rich, so hypnotic, so exciting that it has enthralled readers around the world. "Part thriller, part history, part romance...Kostova has a keen sense of storytelling and she has a marvelous tale to tell." —Baltimore Sun
