*Watergate Sep 19 2021* This intriguing volume explores the historical and cultural events leading up to and following the Watergate scandal, from the 1972 break-in through Nixon's resignation. The text addresses several issues surrounding Watergate, such as controversies related to the presidential impeachment, the media's role in both exposing the scandal and impacting the aftermath, and problems with the idea of presidential privilege. Personal narratives from people impacted by Watergate, including remembrances by Julie Nixon Eisenhower and John Dean, are also featured.

*Genghis Khan and the Making of the Modern World Oct 09 2020* New York Times Bestseller • The startling true history of how one extraordinary man from a remote corner of the world created an empire that led the world into the modern age. The Mongol army led by Genghis Khan subjugated more lands and people in twenty-five years than the Romans did in four hundred. In nearly every country the Mongols conquered, they brought an unprecedented rise in cultural communication, expanded trade, and a blossoming of civilization. Vastly more progressive than his European or Asian counterparts, Genghis Khan abolished torture, granted universal religious freedom, and smashed feudal systems of aristocratic privilege. From the story of his rise through the tribal culture to the explosion of civilization that the Mongol Empire unleashed, this brilliant work of revisionist history is nothing less than the epic story of how the modern world was made.

*Modern World History to GCSE* May 16 2021 A new edition of this comprehensive summary and revision text for the revised Modern World History specifications at GCSE. The book covers the core content of all the major boards and also includes four depth studies: Germany, the USSR, the USA and a new depth study on Britain 1905-51, focussing on Britain in the First and Second World Wars. There is also additional material on women and Ireland. A new exam preparation section is provided at the back of the book, to help students understand how to improve their exam grades, as well as a glossary of key historical terms. An indispensable text for presenting topics in class and an ideal revision aid for students working on their own.

*Imperialism in the Modern World* Jan 12 2021 Imperialism in the Modern World combines narrative, primary and secondary sources, and visual documents to examine global relations in the nineteenth and twentieth centuries. The three co-editors, Professors Bowman, Chiteji, and Greene, have taught for many years global history classes in a variety of institutions. They wrote Imperialism in the Modern World to solve the problem of allowing teachers to combine primary and secondary texts easily and systematically to follow major themes in global history (some readers use primary materials exclusively. Some focus on secondary arguments). This book is more focused than other readers on the markets for those teachers who are offering more specialized world history courses - one important trend in global history is away from simply trying to cover everything to teaching real connections in more chronologically and thematically focused courses. The reader also provides a genuine diversity of global perspectives and invites students to study seriously world history from a critical framework. Too many readers offer a smorgasbord approach to world history that leaves students dazed and confused. This reader avoids that approach and will therefore solve many problems that teachers have in constructing and teaching world history courses at the introductory or upper-division levels. The reader will allow show students how to read historical documents through a hands-on demonstration in the introduction. The book also incorporates images as visual documents. Finally, the book conceives of global history in the widest possible terms; it contains pieces on political, diplomatic, economic, and military history, to be sure, but it also has selections on technology, medicine, women, the environment, social changes, and cultural patterns. Other readers can not match this text's breadth because they are chronologically and thematically so extended.

*Remaking the Modern World 1900 - 2015* Nov 29 2019 The sequel and companion volume to C.A. Bayly's ground-breaking *The Birth of the Modern World, 1780-1914*, this wide-ranging and sophisticated study explores global history since the First World War, offering a coherent, comparative overview of developments in politics, economics, and society at large. Written by one of the leading historians of his generation, an early intellectual leader in the study of World History Weaves a clear narrative history that explores the themes of politics, economics, social, cultural, and intellectual life throughout the long twentieth century Identifies the themes of state, capital, and communication as key drivers of change on a global scale in the last century, and explores the impact of those ideas Interrogates whether warfare was really the pre-eminent driving force of twentieth-century history, and what other ideas shaped the course of history in this period Explores the causes behind the resurgence of local conflict, rather than global-scale conflict, in the years since the turn of the millennium Delves into the narrative of inequality, a story that has shaped and been shaped by the events of the last hundred years

*Happy Times* Sep 07 2020 This book is a complete, readable, condensed course for individual study or classroom use.

*A Concise History of the Modern World* Mar 26 2022 In an ever-shrinking world, the need for a global perspective in dealing with the modern world has become acute. This book attempts to provide such a perspective by investigating the major changes in geopolitics and world economy during the past 500 years. However compact, it enables us to understand the present unravelling of Communism and the growing challenge from Asia to Western Superiority. It is shown that in so many ways the problems of the contemporary world spring from the unprecedented era of western domination, which the non-western world is now trying to unlive.

*Climate, History and the Modern World* Apr 14 2021 We live in a world that is increasingly vulnerable to climatic shocks - affecting agriculture and industry, government and international trade, not to mention human health and happiness. Serious anxieties have been aroused by respected scientists warning of dire perils that could result from upsets of the climatic regime. In this internationally acclaimed book, Emeritus Professor Hubert Lamb examines what we know about climate, how the past record of climate can be reconstructed, the causes of climatic variation, and its impact on human affairs now and in the historical and prehistoric past. This 2nd Edition includes a new preface and postscript reviewing the wealth of literature to emerge in recent years, and discusses implications for a deeper understanding of the problems of future climatic fluctuations and forecasting.

*Conversations of Modern World History: 50 Voices from 1400 to the Present* Jun 04 2020 Featuring fifty primary source documents introduced within an historical narrative, *Conversations of Modern World History: 50 Voices from 1400 to the Present* offers readers an overview of the last six hundred years of the human experience. From the Chinese Ming dynasty to the emerging Russian Federation, students learn stories and perspectives of the past as told by those who lived them. Both a textbook and a source reader, *Conversations of Modern World History* provides the historical and biographical contexts needed to understand and thoughtfully react to the conversation of history. A diverse group of men and women offer their perspective of various moments in history through their speeches, political statements, books, and journals. Each annotated document naturally leads to the next, helping readers understand that historical events were interconnected and that current discussions have roots going back hundreds of years. *Conversations of Modern World History* combines the best of general narrative textbooks, short biographies, and primary source readers to help students see the interconnectedness of humanity past and present. It is an ideal text for world history survey courses from the 1400s onward. Zachary Wingerd earned his Ph.D. in transatlantic history from the University of Texas, Arlington. He taught at Lon Morris College and the University of Texas, Tyler before joining the faculty at Baylor University. Dr. Wingerd has taught courses in world, American, Atlantic, Texas, and Latin American history, as well as historiography.

*A Concise History of the Modern World* Nov 21 2021 This book investigates the major changes in world history and world economy during the past five hundred years and explains to what extent world forces have been responsible for shaping both past

and present. Its underlying theme is the struggle for power in which, since the sixteenth century, the West has prevailed. Many of the problems of the contemporary world - including terrorism - are the legacy of the period of Western domination. Until the rise of the West, and its incomparable impact on every branch of human activity, the centre of the world has been in Asia. By the nineteenth century world power was firmly in the hands of the West. America's later rise to world status was prompted by the two world wars. The most prominent of the Western nations, the US is now blamed for all the excesses of an earlier colonial age.

*A History of the Modern World Oct 21 2021* A History of the Modern World: An Outline is an introductory text that provides a well-rounded historical account of the processes of the modern world, ranging from the French Revolution and Napoleon to the Cold War. The work assesses major moments and transitions in European and world history such as the Enlightenment, the Industrial Revolution, the American Civil War, and the World Wars of the twentieth century. One of the primary objectives of this book is to understand how revolutions, wars, dictatorships and empires have led to long-term experiments with nationalism, democracy, liberalism, human rights, socialism, sustainable development, and global peace. This book will be of use to school and university students, competitive examinees, and general readers who require a clear and concise delineation of modern world history.

*Cross-Cultural Encounters in Modern World History Jan 24 2022* Cross-Cultural Encounters in Modern World History explores cultural contact as an agent of change. It takes an encounters approach to world history since 1500, rather than a political one, to reveal different perspectives and experiences as well as key patterns and transformations. It studies the spaces between cultures historically to help us transcend human differences today in a rapidly globalizing world. The text focuses on first encounters that suggest long-term developments and particularly significant encounters that have changed the direction of world history. Because of the complexities of these encounters, the author takes a user-friendly approach to keep the text accessible to students with varying backgrounds in history.
