Nicholas Hagger tells the story of his search for meaning, purpose and truth that took him to Iraq and Japan, and encounters with Zen and China's Cultural Revolution, which he was the first to discover. In Libya, then a Cold-War battleground, he began four years' service and a double life as an undercover British intelligence agent (here revealed for the first time). He witnessed Gaddafi's Egyptian/Soviet-backed coup, and its terrifying aftermath tore into his personal life, plunged him into a Dark Night of the Soul and faced him with execution. He went on to serve in London as Prime Minister Edward Heath's "unofficial Ambassador" to the African liberation movements at the height of Soviet and Chinese expansion in Africa during the Cold War. Despite being routinely followed by surveillance squads he found Reality on a 'Mystic Way' of loss, purgation and illumination. He now perceived the universe as a unity, and had 16 experiences of the metaphysical Light.

CIMA E3 Apr 02 2020 Candidates often find business strategy questions particularly difficult, since there is rarely a single correct solution, nor any standard template that can be learned to shape an answer. The Practice and Revision Kit provides a number of exam-style questions to provide valuable practice in tackling the scenario-based questions you should expect to find in the E3 exam. The answer guidance in the Kit highlights the models and ideas you should use to help answer questions, but also reminds you that it is applying knowledge to the specific context of the question scenario that earns marks, rather than simply reciting theories. The Practice and Revision Kit also includes a selection of questions which combine pre-seen and unseen material to reflect the style of questions you will face in Section A of your E3 exam.
