stressful and more rewarding.

Simple Way to Talk to Your Child Dec 11 2020 A must-have resource for everyone who lives or works with young kid, with an introduction by Tony pettersson writer of SIMPLE WAY TO TALK TO YOUR CHILD and subtitleA survival guide to make your life better with your child What do you do with a tiny kid who...won't clean her teeth... screams in his car seat... pinches the baby...refuses to eat vegetables... tosses books in the library...runs wild at the supermarket? Organized by typical obstacles and disputes, this book is a vital handbook of communication skills, including a chapter that addresses the particular requirements of children with sensory processing and autism spectrum disorders. This user-friendly guide will empower parents and caregivers of young children to forge rewarding, joyful relationships with terrible two-year-olds, truculent three-year-olds, ferocious four-year-olds, foolhardy five-year-olds, self-

centered six-year-olds, and the occasional semi-civilized seven-year-old. And, it will assist tiny kids develop into self-reliant large child who are cooperative and attached to their parents, teachers, siblings, and friends.

The Asshole Survival Guide Jan 12 2021 From the international bestselling expert on dealing with assholes 'With cutting-edge research and real-life examples that are thought-provoking and often hilarious, this is an indispensable resource' Gretchen Rubin, author of The Happiness Project 'At last someone has provided clear steps for rejecting, deflecting, and deflating the jerks who blight our lives. Better still, that someone is the great Bob Sutton, which ensures that the information is useful, evidence-based, and fun to read' Robert Cialdini, author of Influence and Pre-Suasion 'If only Bob Sutton's book had been available to help me deal with the full complement of 1st-class assholes I've encountered in my 50-year professional life. No names shall be mentioned'

Tom Peters, co-author of *In Search of Excellence* Being around assholes, whether at work or elsewhere, can damage performance and affect wellbeing: having one asshole in a team has been shown to reduce performance by 30 to 40%. And social media has only given rise to further incivility -- 40% of people have experienced harassment online. In *The Asshole Survival Guide*, Stanford professor Robert Sutton offers practical advice on identifying and tackling any kind of asshole -- based on research into groups from uncivil civil servants to French bus drivers, and 8,000 emails that he has received on asshole behaviour. With expertise and humour, he provides a cogent and methodical game-plan. First, he sets out the asshole audit, to find out what kind of asshole needs dealing with, and asshole detection strategies. Then he reveals field-tested, sometimes surprising techniques, from asshole avoidance and asshole taxes to mind-tricks and the art of love

bombing. Finally, he explains the dangers of asshole blindness -- when the problem might be yours truly. Readers will learn how to handle assholes - in the workplace and beyond - once and for all!

Camping & Survival Jan 30

2020 This book helps you acquire and sharpen skills required to safely enjoy the outdoors. You will find details on how to hike/travel, in the summer and winter, "make a camp", choose suitable equipment, and understand your environment. You will learn how to search for food and water, find shelter, "read" the weather, and how to take care of yourself if you are injured (First Aid). Interesting topics as PANNING FOR GOLD, tracking, camouflage, dangerous wild animals, birds, fish, edible plants, poisonous mushrooms, and basic survival techniques are also covered.

Sinews of Survival Oct 28

2019 Betty Issenman examines all aspects of winter and summer Inuit clothing, going back 4000 years, with particular emphasis on

northern Canadian Inuit. She also describes the kinds of material and tools used to make the clothing. The focus is on Inuit clothing as protection, identity, and culture bearer, roles it has played for thousands of years. No other book brings together contemporary and historical material from the circumpolar worlds with original research. *Sinews of Survival* is a fascinating study of Inuit clothing, past and present. It includes over 200 illustrations of various kinds of clothing. The voices of the Inuit are heard throughout the text in quotations from consultations and the literature. By describing one component of Inuit society, the author opens a pathway to understanding the culture as a whole.

[The Actor's Life](#) Oct 09 2020
Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard.

So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she'd imagined. It would be eight long years before she landed her iconic role on *The Office*, nearly a decade of frustration, struggle, rejection and doubt. If only she'd had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business, manage her expectations, and reassure her in those moments of despair. Jenna wants to be that person for you. With amusing candor and wit, Fischer spells out the nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own work—invaluable advice personally acquired from her many years of struggle. She

Surviving Survival: The Art and Science of Resilience

Sep 07 2020 You have survived the crisis—trauma, disease, accident, or war—now how do you get your life back? The shark attacked while she was snorkeling, tearing through Micki Glenn's breast and shredding her right arm. Her husband, a surgeon, saved her life on the spot, but when she was safely home she couldn't just go on with her life. She had entered an even more profound survival journey: the aftermath. The survival experience changes everything because it invalidates all your previous adaptations, and the old rules don't apply. In some cases survivors suffer more in the aftermath than they did during the actual crisis. In all cases, they have to work hard

to reinvent themselves. Drawing on gripping cases across a wide range of life-threatening experiences, Laurence Gonzales fashions a compelling argument about fear, courage, and the adaptability of the human spirit. Micki Glenn was later moved to say: "I don't regret that this happened to me. [It] has been . . . probably the single most positive experience I've ever had."

We Dont Talk About That

Apr 26 2022 Millions of women were abused and raped during the final stages of WW II, and while the attitude among many survivors is "We don't talk about that," this woman has found the courage to place her memories on record. Growing up in a rural village in Pomerania, Gila's tranquil life turned tragic when the fighting approached her neighborhood. Her father was captured and taken to Siberia while she and her family became displaced persons and joined the trek of thousands "on the road to nowhere." She was witness to gruesome acts of violence that

quickly aged her before her years. She barely survived diphtheria and later, recovering from typhoid fever, she took responsibility for her three siblings while her mother worked. Despite her interrupted schooling through circumstances beyond her control, Gila's determination empowered her to become a Physical Education teacher and successful competitive kayaker. The division of Germany into East and West with its political ramifications caused her to escape to West Germany. Here she was able to fulfill an old dream despite having to face new challenges, including an unwanted affair. Gila's story is one of heartache, courage, pain, love, liberation and reclaiming life....

Girl Talk Jul 30 2022 Full of fun artwork and enlivened with a modern, quirky design, these books offer essential information on the ups and downs of growing up. Written in a direct, yet informal way, these handy guides will be a useful aid for pre-teen readers. Sensitive treatment of

difficult but familiar issues. Fun graphic-style artwork. Down-to-earth text with clear, practical advice.

Talking with Angel Mar 02 2020 This is the moving story of a young girl battling leukemia who realizes she is going to die. She receives hope and comfort through nightly conversations with her favourite doll, Angel, who helps her to embrace a new perspective on dying, and the possibility that consciousness could survive after death. Her fear of death is ultimately lifted by her new-found spiritual wisdom and by the account of a near-death experience told to her by a young companion. Evelyn Elsaesser-Valarino's extensive knowledge of near-death experiences informs this astonishing book. It will be of great benefit and comfort to those facing their own death, or for parents and carers of those with serious illnesses. It will also enrich anyone who is reflecting on this essential aspect of life.

comedian, actress, and host beloved for her cheeky swagger, unique voice, and unapologetic frankness comes a book of “zesty and hilarious” (Publishers Weekly) essays for fans of *Is Everyone Hanging Out Without Me* by Mindy Kaling and *We’re Going to Need More Wine* by Gabrielle Union. If you’ve watched television or movies in the past couple of years, you’ve seen Michelle Buteau. With scene-stealing roles in *Always Be My Maybe*, *First Wives Club*, *Someone Great*, *Russian Doll*, and *Tales of the City*; a reality TV show and breakthrough stand-up specials, including her headlining show *Welcome to Buteaupia* on Netflix; and two podcasts (*Late Night Whenever* and *Adulthood*), Michelle’s star is on the rise. You’d be forgiven for thinking the road to success—or adulthood or financial stability or self-acceptance or marriage or motherhood—has been easy, but you’d be wrong. Now, in *Survival of the Thickest*, Michelle reflects on growing up Caribbean, Catholic, and thick

in New Jersey, going to college in Miami (where everyone smells like pineapple), her many friendship and dating disasters, working as a newsroom editor during 9/11, getting started in stand-up opening for male strippers, marrying into her husband’s Dutch family, IVF and surrogacy, motherhood, chosen family, and what it feels like to have a full heart, tight jeans, and stardom finally in her grasp.

We Don't Talk About That

Aug 26 2019 This story is more like a history rather than a memoir. It starts after WWI and outlines the changes in many European countries' social makeup, particularly in post-war Germany.

Unemployment and staggering inflation where half a loaf of bread cost billions and two beers a mere one-hundred billion led to the rise of Adolf Hitler, an Austrian man. He promised work and bread and kept his promises. The following years brought a tremendous upswing in life but also carried Germany into

WWII. Six years of war devastated great cities, and millions of people lost their lives. The invasion of eastern Germany by the Russian army brought horror through unspeakable atrocities to the ordinary people. While most survivors' attitude is "we don't talk about that," the author has found the courage to place her memories on record. Growing up in a rural village in Pomerania, which became part of Poland after the war, the authors' (Gila) tranquil life turned tragic when the fighting approached her neighbourhood. The Russians took her father and all 16 to 60-year-old healthy people, men and women, to Siberia while her mother and siblings were evicted and became displaced persons. They joined the trek of thousands 'on the road to nowhere.' Gila was witness to gruesome acts of violence quickly ageing her beyond her years. She barely survived diphtheria, and later, recovering from typhoid fever, she took responsibility for her three younger siblings while

her mother worked. Despite her interrupted schooling through circumstances beyond her control, Gila's determination empowered her to become a Physical Education teacher and successful competitive kayaker. Gila lived the first ten years of her life under the Nazis and her teenage years under communist rule. Germany's final division into East and West with its political ramifications caused her to escape to West Germany. Here she was able to fulfill an old dream despite facing new challenges, including an unwanted affair. Gila's story is one of heartache, courage, pain, love, liberation and reclaiming life.

Deep Survival: Who Lives, Who Dies, and Why Feb 10 2021

Permissions, A Survival Guide

Jun 28 2022 If a picture is worth a thousand words, then it's a good bet that at least half of those words relate to the picture's copyright status. Art historians, artists, and anyone who wants to use the images of others will find themselves awash in byzantine legal terms, constantly evolving copyright law, varying interpretations by museums and estates, and despair over the complexity of the whole situation. Here, on a white—not a high—horse, Susan Bielstein offers her decades of experience as an editor working with illustrated books. In doing so, she unsnarls the threads of permissions that have ensnared scholars, critics, and artists for years. Organized as a series of “takes” that range from short sidebars to extended discussions, *Permissions, A Survival Guide* explores intellectual property law as it pertains to visual imagery. How can you determine whether an artwork is copyrighted? How do you procure a high-quality

reproduction of an image? What does “fair use” really mean? Is it ever legitimate to use the work of an artist without permission? Bielstein discusses the many uncertainties that plague writers who work with images in this highly visual age, and she does so based on her years navigating precisely these issues. As an editor who has hired a photographer to shoot an incredibly obscure work in the Italian mountains (a plan that backfired hilariously), who has tried to reason with artists' estates in languages she doesn't speak, and who has spent her time in the archival trenches, she offers a snappy and humane guide to this difficult terrain. Filled with anecdotes, asides, and real courage, *Permissions, A Survival Guide* is a unique handbook that anyone working in the visual arts will find invaluable, if not indispensable.

Parenting Teens Jan 24 2022

The teenage years will bring problems that will make any parent long for the days of their childhood. However, you're not alone! This invaluable resource tackles all of the issues that you can possibly encounter with your teen. Oh to be able to return to the days of messy bedrooms and preteen attitudes! Now as parents of teenagers, the days have the potential of bringing us not-so-fun issues like sexting, cyber-bullying, and eating disorders. Let's not forget the old standbys of drugs, alcohol, and depression. As much as you pray that your child will be the shining exception, as their parent you must still be prepared! Will you know what to do when a naked picture of your daughter gets forwarded by her "boyfriend" to the entire school? How will you respond when your child is bullied online--or is the bully himself? A Survival Guide to Parenting Teens has thought through all the issues you haven't, covering a broad range of issues including: sex,

drinking, drugs, depression, defiance, laziness, conformity, entitlement, and more Parenting expert Joani Geltman approaches 80 uncomfortable topics with honesty and a dash of humor. She reveals what your teens are thinking and feeling--and what developmental factors are involved. A Survival Guide to Parenting Teens explains how to approach each problem in a way that lets your kid know you "get it" and leads to truly productive conversations.

The Survival Guide for Making and Being Friends

May 04 2020 Whether kids find socializing as natural as smiling or as hard as learning a foreign language, this book can help them improve their social skills so they can better enjoy the benefits of friendship. Practical advice covers everything from breaking the ice to developing friendships to overcoming problems. True-to-life vignettes, "what would you do?" scenarios, voluminous examples, quizzes to test learning, "Try This" assignments for practicing

techniques, and advice from real kids make this an accessible life-skills handbook. Systems of Survival Nov 29 2019 With intelligence and clarity of observation, the author of *The Death and Life of Great American Cities* addresses the moral values that underpin working life. In *Systems of Survival*, Jane Jacobs identifies two distinct moral syndromes—one governing commerce, the other, politics—and explores what happens when these two syndromes collide. She looks at business fraud and criminal enterprise, government's overextended subsidies to agriculture, and transit police who abuse the system they are supposed to enforce, and asks us to consider instances in which snobbery is a virtue and industry a vice. In this work of profound insight and elegance, Jacobs gives us a new way of seeing all our public transactions and encourages us towards the best use of our natural inclinations.

Survival of the Friendliest

Aug 07 2020 A powerful new

theory of human nature suggests that our secret to success as a species is our unique friendliness "Brilliant, eye-opening, and absolutely inspiring—and a riveting read. Hare and Woods have written the perfect book for our time."—Cass R. Sunstein, author of *How Change Happens* and co-author of *Nudge* For most of the approximately 300,000 years that *Homo sapiens* have existed, we have shared the planet with at least four other types of humans. All of these were smart, strong, and inventive. But around 50,000 years ago, *Homo sapiens* made a cognitive leap that gave us an edge over other species. What happened? Since Charles Darwin wrote about "evolutionary fitness," the idea of fitness has been confused with physical strength, tactical brilliance, and aggression. In fact, what made us evolutionarily fit was a remarkable kind of friendliness, a virtuosic ability to coordinate and communicate with others that allowed us to

Downloaded from
ghatsecurenet.com on

guest

achieve all the cultural and technical marvels in human history. Advancing what they call the “self-domestication theory,” Brian Hare, professor in the department of evolutionary anthropology and the Center for Cognitive Neuroscience at Duke University and his wife, Vanessa Woods, a research scientist and award-winning journalist, shed light on the mysterious leap in human cognition that allowed Homo sapiens to thrive. But this gift for friendliness came at a cost. Just as a mother bear is most dangerous around her cubs, we are at our most dangerous when someone we love is threatened by an “outsider.” The threatening outsider is demoted to sub-human, fair game for our worst instincts. Hare’s groundbreaking research, developed in close coordination with Richard Wrangham and Michael Tomasello, giants in the field of cognitive evolution, reveals that the same traits that make us the most tolerant species on the planet also make us the

cruellest. Survival of the Friendliest offers us a new way to look at our cultural as well as cognitive evolution and sends a clear message: In order to survive and even to flourish, we need to expand our definition of who belongs.

The Cat I Never Named Sep 19 2021 The stunning memoir of a Muslim teen struggling to survive in the midst of the Bosnian genocide--and the stray cat who protected her family through it all. *Six Starred Reviews* A YALSA Excellence in Nonfiction Finalist A Capitol Choices Remarkable Book A Mighty Girl Best Book A Malala Fund Favorite Book Selection In 1992, Amra was a teen in Bihac, Bosnia, when her best friend said they couldn't speak anymore. Her friend didn't say why, but Amra knew the reason: Amra was Muslim. It was the first sign her world was changing. Then Muslim refugees from other Bosnian cities started arriving, fleeing Serbian persecution. When the tanks rolled into Bihac, bringing her own city under

seige, Amra's happy life in her peaceful city vanished. But there is light even in the darkest of times, and she discovered that light in the warm, bonfire eyes of a stray cat. The little calico had followed the refugees into the city and lost her own family. At first, Amra doesn't want to bother with a stray; her family doesn't have the money to keep a pet. But with gentle charm this kitty finds her way into everyone's heart, and after a few near miracles when she seems to save the family, how could they turn her away? Here is the stunning true story of a teen who, even in the brutality of war, never wavered in her determination to obtain an education, maintain friendships, and even find a first love-and the cat who gave comfort, hope, and maybe even served as the family's guardian spirit.

Girl Talk May 28 2022 Full of fun artwork and enlivened with a modern, quirky design, these books offer essential information on the ups and downs of growing up. Written

in a direct, yet informal way, these handy guides will be a useful aid for pre-teen readers.

The Tiger Jul 26 2019 It's December 1997, and a man-eating tiger is on the prowl outside a remote Russian village. The tiger isn't just killing people, it's annihilating them, and a team of men and their dogs must hunt it on foot through the forest in the brutal cold. As the trackers sift through the gruesome remains of the victims, they discover that these attacks aren't random: the tiger is apparently engaged in a vendetta. Injured, starving, and extremely dangerous, the tiger must be found before it strikes again. As he re-creates these extraordinary events, John Vaillant gives us an unforgettable portrait of this spectacularly beautiful and mysterious region. We meet the native tribes who for centuries have worshipped and lived alongside tigers, even sharing their kills with them. We witness the arrival of Russian settlers in the nineteenth and early twentieth

Downloaded from
ghatsecurenet.com on

centuries, soldiers and hunters who greatly diminished the tiger populations. And we come to know their descendants, who, crushed by poverty, have turned to poaching and further upset the natural balance of the region. Beautifully written and deeply informative, *The Tiger* circles around three main characters: Vladimir Markov, a poacher killed by the tiger; Yuri Trush, the lead tracker; and the tiger himself. It is an absolutely gripping tale of man and nature that leads inexorably to a final showdown in a clearing deep in the taiga. *Embracing Survival* Jul 18 2021 *Embracing Survival*, a memoir by Dydine Umunyana, tells the story of the Rwandan Genocide against the Tutsis at the hands of the Hutu perpetrators in Rwanda (1994) through the eyes of the four-year-old-child that she was when the horrific massacre occurred. Separated from her family, she barely survived the conflict. While the physical killing finally stopped, the mental and emotional 'killing' continued, affecting her and her family. She writes

that "I have learned that we cannot do for others what we cannot do for ourselves. By nourishing the light within ourselves, we find strength we never knew was there....I came to realize that one's own life experiences are not theirs to keep but ours to teach." [How to Talk When Kids Won't Listen](#) Mar 26 2022 An all-new guide from the mega-bestselling *How To Talk* series applies trusted and effective communication strategies to the toughest challenges of raising children. For forty years, readers have turned to Adele Faber and Elaine Mazlish's *How To Talk So Kids Will Listen & Listen So Kids Will Talk*, the book *The Boston Globe* called, "the parenting Bible," for a respectful and practical approach to communication with children. Expanding upon this work, Adele's daughter, Joanna Faber, along with Julie King, coauthored the bestselling book, *How To Talk So Little Kids Will Listen*. Now, Faber and King have tailored *How To Talk's* tried and trusted

Real Talk for Boys a Survival Guide Mar 14 2021 "Real Talk" is the real deal. Find out what's really going on from some who has "walked the walk" and not from those who have just "talked the talk". From the streets of Chicago to the streets of Compton, the rules are all the same. "Don't start none, won't be none." In the hood what you don't know could cost you your life. The

knowledge in this book comes from those "real ones" out there. Its a survival guide. Don't get caught slippin'.

The Midwest Survival Guide

Aug 31 2022 New York Times Bestseller A hilarious full-color guide to Midwestern culture, from comedian and journalist Charlie Berens, creator of the viral comedic series "The Manitowoc Minute" Have you ever had a goodbye lasting more than four hours? Do you lack the emotional capacity to say "I love you" so you just tell your loved ones to "watch out for deer"? Have you apologized to a stranger because she stepped on your foot? If you answered yes to any of these questions, there's a good chance you're a Midwesterner—or a Midwesterner at heart. Even if you answered no, you probably know someone who held the door for you from two football fields away. He likely waved at you and said, "Hey there," like you organized the church bar crawl together. That was a Midwesterner in the wild. We understand that your

interaction was strange—but it’s likely to get stranger. Don’t wait until they stick their head in your second-floor window to invite you over for a perch fry because they climbed on your roof to clean your gutters. There’s no need to pull the pepper spray; this species is helpful by nature. And the relationship could be very symbiotic—but only if you let it happen. And that’s where this book comes into play. Inspired by my comedy tours across the Midwest and life growing up in Wisconsin, this book is an exploration into my favorite region on Earth. Some may think the Midwest is just a bunch of bland flyover states filled with less diversity than a Monsanto monoculture. But scratch that surface with your buck knife and you’ll find rich cultures and traditions proving we’re more than just fifty shades of milk. So whether you’re a born-and-bred Midwesterner looking to sharpen your skill at apologies or a costal elite visiting the in-laws for the holidays, this book will help you navigate the

Midwest, with everything from the best flannel looks to dating and mating rituals (yes, casserole is involved) to climbing the corporate corn silo to how to handle a four-way stop—and every backyard brat fry in between. And for those of you who don’t like reading, don’t worry—we’ve got pictures! Toss in illustrations, sidebars, quizzes, and jokes worthy of a supper club stall and *The Midwest Survival Guide* is just the walleye-deep look into this distinctive, beautiful, and bizarre American culture you’ve been looking for.

were ghosts or demons-as punishment for their sins. Their accounts were chalked up to 'wild female imagination.' Women Talking is an imagined response to these real events. When the women learn that they were in fact drugged and attacked by men in their community, they hold a secret meeting in a hayloft. They have two days to make a plan before the rapists are bailed out and brought home: will they dare to escape? 'Profound, affecting stuff.' Sunday Telegraph 'Brave and thoughtful.' Observer 'Beautiful. . . a novel for the times.' LISA McINERNEY [A PhD Is Not Enough!](#) Jul 06 2020 Everything you ever need to know about making it as a scientist. Despite your graduate education, brainpower, and technical prowess, your career in scientific research is far from assured. Permanent positions are scarce, science survival is rarely part of formal graduate training, and a good mentor is hard to find. In *A Ph.D. Is Not Enough!*, physicist Peter J. Feibelman lays out a rational

path to a fulfilling long-term research career. He offers sound advice on selecting a thesis or postdoctoral adviser; choosing among research jobs in academia, government laboratories, and industry; preparing for an employment interview; and defining a research program. The guidance offered in *A Ph.D. Is Not Enough!* will help you make your oral presentations more effective, your journal articles more compelling, and your grant proposals more successful. A classic guide for recent and soon-to-be graduates, *A Ph.D. Is Not Enough!* remains required reading for anyone on the threshold of a career in science. This new edition includes two new chapters and is revised and updated throughout to reflect how the revolution in electronic communication has transformed the field. *Summary of how to Talk So Little Kids Will Listen* Nov 21 2021 *How to Talk so Little Kids Will Listen: A Survival Guide to Life with Children Ages 2-7* by

Joanna Faber: Conversation Starters Parents often ask what to do with a kid who won't brush her teeth, who avoids his vegetables, who screams out what she wants. Or how to deal with the kid who goes overeager in exploring the supermarket, who disarranges books in the library, or who treats the baby as a toy doll. Small children are truculent, ferocious, foolhardy, self-centered, and semi-civilized, but they become sources of endless enjoyment for parents and caregivers once they learn how to communicate with them. Written as a user-friendly guide for people who are challenged by their small wards, the book helps them forge rewarding relationships with kids. How to Talk so Little Kids Will Listen is cited by Work and Family Life magazine as a "wonderful ... reader-friendly [and] a truly indispensable book for parents." A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and

their world come alive, and the characters and its world still live on. Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on. These questions can be used to create hours of conversation: Foster a deeper understanding of the book Promote an atmosphere of discussion for groups Assist in the study of the book, either individually or corporately Explore unseen realms of the book as never seen before Why Boys Don't Talk--and Why It Matters Oct 21 2021 Helps parents reopen the lines of communication with "silent" teenage sons and stay emotionally connected with them Adolescent boys are notoriously uncommunicative. Unfortunately, too many parents equate not talking with not feeling, and, as authors Susan Morris Shaffer and Linda Perlman Gordon explain in this groundbreaking guide, parents who make that assumption end up validating only the most superficial

aspects of their sons. Recent bestsellers such as *Real Boys* and *The Wonder of Boys* have done a good job of sensitizing parents to the inner lives of boys and opening their eyes to how society shortchanges boys emotionally. Now, *Why Boys Don't Talk--and Why It Matters* goes a step further. Coauthored by a nationally acclaimed expert on gender equity and a social worker--

both of whom successfully raised teenagers of both sexes-- it: Arms parents with proven techniques for communicating with their adolescent sons and reestablishing strong emotional bonds with them. Draws upon focus groups as well as the authors' considerable experience in gender equity research and counseling, to analyze the subtle ways boys communicate connection
