Fire Department Strategic Planning, 3rd Edition Jul 01 2020 From the author: This 3rd edition is about organized common sense in the fire service. Section One provides support to fire departments that already have a strategic plan and just need to update and revise their existing plan. I have found over my 30 years of consulting with fire department's that they want to accomplish their next iteration of their strategic plan as rapidly as possible. Section Two provides a detailed "How-to" guide to help a fire department create its first strategic plan. Section Two is divided into four parts: (1) Understanding the Department, (2) Understanding the Situation, (3) Understanding the Strategic Issues Facing the Department, and (4) Creating Organizational Change. A new chapter (Chapter 20) provides assistance to those departments having challenges with their strategic plan and obtaining the desired outcomes/results. It adds a new troubleshooting process for those departments having challenges to create an effective and successful strategic plan.
