Age of Union Feb 10 2021 *Age of Union* is a compelling guide for igniting today's changemaker—those ready to take action for our planet and its inhabitants. We have seen growing divisions between people on either side of gender, religious, political and cultural borders for too long. Meanwhile, global health crises, environmental degradation, and human-accelerated climate change pose immense challenges to our future that we must now face quickly and cooperatively. Separation has to be confronted head-on. We can do this each and every day with meaningful, impactful acts of union. There is a greater need for unity than ever before. Dax Dasilva presents a guide to take simple measures to promote our collective well-being and union. Grounded in four pillars—leadership, culture, spirituality, and nature—the book advocates that the time for change is now and that our choices are the catalyst. We are all in this together, so let us move toward an Age of Union. May it strengthen your resolve to start building a kinder, greener and more livable world where everyone and everything can thrive. You are the changemaker. For more information visit www.ageofunion.com Reviews "A passionate call for the cultural revolution needed to take care of each other and our planet." —Marika Anthony-Shaw, Founder & CEO of Plus1.org "Humans are

finally evolving and are becoming more aware of the fact that saving the world is a priority for everyone today.’ —Carmen Busquets, WWF Council Member, Humanitarian and FashionTech Entrepreneur (Net-a-Porter, Moda Operandi, FarFetched, and BoF) “This book is a lens that helps focus on what really matters. We get so wrapped up in our daily lives that we forget how our actions affect our environment daily. This book is very relevant today, as it’s time for everyone to become leaders of change and inspire others to do the same. Dax Dasilva portrays that an Age of Union is here and empowers others to rise to the occasion.” —Ekaterina Sky, Wildlife Conservation Artist “Age of Union is the much needed call to action our world needs right now. Dax Dasilva speaks to the inherent leader in every one of us and provides a guide so that the future changemakers of tomorrow can get started today.” —Jonathan Kanevsky MD “The first of its kind, Age of Union brings readers along an intimate journey that perfectly balances spiritual, entrepreneurial, and environmental guidance, all of which got me wanting to take action now.” —Shira Laza, on-air personality and founder, What’s Trending “Now more than ever we need to be more connected and share ideas to collectively save the planet. This book is a great starting point and guide while trying to shift to this new paradigm”. —Seth Troxler, International DJ “Age of Union is a well rounded read for anyone who wants to explore the subject of growth, change and connectedness. Especially in times like these, it gives hope and helps to understand how we can make a difference by transforming our relationship with ourselves and the world around us.” —Annette & Daniela Fedler, Sustainable Luxury Design Consultants & Eco Friendly Fashion Designers “In Age of Union, Dax Dasilva shares with us a manifesto for the guiding principles that makes him a true leader in the ecological transition and the social evolution for a kinder world that will take us to the next phase of humanity. Age of Union is a mirror to be held for us to become leaders in that transition as well.”

Geographies of Rhythm Apr 14 2021 In Rhythmanalysis, Henri Lefebvre put forward his ideas on

the relationship between time and space, particularly how rhythms characterize space. Here, leading geographers advance and expand on Lefebvre's theories, examining how they intersect with current theoretical and political concerns within the social sciences. In terms of geography, rhythmanalysis highlights tensions between repetition and innovation, between the need for consistency and the need for disruption. These tensions reveal the ways in which social time is managed to ensure a measure of stability through the instantiation of temporal norms, whilst at the same time showing how this is often challenged. In looking at the rhythms of geographies, and drawing upon a wide range of geographical contexts, this book explores the ordering of different rhythms according to four main themes: rhythms of nature, rhythms of everyday life, rhythms of mobility, and the official and routine rhythms which superimpose themselves on the multiple rhythms of the body.

Reconstructing the Corporation Nov 21 2021 This book critically examines shareholder primacy and develops a new theory of shared corporate governance that includes employees.

Investments Jun 28 2022 The Fifth Canadian Edition of *Investments* provides instructors with a text that introduces the important concepts and theories (e.g., the risk and return relationship of an investment, modern portfolio theory) combined with practical applications and an understanding of new and innovative financial products (e.g., derivatives). Bodie is recognized for its blend of practical and theoretical coverage while maintaining an appropriate rigour and clear writing style.

Its unifying theme is that security markets are nearly efficient, meaning that most securities are usually priced appropriately given their risk and return attributes. The text places greater emphasis on asset allocation and offers a much broader and deeper treatment of futures, options, and other derivative security markets than most investment texts.

Scientific & Mathematical Bodies Jul 18 2021 This book is about the sensuous, living body without which individual knowing and learning is impossible. It is the interface between the individual and culture. Recent scholarship has moved from investigated knowing and learning as something in the mind or brain to understanding these phenomena in terms of the body (embodiment literature) or culture (social constructivism). These two literatures have expanded the understanding of cognition to include the role of the body in shaping the mind and to recognize the tight relation between mind and culture. However, there are numerous problems arising from ways in which the body and culture are thought in these separate research domains. In this book, the authors present an interdisciplinary, scientific initiative that brings together the concerns for body and for culture to develop a single theory of cognition centered on the living and lived body. This book thereby contributes to bridging the gap that currently exists between theory (knowing that) and praxis (knowing how) that is apparent in the existing science and mathematics education literatures.

Online Learning and Assessment in Higher Education Jul 06 2020 The use of e-learning strategies in teaching is becoming increasingly popular, particularly in higher education. Online Learning and Assessment in Higher Education recognises the key decisions that need to be made by lecturers in order to introduce e-learning into their teaching. An overview of the tools for e-learning is provided, including the use of Web 2.0 and the issues surrounding the use of e-learning tools such as

resources and support and institutional policy. The second part of the book focuses on e-assessment; design principles, different forms of online assessment and the benefits and limitations of e-assessment. Provides an accessible introduction to teaching with technology Addresses the basic aspects of decision-making for successful introduction of e-learning, drawing on relevant pedagogical principles from contemporary learning theories Crosses boundaries between the fields of higher education and educational technology (within the discipline of education), drawing on discourse from both areas

Turtles of the United States and Canada Aug 26 2019 Winner, 2011 Book Award, The Wildlife Society 2009 Outstanding Academic Title, Choice Ernst and Lovich's thoroughly revised edition of this classic reference provides the most updated information ever assembled on the natural histories of North American turtles. From diminutive mud turtles to giant alligator snappers, two of North America's most prominent experts describe the turtles that live in the fresh, brackish, and marine waters north of Mexico. Incorporating the explosion of new scientific information published on turtles over the past fifteen years—including the identification of four new species—Ernst and Lovich supply comprehensive coverage of all fifty-eight species, with discussions of conservation status and recovery efforts. Each species account contains information on identification, genetics, fossil record, distribution, geographic variation, habitat, behavior, reproduction, biology, growth and longevity, food habits, populations, predators, and conservation status. The book includes range maps for freshwater and terrestrial species, a glossary of scientific names, an extensive bibliography for further research, and an index to scientific and common names. Logically organized and richly illustrated—with more than two hundred color photographs and fifty-two maps—Turtles of the United States and Canada remains the standard for libraries, museums, nature centers, field

biologists, and professional and amateur herpetologists alike.

The Smartest Investment Book You'll Ever Read Mar 26 2022 Presents a plan for personal financial success that emphasizes the use of trusted, brand-name fund managers, and shows investors how to create and monitor portfolios while avoiding common investment mistakes.

Risk Less and Prosper Jul 30 2022 A practical guide to getting personal investing right Somewhere along the way, something has gone very wrong with the way individuals save and invest. Too often, households are drawn in by promotional suggestions masquerading as impartial investment advice. Consumers get saddled with more risk than they realize. Authors Zvi Bodie and Rachelle Taqqu understand the dilemma that today's investors face, and with *Risk Less and Prosper* they will help you find your financial footing. Written in an accessible style, this practical guide skillfully explains why personal investing is all about you—your goals, your values and your career path. It shows how to understand investment risk and choose the particular blend of risk and safety that is right for you. And it lays out several simple yet powerful ways for small investors to cast a reliable safety net to achieve their financial goals and truly prosper. Coauthors Bodie and Taqqu challenge the myth that all investments require risk, then highlight some important risks that families often disregard when deciding where to put their money. Later, they connect the dots between investment and investor, showing us all how to grasp our own investment risk profiles and how we may use these insights to make more fitting investment choices. Outlines a straightforward way to invest by aligning your investments with your goals and the risk levels you can bear Provides basic investment abc's for readers who are otherwise literate Lays out a simple, actionable plan for achieving your goals Explains the role of risk-free assets and investment insurance in assuring that you reach your most essential goals Contrary to popular belief, investing doesn't have to be

complicated. You can build wealth without taking great risks. Risk Less and Prosper will show you how to make investment decisions that will make your financial life less stressful and more profitable.

Health Systems in Transition Jan 12 2021 The health care system in Canada is much-touted in the international sphere, but often overlooked when it comes to an examination of its actual administration and regulation. *Health Systems in Transition: Canada* provides an objective description and analysis of the public, private, and mixed components that make up health care in Canada today. Published in co-operation with the World Health Organization Regional Office for Europe on behalf of the European Observatory on Health Systems and Policies, Gregory P. Marchildon's study offers a statistical and visual description of the many facets of Canadian health care financing, administration, and service delivery. This study's most distinctive feature is a comparative description and analysis. For international comparison, five other countries have been selected: The United States, Australia, the United Kingdom, France, and Sweden. Because public health care administration and delivery is highly decentralized in Canada, Marchildon also analyzes the important health status and health care features within Canada by province and territory, and describes in some detail the unique constitutional, jurisdictional, and financial features of the Canadian system. Balancing careful assessment, summary, and illustration, *Health Systems in Transition: Canada* is a thorough and illuminating look at one of the nation's most complex institutions.

Mine Planning and Equipment Selection 1997 Mar 14 2021 Presenting current and emerging technologies in the field of mine planning and equipment, this volume also covers control and automation for surface and underground mining. A wide range of papers from professionals in

Europe, South America, Africa and Australia are featured.

The Fall of Satan Feb 22 2022 The ruler of darkness? the Tempter? the Great Red Dragon? Apollyon; the Destroyer? One being is revealed to have all these titles and more - names that reveal his horrific nature? All names given to Satan, your adversary who comes like a lion "seeking whom he may devour" (1 Peter 5:8). Today, many question and even mock the very existence of Satan, as well as the reality of evil. Even in the Church, by and large, there are few biblical resources on the subject to counter the destructive claims raised in today's humanistic culture. In *The Fall of Satan: Rebels in the Garden* you will discover the answers to 35 captivating questions, such as: How could one created good become so absorbed by evil? Why would God, who is not evil, allow evil to continue to exist? Did sin begin with Adam or was its origin found in Satan? When did Satan rebel against God's authority? Where can the answers be found to such provocative, spiritual questions that have been asked so many times over? Carefully consider the biblical response, since it is the only completely reliable foundation for information about Satan. As our absolute authority, we must reject unqualified conclusions drawn from sources outside the Bible, such as the current ideas and traditions of the culture. No believer should be unaware of these sound answers found in the Bible.

Triumph of the Optimists Mar 02 2020 Investors have too often extrapolated from recent experience. In the 1950s, who but the most rampant optimist would have dreamt that over the next fifty years the real return on equities would be 9% per year? Yet this is what happened in the U.S. stock market. The optimists triumphed. However, as Don Marquis observed, an optimist is someone who never had much experience. The authors of this book extend our experience across regions and across time. They present a comprehensive and consistent analysis of investment returns for equities, bonds, bills, currencies and inflation, spanning sixteen countries, from the end of the

nineteenth century to the beginning of the twenty-first. This is achieved in a clear and simple way, with over 130 color diagrams that make comparison easy. Crucially, the authors analyze total returns, including reinvested income. They show that some historical indexes overstate long-term performance because they are contaminated by survivorship bias and that long-term stock returns are in most countries seriously overestimated, due to a focus on periods that with hindsight are known to have been successful. The book also provides the first comprehensive evidence on the long-term equity risk premium--the reward for bearing the risk of common stocks. The authors reveal whether the United States and United Kingdom have had unusually high stock market returns compared to other countries. The book covers the U.S., the U.K., Japan, France, Germany, Canada, Italy, Spain, Switzerland, Australia, the Netherlands, Sweden, Belgium, Ireland, Denmark, and South Africa. *Triumph of the Optimists* is required reading for investment professionals, financial economists, and investors. It will be the definitive reference in the field and consulted for years to come.

Canadian Government and Politics - Seventh Edition May 16 2021 Canadian Government and Politics delivers an up-to-date and concise introduction to Canada's political institutions, processes, and issues. The text integrates theory, history, Census data, and current affairs to give students an orderly picture of the wide-ranging landscape of Canadian government and politics. This seventh edition includes coverage and analysis of the 2019 general election, as well as a preview of the new Canadian government. It also adds exciting material on Canada's cultural landscape, institutions, and policies, along with a new chapter on Indigenous Peoples. Other chapters examine the executive, legislative, and judicial branches of government, the electoral system, bureaucracy, Québec nationalism, foreign policy, and much more. The authors provide trenchant coverage of

many key issues of concern to Canadians, including regionalism, nationalism, climate change, defense policy, Indigenous Peoples' rights, minority rights, pipelines, and the USMCA trade deal. These topics are addressed by way of fair-minded impartial discussions, aimed to foster a vital and optimistic perspective on Canadian politics that will encourage critical thinking and active citizenship.

When Jesus Wept Sep 19 2021 "Page-turning . . . Set against the political and religious turmoil of the times, the Thoenes' story vividly reimagines the evolving friendship between Jesus and Lazarus." —Publishers Weekly LAZARUS—the man Jesus raised from the dead in one of the most extraordinary encounters with The Living Savior in all of Scripture. But the life of Lazarus holds interest well beyond this miraculous event. Living in Bethany, near Jerusalem, Lazarus witnessed many of the most important events of Jesus's life and ministry. Lazarus owned a vineyard and devoted his life to caring for its vines and fruit. But he encountered another man—Jesus—whose vineyard was the world, its fruit the eternal souls of men. When Lazarus's story and the story of Jesus's crucifixion and resurrection touch in When Jesus Wept, we are offered a unique vision into the power and comfort of Christ's love. Brock and Bodie Thoene's most powerful and climactic writing project to date, When Jesus Wept, captures the power and the passion of the men and women who lived through the most important days in the history of the world.

Beyond the Farthest Star Jun 16 2021 When a nativity display on public property is torched by a former US Senator, the media spotlight falls on the forgotten small town of Leonard, Texas, and the new pastor of its only church—Adam Wells. Emboldened by the prospect of leading his tiny congregation in a nationally-televised, first amendment debate that he considers to be a "fight for the heart and soul of America," Pastor Wells determines not to let anything or anyone, including his

wife and his rebellious sixteen-year old daughter, stand in his way. But when an old high school friend unexpectedly shows up in their small town and a past secret is revealed, Pastor Wells' constitutional crusade collides with an even greater fight—the fight for the heart and soul of his marriage, his daughter, and, even his own life. In this modern-day story of betrayal, forgiveness, and finally redemption, Adam Wells discovers, for the first time, the meaning of the story he's been preaching all his life...and his desperate daughter understands what really is beyond the farthest star. Award-winning authors, Bodie and Brock Thoene, have written an emotional and authentic drama based on a screenplay by Andrew Librizzi and now a major motion picture.

Dragons Jun 24 2019 Explores the biblical and cultural history of dragons and argues that these fantastic beings are connected to the last living dinosaurs.

Wrapped Up in Christmas Apr 02 2020 A USA TODAY Bestseller! A gift of warmth to heal two hearts... Sarah Smith in Pine Hill, Kentucky has had her heart broken in the past. She pours herself into her work at church and into special projects—like making a quilt for a wounded warrior. Bodie Lewis is lost. All he's ever wanted was his career as an Army Ranger, but he was injured in an explosion that killed his brothers in arms. In the hospital, he receives a handmade quilt. Later, he sets out on his final mission: to find and thank its maker. Bodie expected Sarah to be an elderly lady, not a lovely young woman. When she mistakes him for a handyman, he doesn't immediately set her straight. Instead, he sets about repairing the home she's turning into a bed and breakfast. Sarah's presence and the spirit of the small town bring Bodie something he thought he'd left far behind on the battlefield: hope. This heartwarming sweet romance includes a free quilt pattern from the Quilts of Valor Foundation and a new original Hallmark recipe for Cinnamon Swirl Bread.

Tower of Babel May 28 2022 The Tower of Babel: The Cultural History of Our Ancestors reveals our shared ancestry as never before! Many are familiar with the Biblical account of Babel, but after the dispersal, there was a void beyond Biblical history until empires like Rome and Greece arose. Now, discover the truth of these people groups and their civilizations that spread across the earth and trace their roots back to Babel as well as to the sons and grandsons of Noah. Many of today's scholars write off what occurred at the Tower of Babel as mythology and deny that it was a historical

event. Beginning with the Biblical accounts, author Bodie Hodge researched ancient texts, critical clues, and rare historic records to help solve the mystery of what became of the failed builders of Babel. For the purpose of defending the Bible, Hodge presents these and other vital historical facts surrounding this much-debated event. Teens and older can use this layman's reference for Biblical classes, ancient history, apologetics training, and to realize their own cultural connection to the Bible.

Face to Face with Jesus May 04 2020 It starts as a story ripped from the headlines of the war-torn Middle East. An extremist faction of Islam bombs a church during a service. The one door in the back isn't big enough for five hundred people trying to escape. Some are killed. But after the chaos and fire and smoke, one young woman comes back to life. In this thrilling true tale, death does not have the final word. From the first time Samaa heard the Lord Jesus calling her out of Islam into

faith in Him, till she met Him face to face in heaven, her life is marked by God's supernatural love and power. Full of hope and encouragement, and overflowing with Jesus' love, her riveting account reveals the power of God to break through any circumstance--and is a moving reminder that, in a place beyond what we can imagine, we have a Savior waiting to welcome us face to face.
