My Beloved World Mar 28 2022 A "searching and emotionally intimate memoir" (The New York Times) told with a candor never before undertaken by a sitting Justice. This "powerful defense of empathy" (The Washington Post) is destined to become a classic of self-invention and self-discovery. The first Hispanic and third woman appointed to the United States Supreme Court, Sonia Sotomayor has become an instant American icon. In this story of human triumph that "hums with hope and exhilaration" (NPR), she recounts her life from a Bronx housing project to the federal bench, a journey that offers an inspiring testament to her own extraordinary determination and the power of believing in oneself. Here is the story of a precarious childhood, with an alcoholic father (who would die when she was nine) and a devoted but overburdened mother, and of the refuge a little girl took from the turmoil at home with her passionately spirited paternal grandmother. But it was when she was diagnosed with juvenile diabetes that the precocious Sonia recognized she must ultimately depend on herself. She would learn to give herself the insulin shots she needed to survive and soon imagined a path to a different life. With only television characters for her professional role models, and little understanding of what was involved, she determined to become a lawyer, a dream that would sustain her on an unlikely course, from valedictorian of her high school class to the highest honors at Princeton, Yale Law School, the New York County District Attorney's office, private practice, and appointment to the Federal District Court before the age of forty. Along the way we see how she was shaped by her invaluable mentors, a failed marriage, and the modern version of extended family she has created from cherished friends and their children. Through her still-astonished eyes, America's infinite possibilities are envisioned anew in this warm and honest book.

Who Is Sonia Sotomayor? Feb 24 2022 The truly inspiring story of the first Latina Supreme Court Justice. Outspoken, energetic, and fun, Sonia Sotomayor has managed to turn every struggle in life into a triumph. Born in the Bronx to immigrant parents from Puerto Rico, Sonia found out at age nine that she had diabetes, a serious illness now but an even more dangerous one fifty years ago. How did young Sonia handle the devastating news? She learned to give herself her daily insulin shots and became determined to make the most out of her life. It was the popular sixties TV show *Perry Mason* that made Sonia want to become a lawyer. Not only a lawyer, but a judge! Her remarkable career was capped in 2009 when President Barack Obama nominated her to the Supreme Court, only the third woman and first Hispanic justice in the court's history. Stories of Sotomayor's career are hardly dry legal stuff--she once hopped on a motorcycle to chase down counterfeiters and was the judge whose ruling ended the Major League baseball strike in 1995.

Sonia Sotomayor Jul 20 2021 Provides a first person account of the life and accomplishments of Sonia Sotomayor.

Breaking In Apr 04 2020 "I knew she'd be trouble." So quipped Antonin Scalia about Sonia Sotomayor at the Supreme Court's annual end-of-term party in 2010. It's usually the sort of event one would expect from such a grand institution, with gentle parodies of the justices performed by their law clerks, but this year Sotomayor decided to shake it up—flooding the room with salsa music and coaxing her fellow justices to dance. It was little surprise in 2009 that President Barack Obama nominated a Hispanic judge to replace the retiring justice David Souter. The fact that there had never been a nominee to the nation's highest court from the nation's fastest growing minority had long been apparent. So the time was ripe—but how did it come to be Sonia Sotomayor? In *Breaking In: The Rise of Sonia Sotomayor and the Politics of Justice*, the veteran journalist Joan Biskupic answers that question. This is the story of how two forces providentially merged—the large ambitions of a talented Puerto Rican girl raised in the projects in the Bronx and the increasing political presence of Hispanics, from California to Texas, from Florida to the Northeast—resulting in a historical appointment. And this is not just a tale about breaking barriers as a Puerto Rican. It's about breaking barriers as a justice. Biskupic, the author of highly praised judicial biographies of Justice Antonin Scalia and Justice Sandra Day O'Connor, now pulls back the curtain on the Supreme Court nomination process, revealing the networks Sotomayor built and the skills she cultivated to go where no Hispanic has gone before. We see other potential candidates edged out along the way. And we see how, in challenging tradition and expanding our idea of a justice (as well as expanding her public persona), Sotomayor has created tension within and without the court's marble halls. As a Supreme Court justice, Sotomayor has shared her personal story to an unprecedented degree. And that story—of a Latina who emerged from tough times in the projects not only to prevail but also to rise to the top—has even become fabric for some of her most passionate comments on matters before the Court. But there is yet more to know about the rise of Sonia Sotomayor. *Breaking In* offers the larger, untold story of the woman who has been called "the people's justice."

The Supreme Court Feb 01 2020 The Supreme Court grew out of an historic opportunity to interview all of the living Supreme Court justices for a C-SPAN feature documentary about the Court, the only time that the nine sitting members and their retired colleagues have granted interviews to a single television network. Eleven of those interviews--the entire current court, including the newest member, Justice Elena Kagan--are gathered here in this singular collection. In their conversations with the justices, Brian Lamb and Susan Swain bring readers into a fascinating world to which few have had access. Chief Justice John Roberts talks about the role of the Court in society, his role as chief justice, and the process of deciding cases. Justice Stephen Breyer takes us on a private tour of his chambers and describes the differences between the Court and the Congress. And new Justices Sonia Sotomayor and Elena Kagan reflect on their first impressions of the job. Through these encounters, the justices' personalities, intellects, and devotion to the Court emerge. Enriching this material are Mark Farkas's interviews with journalists, court historians, and other experts on the Court. Reporters Joan Biskupic and Lyle Denniston discuss the Supreme Court in action and the impact of a new member of the Court. Clerk of the Supreme Court William Suter illuminates the traditions of the Court. Historian James O'Hara discusses the Supreme Court building and its history. Former Solicitor General Drew Days III and attorney Maureen Mahoney describe the experience of facing the justices in fast-paced oral arguments. The Supreme Court offers readers a rare window into the nation's highest court through the eyes of those who serve there. It is absorbing reading for anyone interested in this vital and powerful institution.
