The History of al-Tabari Vol. 28 Feb 10 2021 The initial years (126-145) of al-Mansur's reign presented several significant challenges to nascent Abbasid hegemony, and the resulting confrontations constitute the central focus of this section of Tabari's Tarikh. After Abu Jafar succeeded his brother Abu al-Abbas as caliph, the second of the Abbasid dynasty, he moved against his recalcitrant uncle, Abdallah b. Ali, and against the potential threat that he perceived in the person of the commander in Khurasan, Abu Muslim. Eliminating the latter and containing the former freed the caliph to address a series of other onslaughts and insurrections. Starting with the year 144, however, Tabari turned to this volume's principal preoccupation, to which half of the book is devoted. Judging by the attention given to it, he clearly perceived the Hasanid rebellions of Muhammad b. Abdallah (the Pure Soul) and of his brother Ibrahim to be the most

substantial attack on Abbasid authority to arise in the first years of that dynasty. Tabari's description of the prolonged search for Muhammad and Ibrahim and of the caliphal vengeance visited upon their father and family provides an extended prelude to the vivid battle and death scenes in Medina and Bakhmra. Yet, elaboration of these events does not eclipse mention of all other Abbasid activity. To bridge the account of Muhammad's defeat and that of Ibrahim's uprising, Tabari inserted a narrative interlude depicting the site selection and preliminary construction of al-Mansur's most celebrated achievement, the City of Peace, Baghdad.

Symbolism in Terrorism Jun 24 2019 The symbolic value of targets is what differentiates terrorism from other forms of extreme violence. Terrorism is designed to inflict deep psychological wounds on an enemy rather than demolish its material ability to fight. The September 11, 2001 attacks, for example, demonstrated the power of symbolism. The World Trade Center was targeted by Al Qaeda because the Twin Towers epitomized Western civilization, U.S. imperialism, financial success, modernity, and freedom. The symbolic character of terrorism is the focus of this textbook. A comprehensive analysis, it incorporates descriptions, definitions, case studies, and theories. Each chapter focuses on a specific dimension of symbolism in terrorism and explains the contexts and processes that involve the main actors as well as the symbolism of both the purposes and targets of terrorism. Also discussed are new religious movements, which represent another important aspect of terrorism, such as Aum Shinrikyo, the Japanese cult that used sarin gas in the Tokyo subway in 1995. Over forty areas of symbolism are covered throughout the chapters, including physical and non-physical symbolism, linguistic symbolism, the social construction of reality, rituals, myths, performative violence, iconoclasm, brand management, logos, semiotics, new media, and the global village. This allows for an in-depth examination of many issues, such as anti-globalization, honor killing, religious terrorism, suicide terrorism, martyrdom, weapons, female terrorism, public communication, visual motifs, and cyberspace. Main concepts are clearly defined, and followed by theory illustrated by international case studies. Chapter summaries, key points, review questions, research and practice suggestions are recurring components as well. This groundbreaking text encompasses all major aspects of symbolism in terrorism and will be an essential resource for anyone studying terrorism.

Colonial al-Andalus Aug 19 2021 Through state-backed Catholicism, monolingualism, militarism, and dictatorship, Spain's fascists earned their reputation for intolerance. It may therefore come as a surprise that 80,000 Moroccans fought at General Franco's side in the 1930s. What brought these strange bedfellows together, Eric Calderwood argues, was a highly effective propaganda weapon: the legacy of medieval Muslim Iberia, known as al-Andalus. This legacy served to justify Spain's colonization of Morocco and also to define the Moroccan national culture that supplanted colonial rule. Writers of many political stripes have celebrated *convivencia*, the fabled "coexistence" of Christians, Muslims, and Jews in medieval Iberia. According to this widely-held view, modern Spain and Morocco are joined through their shared Andalusian past. Colonial al-Andalus traces this supposedly timeless narrative to the mid-1800s, when Spanish politicians and intellectuals first used it to press for Morocco's colonization. Franco later harnessed *convivencia* to the benefit of Spain's colonial program in Morocco. This shift precipitated an eloquent historical irony. As Moroccans embraced the Spanish insistence on Morocco's Andalusian heritage, a Spanish idea about Morocco gradually became a Moroccan idea about Morocco. Drawing on a rich archive of Spanish, Arabic, French, and Catalan sources—including literature, historiography, journalism, political speeches, schoolbooks, tourist brochures, and visual arts—Calderwood reconstructs the varied political career of *convivencia* and al-Andalus, showing how shared pasts become raw material for divergent contemporary ideologies, including Spanish fascism and Moroccan nationalism. Colonial al-Andalus exposes the limits of simplistic oppositions between European and Arab, Christian and Muslim, that shape current debates about European colonialism.

Fridays of Rage Jun 04 2020 Fridays of Rage reveals Al Jazeera's surprising rise to that most respected of all Western media positions: the watchdog of democracy. Al Jazeera served as the nursery for the Arab world's democratic revolutions, promoting Friday as a "day of rage" and popular protest. This book gives readers a glimpse into how Al Jazeera has strategically cast its journalists as martyrs in the struggle for Arab freedom while promoting itself as the

mouthpiece and advocate of the Arab public. In addition to heralding a new era of Arab democracy, Al Jazeera has become a major influence over Arab perceptions of American involvement in the Arab World, the Arab-Israeli conflict, the rise of global Islamic fundamentalism, and the expansion of the political far right. Al Jazeera's blueprint for "Muslim-democracy" was part of a vision announced by the network during its earliest broadcasts. The network embarked upon a mission to reconstruct the Arab mindset and psyche. Al Jazeera introduced exiled Islamist leaders to the larger Arab public while also providing Muslim feminists a platform. The inclusion and consideration of Westerners, Israelis, Hamas, secularists and others earned the network a reputation for pluralism and inclusiveness. Al Jazeera presented a mirror to an Arab world afraid to examine itself and its democratic deficiencies. But rather than assuming that Al Jazeera is a monolithic force for positive transformation in Arab society, *Fridays of Rage* examines the potentially dark implications of Al Jazeera's radical re-conceptualization of media as a strategic tool or weapon. As a powerful and rapidly evolving source of global influence, Al Jazeera embodies many paradoxes--the manifestations and effects of which we are likely only now becoming apparent. *Fridays of Rage* guides readers through this murky territory, where journalists are martyrs, words are weapons, and facts are bullets.

The Siege of Mecca Jul 18 2021 20 November 1979: as morning prayers began, hundreds of hardline Islamist gunmen, armed with rifles smuggled in coffins, stormed the Grand Mosque in Mecca. With thousands of terrified worshippers trapped inside, the result was a bloody siege that lasted two weeks, caused hundreds of deaths, prompted an international diplomatic crisis and unleashed forces that would eventually lead to the rise of al Qaeda. Journalist Yaroslav Trofimov takes us day-by-day through one of the most momentous – and heavily censored – events in recent history, interviewing many direct participants in the siege and drawing on secret documents to reveal the truth about the first operation of modern global jihad.

The Black Book Aug 26 2019 .Now in its sixth printing, this highly popular book on the great African-American Muslim illustrates the influence of his Islamic faith and his international experience upon his constantly expanding political vision. The first to present a comprehensive analysis that integrates the developing vision of the man, Malcolm X, with the man he became, El Hajj Malik El Shabazz, it provides an in-depth analysis of Malcolm's directives on why the African-American struggle for national liberation and self-determination is necessary, how it should be carried on, and why it can succeed. "The Islamic force tends to act against nationalism as introduced by western European development and socialism as introduced in the development of the USSR and China. It is both anti-nationalist and anti-materialistic. All aspects of societal life are viewed as an integral part of the whole, the din, the one God. Thus all aspects of life in the state must be theoretically harmonized so as to achieve spiritual peace, happiness and total submission to the will of one God. Both the governing elite and masses are theoretically equalized by rules and principles from outside of society (the Qur'an and Sunnah)..." from *The Black Book: The Political Philosophy of Malcolm X*

Selections from Subh al-A'sh? by al-Qalqashandi, *Clerk of the Mamluk Court* Nov 09 2020 ?ub? al-A'sh? by al-Qalqashand? is a manual for chancery clerks completed in 1412 and a vital source of information on Fatimid and Mamluk Egypt which, for the first time, has been translated into English. The text provides valuable insight into the Mamluk and earlier Muslim eras. The selections presented in this volume describe Cairo, Fustat and the Cairo Citadel and give a

detailed picture of the Fatimid (AD 969–1172), Ayyubid (AD 1172-1250) and Mamluk (AD 1250–1412) court customs, rituals and protocols, and depict how the Mamluk Sultanate was ruled. It also contains a wealth of details covering the geography, history and state administration systems of medieval Egypt. An introduction preceding the translation contextualizes al-Qalqashand?'s role and manuscript, as well as introducing the man himself, while detailed notes accompany the translation to explain and elaborate on the content of the material. The volume concludes with an extensive glossary of terms which forms a mini-encyclopaedia of the Fatimid and Mamluk periods. This translation will be a valuable resource for any student of medieval Islamic history.

Personal Narrative of a Pilgrimage to Mecca and Medina in Three Volumes by Richard F. Burton Aug 31 2022

World Maps for Finding the Direction and Distance of Mecca May 28 2022 The author describes how Muslims over the centuries have determined the sacred direction ("qibla") towards Mecca and presents two highly sophisticated Mecca-centred world-maps for finding the "qibla." These recently-discovered world-maps have forced a reevaluation of Muslim achievements in mathematics and cartography.

Seek the Peace of Jerusalem Apr 26 2022 Over the last seven decades, since the formation of the State of Israel, there has been no shortage of Jews and Arabs desiring peace in Israel-Palestine (the Holy Land). Most peacemaking attempts failed because the parties did not see peace as a win-win deal. The prevailing mantra in this conflict is win-lose or no deal. Today, the Palestinians are not willing to make a deal with the Israeli Jews because they perceive that a deal with the Israeli Jews means the Palestinians will lose. Also, the Israelis are not willing to make a deal with the Palestinian Arabs because they perceive that a deal with the Palestinian Arabs means the Israelis will lose. There are also other geopolitical factors affecting this conflict. This conflict is gradually shifting toward a battle fueled by people relying on religious texts to prolong the struggle.

Tartarian Tales; or, a thousand and one quarters of hours ... With ... notes. The whole ... translated ... by T. Floyd Nov 29 2019

The History of al-Tabari Vol. 5 Oct 28 2019 This volume of al-Tabari's History provides the most complete and detailed historical source for the Persian empire of the Sasanids, whose four centuries of rule were one of the most glorious periods in Persia's long history. This volume of al-T'abari's History has a particularly wide sweep and interest. It provides the most complete and detailed historical source for the Persian empire of the Sasanids, whose four centuries of rule were one of the most glorious periods in Persia's long history. It also gives information on the history of pre-Islamic Arabs of the Mesopotamian desert fringes and eastern Arabia (in al-Hira and the Ghassanid kingdom), and on the quite separate civilization of South Arabia, the Yemen, otherwise known mainly by inscriptions. It furnishes details of the centuries'-long warfare of the two great empires of Western Asia, the Sasanids and the Byzantine Greeks, a titanic struggle which paved the way for the subsequent rise of the new faith of Islam. The volume is thus of great value for scholars, from Byzantinists to Semitists and Iranists. It provides the first English translation of this key section of al-T'abari's work, one for which non-Arabists have hitherto relied on a partial German translation, meritorious for its time but now 120 years old. This new translation is enriched by a detailed commentary which takes into account up-to-date scholarship.

Routledge Handbook of African Literature Apr 14 2021 The turn of the twenty-first century has witnessed an expansion of critical approaches to African

literature. The Routledge Handbook of African Literature is a one-stop publication bringing together studies of African literary texts that embody an array of newer approaches applied to a wide range of works. This includes frameworks derived from food studies, utopian studies, network theory, eco-criticism, and examinations of the human/animal interface alongside more familiar discussions of postcolonial politics. Every chapter is an original research essay written by a broad spectrum of scholars with expertise in the subject, providing an application of the most recent insights into analysis of particular topics or application of particular critical frameworks to one or more African literary works. The handbook will be a valuable interdisciplinary resource for scholars and students of African literature, African culture, postcolonial literature and literary analysis. Chapter 4 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution-Non Commercial-No Derivatives 3.0 license. https://s3-us-west-2.amazonaws.com/tandfbis/rt-files/docs/Open+Access+Chapters/9781138713864_oachapter4.pdf

Historic Cities of the Islamic World Dec 23 2021 This book contains articles on historic cities of the Islamic world, ranging from West Africa to Malaysia, which over the centuries have been centres of culture and learning and of economic and commercial life, and which have contributed much to the consolidation of Islam as a faith and as a social and political institution. The articles have been taken from the second edition of the Encyclopaedia of Islam, completed in 2004, but in many cases expanded and rewritten. All have been updated to include fresh historical information, with note of contemporary social developments and population statistics. The book thus delineates the urban background of Islam as it has evolved up to the present day, highlighting the role of such great cities as Cairo, Istanbul, Baghdad and Delhi in Islamic history, and also brings them together in a rich panorama illustrating one of mankind's greatest achievements, the living organism of the city.

Unveiling Modernity in Twentieth-Century West African Islamic Reforms Jun 28 2022 In this book Ousman Kobo provides a fresh understanding of the indigenous origins of Islamic reforms sympathetic to "Wahhabi" ideas in two West African countries, Burkina Faso and Ghana, and connects these movements to Muslim's search for religious purity in modern contexts.

Sufi and Scholar on the Desert Edge Jul 06 2020 The Sanusiya was one of the most influential Islamic movements in North Africa and the Sahara in the nineteenth century. It organised the Beduin of the desert and desert fringes into a Sufi movement that combined religious piety with trade. Later, it played a key role in the resistance to French and Italian colonialism. The basis of the movement was laid by the Maghrebi scholar Muhammad b. Ali al-Sanusi (1787-1859), who saw his task as being to advance the growth and spread of Islamic learning, in particular the study of Law and the prophetic tradition.

The Autobiography of Malcolm X Jan 30 2020 REA's MAXnotes for Alex Haley's *The Autobiography of Malcolm X* MAXnotes offer a fresh look at masterpieces of literature, presented in a lively and interesting fashion. Written by literary experts who currently teach the subject, MAXnotes will enhance your understanding and enjoyment of the work. MAXnotes are designed to stimulate independent thought about the literary work by raising various issues and thought-provoking ideas and questions. MAXnotes cover the essentials of what one should know about each work, including an overall summary, character lists, an explanation and discussion of the plot, the work's historical context, illustrations to convey the mood of the work, and a biography of the author. Each chapter is individually summarized and analyzed, and has study questions and answers. Amazon.com Review Malcolm X's searing memoir belongs on the small shelf of great autobiographies. The reasons are many: the blistering honesty with which he recounts his transformation from a bitter, self-destructive petty criminal into an articulate political activist, the continued relevance of his militant analysis of white racism, and his emphasis on self-respect and self-help for African Americans. And there's the vividness with which he depicts black popular culture--try as he might to criticize those lindy hops at Boston's Roseland dance hall from the perspective of his Muslim faith, he can't help but make them sound pretty wonderful. These are but a few examples. The Autobiography of Malcolm X limns an archetypal journey from ignorance and despair to knowledge and spiritual awakening. When Malcolm tells coauthor Alex Haley, "People don't realize how a man's whole life can be changed by one book," he voices the central belief underpinning every attempt to set down a personal story as an example for others. Although many believe his ethic was directly opposed to Martin Luther King Jr.'s during the civil rights struggle of the '60s, the two were not so different. Malcolm may have displayed a most un-Christian distaste for loving his enemies, but he understood with King that love of God and love of self are the necessary first steps on the road to freedom. --Wendy Smith Review Biography, published in 1965, of the American black militant religious leader and activist who was born Malcolm Little. Written by Alex Haley, who had conducted extensive audiotaped interviews with Malcolm X just before his assassination in 1965, the book gained renown as a classic work on black American experience. The Autobiography recounts the life of Malcolm X from his traumatic childhood plagued by racism to his years as a drug dealer and pimp, his conversion to the Black Muslim sect (Nation of Islam) while in prison for burglary, his subsequent years of militant activism, and the turn late in his life to more orthodox Islam. --The Merriam-Webster Encyclopedia of Literature
