Rule #1 Oct 03 2022 #1 NEW YORK TIMES BESTSELLER • “The clearest and best book out there to get you on the path to riches. This one’s special!”—Jim Cramer, host of CNBC’s Mad Money “Great tools for anyone wanting to dabble in the stock market.”—USA Today Phil Town is a very wealthy man, but he wasn’t always. In fact, he was living on a salary of \$4,000 a year when some well-timed advice launched him down a highway of investing self-education that revealed what the true “rules” are and how to make them work in one’s favor. Chief among them, of course, is Rule #1: “Don’t lose money.” In this updated edition to the #1 national bestseller, you’ll learn more of Phil’s fresh, think-outside-the-box rules, including: • Don’t diversify • Only buy a stock when it’s on sale • Think long term—but act short term to maximize your return • And most of all, beat the big investors at their own game by using the tools designed for them! As Phil demonstrates in these pages, giant mutual funds can’t help but regress to the mean—and as we’ve all learned

in recent years, that mean could be very disappointing indeed. Fortunately, Rule #1 takes readers step-by-step through a do-it-yourself process, equipping even the biggest investing-phobes with the tools they need to make quantum leaps toward financial security—regardless of where the market is headed.

*Simple Rules* Aug 21 2021 Outlines an approach to high-performance problem-solving and decision-making that draws on insights from survival guides, pop culture and other sources. Co-written by the award-winning author of *The Upside of Turbulence*. 75,000 first printing.

**Transforming Reading Skills in the Secondary School** Feb 01 2020 Transforming Reading Skills in the Secondary School is a commonsense text designed to help practitioners working in a mainstream context. The book suggests ways to develop the underlying skills necessary for good reading through multiple pathways such as mainstream subject lessons, individual and small group support sessions, whole school initiatives, the use of reading mentors and home-school liaison opportunities. Brimming with ideas and activities, Pat Guy explores a variety of different aspects of reading, including: how reading is taught and why it is such an important skill for the individual how to motivate the reluctant reader the role played by the mainstream & specialist teacher underlying problems pupils may face how to increase parental involvement reasons why a pupil's comprehension might be limited the role of the School Librarian the relevance to reading of vocabulary and general knowledge. Anyone wanting to develop the reading skills of secondary pupils who

struggle will find this a resource they return to time and time again.

The Simple Strategy Nov 04 2022 Learn A Powerful Day Trading Strategy In Less Than 60 Minutes A profitable trading strategy is the most important tool for a trader. This book explains a powerful trend-following day trading strategy for trading futures, stocks, ETFs and Forex. "The Simple Strategy" Is Easy To Understand And To Trade The Simple Strategy is very popular amongst traders for the following reasons: Clear Entry Rules When trading "The Simple Strategy," there's no second-guessing. As you will see, the entry rules are based on indicators - and these rules are black and white. Either the MACD is above the zero line or it isn't. And either the RSI is above 70 or it isn't. The entries are easy to identify and execute. That's why this strategy is called "The Simple Strategy" Clear Exit Rules When trading "The Simple Strategy" you'll know when to exit even before you enter the trade. So, you know exactly how much to risk on any given trade which is essential for precise position sizing and money management. Plus, you can put the trade on auto-pilot once your entry order is filled. This keeps trade management to a minimum. It's easy and simple. Taking advantage of small intraday trends These days trends are short-lived. The times when you could enter the market in the morning and exit the market in the afternoon are over. These days the markets can turn on a dime. Low trading commissions and computerized trading have destroyed the nice and long intraday trends. However, with "The Simple Strategy" you can take advantage of the small intraday trends that we are seeing in

today's markets. You don't need a sophisticated trading software If you want to trade "The Simple Strategy," you only need a charting software with "basic" charting capabilities: Your charting software needs to be able to plot RANGE BARS, BOLLINGER BANDS, MACD and RSI. More than 90% of the charting software packages that are available today have these capabilities. There's no need to buy any proprietary indicators or expensive charting software! In short: "The Simple Strategy" can greatly simplify your trading. \*\*\*

WARNING: This Book Is NOT For Everybody! \*\*\* Do NOT buy this book if... .. You Are Looking For The "Holy Grail" Because it doesn't exist! When trading "The Simple Strategy," there will be losses! Losses are part of our business as traders. The good news: If you follow the rules of "The Simple Strategy," then you will make more money on your profitable trades than you lose on your losing trades. In fact, the risk/reward ratio of this strategy is 1: 1.5, so you can expect to make \$150 for every \$100 you risk. ... You Want To Automate Your Trading Strategies "The Simple Strategy" will give you clear entry signals, but it's up to YOU to decide if you want to take the signal. As an example, I personally do NOT trade right into a major report. And I only trade the first two hours after the markets open, since most trends occur during this time. Makes sense?

Simple Strategies for Developing and Writing Effective E-Newsletters Jan 02 2020 This Element is an excerpt from The Truth About the New Rules of Business Writing (9780137153152) by Natalie Canavor and Claire Meirowitz. Available in print and digital

formats. Crafting e-newsletters that work: quick guidelines for getting started, and getting results. Effective e-newsletters can be very productive for a business, department, or even an individual. They build relationships, keep clients connected, serve as a superb selling tool for new clients, and help focus your branding and marketing. But they must have substance and be simple, direct, concise, readable, and jargon-free. Here are some general guidelines....

33 Simple Strategies for Faculty Oct 11 2020 Winner of the 2020 Scholarly Contributions to Teaching and Learning Award from the American Sociological Association Many students struggle with the transition from high school to university life. This is especially true of first-generation college students, who are often unfamiliar with the norms and expectations of academia. College professors usually want to help, but many feel overwhelmed by the prospect of making extra time in their already hectic schedules to meet with these struggling students. 33 Simple Strategies for Faculty is a guidebook filled with practical solutions to this problem. It gives college faculty concrete exercises and tools they can use both inside and outside of the classroom to effectively bolster the academic success and wellbeing of their students. To devise these strategies, educational sociologist Lisa M. Nunn talked with a variety of first-year college students, learning what they find baffling and frustrating about their classes, as well as what they love about their professors' teaching. Combining student perspectives with the latest research on bridging the academic

achievement gap, she shows how professors can make a difference by spending as little as fifteen minutes a week helping their students acculturate to college life. Whether you are a new faculty member or a tenured professor, you are sure to find *33 Simple Strategies for Faculty* to be an invaluable resource.

**Rubber Band Stocks** Oct 23 2021 Tired of losing money? Ever wish that there was a simple road map that you could follow to learn how to trade profitably? "Rubber Band Stocks" is a simple but powerful way of trading stocks. This strategy is easy to understand and easy to trade. Warren Buffett is famous for saying, "You need to be fearful when others are greedy, and greedy when others are fearful." This sounds easy in principle, but how exactly do you do it in real life? This book will show you how, step-by-step, in clear and easy-to-understand language. Are you a complete newbie? Or a trader who has blown up his account and is ready to start again? Or just someone who is curious how to make money from home, using just a laptop computer? If so, this book is for you. Amazon best-selling author, Matthew Kratter will introduce you to all of the tools that you need in order to profit from market oscillations. You will learn everything you need to know about: How to find the best buy signals How to know when to take profits The one thing you must never do when trading stocks The most effective place to put a stop loss in order to protect yourself Get started today: Scroll to the top of the page and select the "Buy Now" button.

**Simple, Powerful Strategies for Student Centered Learning** Mar 04 2020 This book

reminds us teachers about all the little things we can do to be more student-centric. It shows teachers how to “walk the walk,” and shows teacher educators how to guide colleagues along a student-centered path. The book examines why we should and how we can promote student-student interaction to enable students to learn more and enjoy the process. It also offers simple but effective strategies for enhancing student motivation, a factor that many experts consider to be the most important determinant of success in educational endeavors. In addition, it examines diversity, particularly the many differences that exist among students, and explains simple, easy strategies for how this diversity can be not only taken into consideration, but actively celebrated.

**Rule #1** Aug 01 2022 The self-made millionaire and expert on do-it-yourself investing shares his personal approach to financial and investment success, based on a single, simple, risk-free Rule #1--don't invest to make money, invest to not lose money--and its corollaries, which he uses to build wealth. 250,000 first printing.

**The Big Trade** Apr 28 2022 A powerful, profitable, and elegantly simple system for traders. Markets can be extraordinarily complex, and unfortunately most trading systems are too. The Big Trade presents a new system that helps filter out the noise. It leaves behind only meaningful signals you need to listen to in order to make profitable trades. Employing simple math and charts, it codifies the past behavior of traders in your favourite stock to assist you to recognize high probability trading patterns. Peter Pham's system breaks with

traditional analytical tools and rejects the theory of predictability. Instead, it lets traders understand both how markets are structured and how they behave. The result is a simple action plan that is as effective and applicable for day traders as it is for generational investors. Blending his personal story and analytical techniques, *The Big Trade* guides traders of all experience level to find the probability that a stock price will rise or fall in a particular time period. *The Big Trade*: Gives traders a powerful, yet simple trading methodology Was written by a trader with twelve years of both buy and sell side experience in global equities trading Is appropriate for most styles of trading, including institutional investing and day trading For traders who want a universal approach that works for any market at any time, *The Big Trade* offers a new and effective methodology for successful trading without gimmicks or magic formulas.

**Teach Like Finland: 33 Simple Strategies for Joyful Classrooms** Jan 14 2021 Easy-to-implement classroom lessons from the world's premier educational system. Finland shocked the world when its fifteen-year-olds scored highest on the first Programme for International Student Assessment (PISA), a set of tests touted for evaluating critical-thinking skills in math, science, and reading. That was in 2001; but even today, this tiny Nordic nation continues to amaze. How does Finnish education—with short school days, light homework loads, and little standardized testing—produce students who match the PISA scores of high-powered, stressed-out kids in Asia? When Timothy D. Walker started

teaching fifth graders at a Helsinki public school, he began a search for the secrets behind the successes of Finland's schools. Walker wrote about several of those discoveries, and his Atlantic articles on this subject became hot topics of conversation. Here, he gathers all he learned and reveals how any teacher can implement many of Finland's best practices. Remarkably, Finland is prioritizing the joy of learning in its newest core curricula and Walker carefully highlights specific strategies that support joyful K-12 classrooms and integrate seamlessly with educational standards in the United States. From incorporating brain breaks to offering a peaceful learning environment, this book pulls back the curtain on the joyful teaching practices of the world's most lauded school system. His message is simple but profound: these Finland-inspired strategies can be used in the U.S. and other countries. No educator—or parent of a school-aged child—will want to miss out on the message of joy and change conveyed in this book.

**In The Money** May 06 2020 Most people worry about money, and most people retire broke That's no way to live! Do you ever dream about what your life would be like if you had plenty of money to do all the things you wanted, and knew how to make more whenever you needed? Would it change your life if you found a guaranteed and proven way to become wealthy in less than 10 minutes a week? The solution is in this engaging and easy to read book. **In The Money** shows you the simple 7 Step roadmap to beat the market. Guaranteed! We've tested it as far back as the GFC and it wins through the good times and

the bad. Even through Covid! See the great results for yourself. Complete Beginner? Or Experienced Investor? Whether you are a complete beginner or have been investing for years, this book gives you everything you need to create a wealthy future, free from money worries. Our easy ITM (In The Money) strategy really works. In The Money will show you how to: Beat the stock market - guaranteed ! Get double or triple (or more) market returns - safely Make sure that every dollar is working hard for you In Just 10 Minutes a week We know that you already have a busy life. There are families to take care of, businesses to run, work to do. You can't put everything aside to concentrate on becoming wealthy! That's why we show you how to do it all in just 10 minutes a week. Even if you have never bought a stock before! Beware of the 'Experts' If you don't take control then you are at the mercy of the financial 'experts' who tell you what to do with your money. Once you know how bad the 'expert' advice is, you will never trust it again. Nobody will care about your money more than you do! In the Money shows you how to beat the results of almost all the experts. Easy-to-Follow 7 Step Roadmap to Financial Freedom With our simple road map you can avoid the costly mistakes most people make and build a portfolio which grows at a rate that 'experts' only dream about. Starting small, you can build your wealth and create a secure financially-free future for yourself and your family. About the Author Heather Cullen has been investing in the stock market for over 20 years, and knows what works and what doesn't. She shares her experiences - including her many mistakes! - and shows how she

developed the simple ITM method that always wins. This easy to read, engaging and amusing book will change your approach to making money - and build your wealthy future.

**Good Strategy/Bad Strategy** Jul 28 2019 When Richard Rumelt's Good Strategy/Bad Strategy was published in 2011, it immediately struck a chord, calling out as bad strategy the mish-mash of pop culture, motivational slogans and business buzz speak so often and misleadingly masquerading as the real thing. Since then, his original and pragmatic ideas have won fans around the world and continue to help readers to recognise and avoid the elements of bad strategy and adopt good, action-oriented strategies that honestly acknowledge the challenges being faced and offer straightforward approaches to overcoming them. Strategy should not be equated with ambition, leadership, vision or planning; rather, it is coherent action backed by an argument. For Rumelt, the heart of good strategy is insight into the hidden power in any situation, and into an appropriate response - whether launching a new product, fighting a war or putting a man on the moon. Drawing on examples of the good and the bad from across all sectors and all ages, he shows how this insight can be cultivated with a wide variety of tools that lead to better thinking and better strategy, strategy that cuts through the hype and gets results.

**The 1 Hour Trade** Mar 28 2022 How to Generate an Income, or Grow Your Account Balance - Trading as Little as 1 Hour Daily Is the market beating you up? Do you feel like you're taking one step forward, 2 steps back with your investment income? Would you like

a proven, step-by-step strategy for generating consistent trading profits? Trading is one of the few ways to realistically create your own "Rags to Riches" Story. But it's not a get rich quick strategy that will get you there. The secret is to adopt a laser beam focus on ONE specific strategy until you've mastered it. In "The 1 Hour Trade," you'll get a detailed, step-by-step blueprint that works. Unlike other trading books giving you investment theory, you'll be taught a successful strategy in its entirety, including the specific scanning parameters for locating the trades, the exact analysis decisions you'll need to qualify the trade, and the specific steps to take to execute the trade and come out with a profit. This Book Is Not a "Black Box" Automated Trading System You will need to use your brain, and work hard practicing the analysis process in order to be successful. But if you follow the strategy, and maintain discipline & patience, the setup taught in this book will make you a better, profitable trader. "The 1 Hour Trade" details a short term investment system for getting into stocks making big price gains. The best part? It can be done in as little as an hour after the market opens each morning. You'll learn how to: Scan in real time for stocks poised for huge intraday gains Analyze chart history to identify whether a setup is likely to succeed or not Identify areas that allow for optimal exits in order to maximize profit "Listen" to what the price action and volume are saying about what's likely to unfold You can be a successful trader! Follow this guide and you will learn a proven system for generating profits in the market.

*Diary of a Currency Trader* Nov 11 2020 Looks at author's approach to the retail foreign exchange markets. This book takes you through his personal journey and how he got to where he is today followed by a step-by-step, illustrated description of the strategy he uses and the principles that underlie his approach.

**Reach Out: The Simple Strategy You Need to Expand Your Network and Increase Your Influence** Jul 08 2020 A practical guide to building valuable career

connections—through tools you already have and people you already know Success in life is more than having goals and skills. You need connections. And to get connections, you need to Reach Out—fearlessly, strategically, and every day of the work week. For many, this is a daunting and confusing task. Reach Out shows readers how to use social media and simple digital tools to begin building and expanding the number of people they know. Author Molly Beck explains how to:

- Establish and strengthen your digital presence
- Develop career goals that Reaching Out can help you obtain
- Think strategically about who you have already met, who you could strengthen a relationship with, and who your current connections know
- Determine who to Reach Out to and push past common networking fears to do it
- Apply step-by-step instructions on how to craft email and social media messages to those you want to connect with
- Optimize your efforts by managing both your time and your inbox

The book features personal stories on networking from some of today's top thought leaders. Studies, statistics, and real world examples illustrate the key concepts

of Reaching Out. Whether you're just starting out, changing jobs, or well-established and just eager to know more people, Reaching Out will help you turn career dreams into professional success by helping you connect with others who can put you on the fast track.

**Seven Strategy Questions** Sep 21 2021 Simons presents the seven key questions a manager and his team must continually ask. Drawing on decades of research into performance management systems and organization design, "Seven Strategy Questions" is a no-nonsense, must-read resource for all leaders in any organization.

**The Pumpkin Plan** Apr 16 2021 Each year Americans start one million new businesses, nearly 80 percent of which fail within the first five years. Under such pressure to stay alive—let alone grow—it's easy for entrepreneurs to get caught up in a never-ending cycle of “sell it—do it, sell it—do it” that leaves them exhausted, frustrated, and unable to get ahead no matter how hard they try. This is the exact situation Mike Michalowicz found himself in when he was trying to grow his first company. Although it was making steady money, there was never very much left over and he was chasing customers left and right, putting in twenty-eight-hour days, eight days a week. The punishing grind never let up. His company was alive but stunted, and he was barely breathing. That's when he discovered an unlikely source of inspiration—pumpkin farmers. After reading an article about a local farmer who had dedicated his life to growing giant pumpkins, Michalowicz realized the same process could apply to growing a business. He tested the Pumpkin Plan on his own

company and transformed it into a remarkable, multimillion-dollar industry leader. First he did it for himself. Then for others. And now you. So what is the Pumpkin Plan? Plant the right seeds: Don't waste time doing a bunch of different things just to please your customers. Instead, identify the thing you do better than anyone else and focus all of your attention, money, and time on figuring out how to grow your company doing it. Weed out the losers: In a pumpkin patch small, rotten pumpkins stunt the growth of the robust, healthy ones. The same is true of customers. Figure out which customers add the most value and provide the best opportunities for sustained growth. Then ditch the worst of the worst. Nurture the winners: Once you figure out who your best customers are, blow their minds with care. Discover their unfulfilled needs, innovate to make their wishes come true, and overdeliver on every single promise. Full of stories of other successful entrepreneurs, The Pumpkin Plan guides you through unconventional strategies to help you build a truly profitable blue-ribbon company that is the best in its field.

**Basic Strategy for Housing and Urban Development in the Second Five Year Development Plan (1974-1979).** Oct 30 2019

*Awesomely Simple* Apr 04 2020 The six core strategies to elevate any business-and how to implement them-made simple What do the world's most successful companies and organization have in common? **Volume: Simple Strategies for Turning Success Up in Your Life** Dec 01 2019 Volume: *Simple Strategies for Turning Success Up in Your Life* introduces you to the same 52 strategies, insights and techniques that have helped guide the careers of Grammy Award winners, leading physicians, professors, television personalities and many others. In Volume, author D.K. Sutton writes that in order to move forward in your career or business, you must first look backwards - to the fundamentals of success. These fundamentals are like the volume controls on home audio systems - the more of them you apply in your life, the greater the volume is turned up. Volume teaches you how to virtually eliminate

procrastination; when not to promote your work experience and what to do instead; the one thing that keeps you from enjoying enduring relationships and how to immediately fix it; what you must do to differentiate yourself; how to craft messages others will always remember; and much, much more. Now, go turn it up!

**7 Simple Strategies of Highly Effective Traders** Jun 30 2022 A practical guide to the straightforward and winning strategies of successful traders Trading is best kept simple and focused - that is the way to win. The most successful traders will tell you that they use only a small number of strategies, applying them time after time. A common mistake of losing traders, however, is to overly complicate what they do, using many different strategies at one time, or leading a never-ending search for new strategies. In **7 Simple Strategies of Highly Effective Traders**, Alpesh Patel and Paresh Kiri provide a practical guide to seven

technical analysis trading approaches that are simple, effective and easy to put into practice. These are the kind of strategies professional traders use to manage their trading. Throughout, readers will benefit from the trading insight and expert chart commentary of two vastly experienced traders. Included are strategies for breakout with volume, event trading, mean reversion, moving averages, short-term day trading, and more. The strategies can be used on a wide range of instruments, from equities to forex, bonds and commodities. Most of the approaches can also be used equally on UK, US or international markets. Don't waste money cycling through strategies, pursuing the Holy Grail - follow the winning approach of the pros and keep things simple.

**TIP** Nov 23 2021 Get the results, recognition, and reputation you deserve In TIP, Dave Gordon tells the engaging and motivating story of Brian Davis, an average salesperson who is fired without warning for being average. After 10 years at the same company, he is suddenly faced with no immediate prospects, an uncertain future, and a young family to support. With minimal savings, and determined to not lose everything he's worked for, he reluctantly takes the only job he can get at a popular bar and restaurant called Crossroads. Guided by an unlikely mentor, and insightful colleagues and customers in an unforgiving environment of relentless customer service, he learns the four simple principles of TIP to take control of his life, his career, and his future: 1. Enhanced self-awareness 2. Confident communications 3. Commitment-based actions 4. Fulfillment of a unique value promise TIP is a timeless, inspirational story created to remind anyone in a position judged by performance that the only way to achieve continued recognition and growth in work and life is to take personal accountability for your reputation and results. Whatever your role, or level of success in your career, TIP is a guide that will help you discover, or remember, how

to consistently bring unique value to your team, your organization, and your most important customers. This easy read will provide a strategy for personal success, complete with coaching and action plans.

Invested May 18 2021 In this essential handbook—a blend of Rich Dad, Poor Dad and The Happiness Project—the co-host of the wildly popular InvestED podcast shares her yearlong journey learning to invest, as taught to her by her father, investor and bestselling author Phil Town. Growing up, the words finance, savings, and portfolio made Danielle Town’s eyes glaze over, and the thought of stocks and financial statements shut down her brain. The daughter of a successful investor and bestselling financial author of Rule #1, Phil Town, she spent most of her adult life avoiding investing—until she realized that her time-consuming career as lawyer was making her feel anything but in control of her life or her money. Determined to regain her freedom, vote for her values with her money, and deal with her fear of the unpredictable stock market, she turned to her father, Phil, to help her take charge of her life and her future through Warren Buffett-style value investing. Over the course of a year, Danielle went from avoiding everything to do with the financial industrial complex to knowing exactly how and when to invest in wonderful companies. In *Invested*, Danielle shows you how to do the same: how to take command of your own life and finances by choosing companies with missions that match your values, using the same gold standard strategies that have catapulted Warren Buffett and Charlie Munger to the top of the Forbes

400. Avoiding complex math and obsolete financial models, she turns her father's investing knowledge into twelve easy-to-understand lessons. In each chapter, Danielle examines the investment strategies she mastered as her increasing know-how deepens the trust between her and her father. Throughout, she streamlines the process of making wise financial decisions and shows you just how easy—and profitable—investing can be. Capturing a warm, charming, and down-to-earth give and take between a headstrong daughter and her mostly patient dad, *Invested* makes the complex world of investing simple, straightforward, and approachable, and will help you formulate your own investment plan—and foster the confidence to put it into action.

*The World's Simplest Stock Picking Strategy* Jan 26 2022 Every investor needs an edge. Professional investors on Wall Street have the best education, the deepest knowledge of company accounts, the latest technology, and teams of analysts at their disposal to help them identify the best stock investments. That is their edge. As a part-time, individual investor, you cannot compete on their turf. What can you do? This is where *The World's Simplest Stock Picking Strategy* comes in. As you go about your life, there are companies you interact with regularly as a consumer. Some companies will stand out to you as having remarkable products or services, which you use time and again, and which you imagine yourself using long into the future. You may not have realised it, but you have an excellent knowledge of those companies. This is your edge. This is where you should invest. In *The*

World's Simplest Stock Picking Strategy, Wall Street equity adviser Edward Ryan describes the investment strategy he has used for his own personal investments for the last ten years and shows you, step by step, with full practical guidance, how to put it into practice yourself. You do not need to know how to read company accounts, you do not need an MBA, and you do not need to spend hours each weekend reading the business pages. The strategy is simple and accessible to anyone who is a regular consumer of products and services in their daily life. What's more, The World's Simplest Stock Picking Strategy also has built-in steps to help the investor construct a balanced portfolio, invest during market pullbacks when other investors are fearful, avoid overtrading, and deal with the sticky problem of when to sell an investment. These are all things that professional investors struggle with, but they are taken care of by The World's Simplest Stock Picking Strategy. If you are ready to take a strategic approach to investing in stocks and start out on the road to building long-term wealth, The World's Simplest Stock Picking Strategy is your essential guide.

**Simple Strategies for Teaching Children at Risk, K-5** Aug 09 2020 Easy to implement strategies teachers can use right now Opinions differ on how to define students who are “at risk”. Most teachers agree that they are seeing more children hit academic roadblocks due to limited academic experiences, challenging environments, ADHD, or behavioral problems. Melissa Stormont and Cathy Thomas draw upon their in-school experiences to offer K–5

teachers practical tools for building relationships with these children. Readers will discover simple and easy-to-implement strategies for developing academic aptitude and social behavior as well as how to: Identify who is at risk for failure and why Build positive teacher-student relationships and establish supportive groups among children Incorporate technology supports, and Know when and how to involve professionals and families

*Cash Cows, Pigs and Jackpots* Jun 26 2019 A contrarian and controversial look at personal finance, and a super simple strategy for making—and keeping—more money Traditional financial wisdom persuades us to grow our net worth and build our assets. But traditional financial wisdom is often wrong. In *Cash Cows, Pigs and Jackpots: The Simplest Personal Finance Strategy You'll Ever See*, author and Chartered Accountant David Trahair challenges everything we think we know about managing our money, suggesting that that we follow the lead of the financial institutions that are leading us down the path to financial ruin. The banks, brokers, and investment companies of the world make enormous sums of money because they know that cash is king and they know how to guarantee cash flow from their clients on a continual basis. They aren't making the bulk of their money from investing in the stock market—they're leeching it from regular people like you, every minute of every day. *Cash Cows, Pigs and Jackpots* turns the tables, showing that the biggest cash cow we have is ourselves. Instead of chasing a dream that will never come true, it presents a financial plan so simple even a 10-year-old could understand it. Explains why the common consensus

about making money is inherently flawed Presents an incredibly simple, easy-to-follow plan for really making and saving money Exposes the dangers of trusting money to a bank or broker Helping you break asset addiction, get out of debt, and increase your personal cash flow—and your wealth with it, Cash Cows, Pigs and Jackpots explains how bringing more cash into your life and watching carefully where it goes will allow you to save more, live the life you want, and avoid as much risk as possible—a great strategy going into the stormy financial years to come

**More Sales, Less Time** Aug 28 2019 "I felt like time was taunting me: 'Behind again? You'll never get it all done.' I worked harder and longer hours, sacrificing my limited personal time to stay ahead of the game. Still, it wasn't sufficient. My work just kept expanding, demanding more of me. I could never seem to call it a day. In my entire career, I'd never faced a sales problem of this magnitude." Sound familiar? If so, you're probably an overwhelmed seller. Your clients expect more, with faster turnarounds. Your quota keeps going up. You need to leverage social media, keep up-to-date on your industry, figure out how to sell new products and services, and learn all the latest technologies. The demands are never-ending. You could work nonstop around the clock and still not get it all done. It's a huge problem faced by experienced sales pros, busy entrepreneurs, and sales rookies. If

you don't stay on top of your time, it's tough to make your numbers, let alone blow them away. Konrath, a globally recognized sales consultant and speaker, knew she needed help, but found that advice aimed at typical workers didn't work for her—or for others who needed to sell for a living. Salespeople need their own productivity guidelines adapted to the fast-paced, always-on sales world. So Konrath experimented relentlessly to discover the best time-savers and sales hacks in order to deliver the first productivity guide specifically for sales success. In *More Sales, Less Time*, Konrath blends cutting-edge behavioral research with her own deep knowledge of sales to teach you how to succeed in this age of distraction. You'll discover how to:

- Reclaim a minimum of one hour per day by eliminating major time sucks and changing the way you tackle e-mail and social media.
- Free up time to focus on activities that have the highest impact on your sales results, such as preparing, researching, strategizing, and connecting with customers.
- Optimize your sales processes to eliminate redundancies and wasted time.
- Transform your mind-set to effortlessly incorporate new, more productive habits; leverage your best brainpower; and stay at the top of your sales game.

Konrath helps you develop strategies specifically tailored to your life in sales, using your strengths to cut through the feeling of being overwhelmed. All salespeople have the same number of hours in a day; it's up to you to rescue your time to sell smarter.
