The Coffeeist Manifesto Mar 28 2022 Make Coffee and Espresso at home! Make sure you're not getting ripped off at your local coffee shop! Revised and Expanded Second Edition for 2016 50% Additional Content This 'coffee for beginners' book will take you from zombie to full on coffee geek by teaching you everything from the basics of coffee brewing to coffee roasting at home. I've always loved coffee and wanted to know more about it, but I hated all the pretense and mystique that surrounded it. Most of all, I hated walking into a coffee shop and feeling like I had to learn a new language just to order my black coffee. Still... Coffee is more than just a caffeine delivery system! This book sets the record straight and separates fact from fiction. Description from 1st Edition I, too, was a coffee zombie, walking around calling myself a coffee lover. For years I stumbled around in a daze drinking stale, bitter coffee and grumbling "beans... beans...." Thank Goodness I finally woke up to the world of coffee. By Immersing myself in the coffee world

via reading every book I could find, visiting trade fairs, every high-end cafe I could find, and barista competitions, I realized that, while there is a huge amount of information out there free on the Internet and in artisan coffee shops, there was no single resource that connects all the dots and spells it all out for confused novice coffee drinkers. Until now. Fact: Making a great cup of coffee requires focus and commitment. This means that to make a billion dollar for-profit coffee franchise, you MUST find ways to cut corners and short change your customers. Fact: There are some GREAT coffee shops out there that care about coffee and customers and are worth every penny they charge, but they can be hard to identify, making it easy to just settle for familiar chain coffee. Fact: Making very good coffee is NOT THAT HARD. With a minimal investment in time and education you can make the best cup of coffee you've ever had in your life in the comfort of your own home. This book shows exactly why billion dollar for-profit coffee chains are inherently unable to produce coffee of the quality you can make in the kitchen. The *Coffeeist Manifesto* is half self-defense manual and half how-to instructional. By the end of it, any coffee beginner will have a foundational understanding of the coffee industry and know how to identify the good coffee shops from the bad ones. But most importantly, you'll know how to beat them at their own game by making coffee at home that blows the cafes out of the water. Table of Contents: Part I -Coffee Theory *Coffeeists of the World, Unite!* History The Politics of Coffee Barista's Dilemma Coffee Myths (caffeine facts, health, etc) Four Keys to Killer Coffee Coffee Roasting at Home Part II - Coffee Brewing Methods Zen and the Art of Brewing Coffee Instant Coffee Cowboy Coffee Cold Brew Percolator Pot Coffee Pot Press Pot/French Press Aeropress Pour Over/ Mr. Clever Vacuum Pot Regional Variations Trendy coffee brew methods Part III - Espresso A word about Espresso Moka Pot ("stovetop espresso") Grinders ROK Espresso Machine Rancilio Silvia Espresso Variations Part IV - The Truth About Coffee Shops Coffee Shop Appreciation Coffee Tourism The Rules Decoding the Menu Other Coffee Drinks Coffee Recipes -Green tea extract -Butter Coffee / Paleo Coffee / "Bulletproof coffee" -"Umpkinpay Picesay" latte From *Coffeeist* to Aficionado In summary, there's no shame in not being an expert on coffee. dummies like us, I teach you what you need to know to go out and explore the world of coffee for yourself.

Firefly Junction Cozy Mystery Series Nov 11 2020 This volume contains the first three complete cozy mysteries in London Lovett's Firefly Junction Cozy Mystery series. Join Sunni Taylor, Brady 'Jax' Jackson and the Cider Ridge ghost for three cozy mysteries with fun paranormal twists. Death in the Park (Book 1) With her social life and writing career in tatters at the ripe old age of thirty-five, Sunni Taylor decides to pack up her things and join her sisters, Lana and Emily, in the small town of Firefly Junction. Hoping to open a bed and breakfast, Sunni sets herself the task of refurbishing the rundown Cider Ridge Inn, a two-hundred-year-old house with a sordid past. In the meantime, she's stuck writing dull human interest stories for the Junction Times. But when Sunni decides to bend the rules on her first newspaper assignment, she soon finds herself in her favorite place—right in the center of a murder investigation. Now if she can just steer clear of the cocky, irritating and far too appealing local detective, Brady "Jax" Jackson. It isn't long before Sunni discovers that avoiding Jax is a piece of cake compared to staying clear of the equally cocky, irritating and far too appealing two-hundred-year-old ghost

haunting the halls of the Cider Ridge Inn. Killer Bridal Party (Book 2) When a bridal shower in the woods turns deadly, Sunni sets her sights on solving the tragic case. Journalist, and occasional sleuth, Sunni Taylor is working hard on restoring the Cider Ridge Inn to its former glory so that she can open a bed and breakfast, but Edward Beckett, the resident ghost, is not exactly helpful. Still, Sunni has grown used to having the arrogant gentleman spirit hanging around. Despite her busy life, Sunni offers to help her sister Lana set up a bridal shower camping party in the mountains behind the inn. The festivities end in disaster when the maid of honor ends up dead. Now Sunni finds herself back in the center of a murder investigation and face to face with the absurdly charismatic Detective Brady Jackson. Sunni is determined to beat the detective to the clues and solve the murder mystery herself. Murder at the Inn (Book 3) When the Applegate Paranormal Preservation Society visits Firefly Junction, Sunni Taylor finds herself tasked with writing an article about the group as well as hosting them for an evening at the Cider Ridge Inn. Why We Suck Oct 30 2019 The New York Times bestseller One of America's most original and biting comic satirists, Denis Leary takes on all the poseurs, politicians, and pop culture icons who have sucked in public for far too long. Sparing no one, Leary zeroes in on the ridiculous wherever he finds it—his Irish Catholic upbringing, the folly of celebrity, the pressures of family life, and the great hypocrisy of politics—with the same bright, savage, and profane insight he brought to his critically acclaimed one-man shows No Cure for Cancer Lock 'n Load. Proudly Irish-American, defiantly working class, with a reserve of compassion for the underdog and the overlooked, Leary delivers blistering diatribes that are both penetrating social commentary with no holds barred and laugh-out-loud funny. As always, Leary's impassioned comic perspective in Why We Suck is right on target. Leary is the star and co-creator of the Emmy-nominated television show Rescue Me.

The Question of Caffeine Oct 03 2022 Because of its ability to reduce tiredness, sleep deprivation and improve alertness, caffeine emerged in the twenty-first century as a miraculous specific, which allows humans to cross their normal physiological and psychological body limits. Its attractiveness comes from its natural origins and strong psycho-stimulating properties, with relatively weak side effects. Caffeine studies carry the hope to understand the associations between inherited genotype and drug action and to find highly personalized treatments for various diseases, more sophisticated drug delivery systems, safer ways of protecting plants and cheap, renewable fuels. This book consists of chapters covering caffeine history, methods of its determination and not only astonishing medicinal but also non-medicinal applications. It is our hope that every reader will find in this book something interesting, inspiring, informative and stimulating.

Caffeinated Jun 26 2019 "You'll never think the same way about your morning cup of coffee."—Mark McClusky, editor in chief of Wired.com and author of *Faster, Higher, Stronger* Journalist Murray Carpenter has been under the influence of a drug for nearly three decades. And he's in good company, because chances are you're hooked, too. Humans have used caffeine for thousands of years. A bitter white powder in its most essential form, a tablespoon of it would kill even the most habituated user. This addictive, largely unregulated substance is everywhere—in places you'd expect (like coffee and chocolate) and places you wouldn't (like chewing gum and fruit juice), and Carpenter reveals its impact on soldiers, athletes, and even children. It can make you stronger, faster, and more alert, but it's not perfect, and its role in health concerns like obesity and anxiety will surprise you. Making stops at the coffee farms of central Guatemala, a synthetic caffeine factory in China, and an energy shot bottler in New Jersey, among numerous other locales around the globe, *Caffeinated* exposes the high-stakes but murky world of caffeine, drawing on cutting-edge science and larger-than-life characters to offer an unprecedented understanding of America's favorite drug.

The Leader's SEECret Jun 18 2021 Are you a current or emerging Christian leader who yearns to make a significant long-term difference? Do you sometimes wonder how to distinguish what is imperative from what is important? Are you a board member who wants your church or parachurch leadership team to become more intentional and on-target about doing the right things the right way? The Leader's SEECret is a parable that explores and applies God's Word to today's world of leadership diversions. It delves underneath the surface issues of a leader's or manager's knowledge and skills. The Leader's SEECret will help you discover, understand, and apply ten core features of one ancient principle. You will understand how to infuse the situations you face as a leader or manager with that timeless reality. And you will learn how you can inspire your staff to do so, too. Along the way, The

Leader's SEECret shows the failure and regret a leader causes when his or her current leadership priorities conflict with lifetime purposes. This story comes in a concise, get-to-the-point writing style, making it very helpful for individual or group study. One warning: The principle undergirding LeaderSlip is simple---but not necessarily easy. If you take the challenge, you will become a more effective leader and---perhaps even more crucial---you will protect yourself from eventual failure.
