Het boek schetst een breed panorama dat laat zien hoe verschillende generaties auteurs de Holocaust tot uitdrukking hebben gebracht. Er is aandacht voor de literatuur van ooggetuigen (Primo Levi, Elie Wiesel, Jean Am é ry, Paul Steinberg), voor de literatuur van auteurs die ten tijde van de Tweede Wereldoorlog kinderen waren (Jona Oberski, Ischa Meijer, Ruth Kl ü ger, Aharon Appelfeld, Saul Friedl ä nder, Lisette Lewin, Chajja Polak, Judith Herzberg) en voor de overgang van autobiografie naar fictieve verbeelding (Imre Kert é sz). [Traumatic Stress](#) Sep 19 2021 This bestselling classic presents seminal theory and research on posttraumatic stress disorder (PTSD). Together, the leading editors and contributors comprehensively examine how trauma affects an individual's biology, conceptions of the world, and psychological functioning. Key topics include why certain people cope successfully with traumatic experiences while others do not, the neurobiological processes underlying PTSD symptomatology, enduring questions surrounding traumatic memories and dissociation, and the core components of effective interventions. A highly influential work that laid the foundation for many of the field's continuing advances, this volume remains an immensely informative and thought-provoking clinical reference and text. The preface to the 2007 paperback edition situates the book within the context of contemporary research developments.

[Interactions with a Violent Past](#) Oct 21 2021 The Second and Third Indochina Wars are the subject of important ongoing scholarship, but there has been little research on the lasting impact of wartime violence on local societies and populations, in Vietnam as well as in Laos and Cambodia. Today's Lao, Vietnamese and Cambodian landscapes bear the imprint of competing violent ideologies and their perilous material manifestations. From battlefields and massively bombed terrain to reeducation camps and resettled villages, the past lingers on in the physical environment. The nine essays in this volume discuss post-conflict landscapes as contested spaces imbued with memory-work conveying differing interpretations of the recent past, expressed through material (even, monumental) objects, ritual performances, and oral narratives (or silences). While Cambodian, Lao and Vietnamese landscapes are filled with tenacious traces of a violent past, creating an unsolicited and malevolent sense of place among their inhabitants, they can in turn be transformed by actions of resilient and resourceful local communities.

[Deutsche Exilliteratur im niederl ä ndisch-deutschen Beziehungsgeflecht](#) Sep 07 2020 Das Buch verfolgt die Kommunikation von Autoren und Verlegern, die ab 1933 aus den deutschsprachigen Gebieten in die Niederlande flohen, und erforscht ihre Rezeption und Weiterwirkung in den Perioden vor, w ä hrend und nach dem Krieg. Durch die Exilverlage Querido und Allert de Lange wurde Amsterdam zum Zentrum der Produktion und des Vertriebs der Exilliteratur. Die niederl ä ndisch-deutschen Verflechtungen waren international vernetzt, aber der Markt f ü r die B ü cher innerhalb der Niederlande war relativ gro ß und niederl ä ndische Übersetzer und Rezensenten bem ü hten sich um ihre Verbreitung. Einige Autoren lie ß en sich langj ä hrig in Holland nieder. Fallbeispiele einzelner Schriftsteller und Verleger bilden ein Gewebe von Lebens- und Rezeptionsgeschichten bis heute. Durch die viel ä ngere Zeitperspektive unterscheidet sich dieses Buch von der bisherigen Exilforschung. Es zeigt Ver ä nderungen in der Wahrnehmung der Exilliteratur unter sich wandelnden gesellschaftlichen und politischen Bedingungen. Durch die Verkn ü pfung individueller Geschichten wurde versucht, einer modernen Darstellung der Literaturgeschichte gerecht zu werden.

[The Hero and His Shadow](#) Aug 19 2021 In an era in which all seemed to dwell in the self-imposed solitary confinement of virtual reality, life in vitro behind the screen, the young take to the streets and gather in the squares. Attempting to break the bonds of oppressive regimes and cold-hearted mamonism, they have raised their voice across the globe, demanding freedom, solidarity, and justice. Will these voices persevere to withstand the strong, silencing forces of darkness, of ruthlessness and oppression? Will the Voice of Wisdom be listened to, so that we may "dwell safely, without fear of evil." (Prov. 1:33) [The Hero and His Shadow: Psychopolitical Aspects of Myth and Reality in Israel](#) introduces a psychological perspective on the history, development, and myths of modern Israel. The realization of Zionism relied on the pioneer, who revolted against the Way of the Father and sought spiritual redemption through the revival of Mother Earth in the ancient land. Myth and history, psyche and matter are constantly intertwined in the birth and development of Israel, for example when in the Declaration of Independence we are told that pioneers make deserts bloom, the text actually says they make spirits blossom. Pioneer, guardsman and then warrior were admired hero-ideals. However, in the shadow of the hero and the guiding myths of revolt, redemption, strength and identity-change, are feelings of despair, doubt, weakness and fear. Within renewal, lurks the threat of annihilation. Suppressed aspects of past and present myths, which linger in the shadow, are exposed. Psychological consequences of Israel's wars, from independence to the present war of terror, are explored on a personal note and from a psychoanalytic perspective. Shadow aspects of the conflicting guiding myths Peace and Greater Israel are examined, as well as mythical connections, such as between Jerusalem and the respective archetypal images of Wholeness and Satan.

[Children in the Holocaust, children in exile, children under fascism](#) Jun 24 2019 Die vorliegenden siebzehn Beitr ä ge basieren weitgehend auf den Vortr ä gen der im Oktober 1996 an der University of Nevada in Reno veranstaltenden Konferenz Children in the Holocaust - Children in Exile - Children under Fascism. Die Tagung besch ä ftigte sich erstmals mit den einschneidenden, oft nicht wieder auszul ö schenden traumatischen Erfahrungen von Kindern im nationalsozialistischen Deutschland, im Exil und im Holocaust. Mit dem Jahr 2000 - also in weniger als zwei Jahren - geh ö rt der Holocaust, den auch Daniel J. Goldhagen als das schockierendsten Ereignis des zwanzigsten Jahrhunderts bezeichnet, das innerhalb der deutschen Geschichte am schwierigsten zu verstehen sei, zu den Ereignissen des sogenannten 'Letzten Jahrhunderts'. Ist es darum nicht geboten, die Auseinandersetzung mit diesen Ereignissen, die f ü r viele Menschen selbst heute noch mit schweren Ä ngsten verbunden sind, unter neuen Gesichtspunkten zur Diskussion zu bringen, damit die Thematik auch ü ber die Schwelle zum n ä chsten Jahrhundert hinweg in unseren Sichtweite nichts an ihrer Ungeheuerlichkeit einb ü ß e?

[Lessons and Legacies](#) Mar 14 2021 "In the courtroom and the classroom, in popular media, public policy, and scholarly pursuits, the Holocaust-its origins, its nature, and its implications-remains very much a matter of interest, debate, and controversy. Arriving at a time when a new generation must come to terms with the legacy of the Holocaust or forever lose the benefit of its historical, social, and moral lessons, this volume offers a richly varied, deeply informed perspective on the practice, interpretation, and direction of Holocaust research now and in the

future. In their essays the authors-an international group including eminent senior scholars as well those who represent the future of the field-set the agenda for Holocaust studies in the coming years, even as they give readers the means for understanding today's news and views of the Holocaust, whether in court cases involving victims and perpetrators; international, national, and corporate developments; or fictional, documentary, and historical accounts. Several of the essays-such as one on nonarmed "amidah" or resistance and others on the role of gender in the behavior of perpetrators and victims-provide innovative and potentially significant interpretive frameworks for the field of Holocaust studies. Others; for instance, the rounding up of Jews in Italy, Nazi food policy in Eastern Europe, and Nazi anti-Jewish scholarship, emphasize the importance of new sources for reconstructing the historical record. Still others, including essays on the 1964 Frankfurt trial of Auschwitz guards and on the response of the Catholic Church to the question of German guilt, bring a new depth and sophistication to highly charged, sharply politicized topics. Together these essays will inform the future of the Holocaust in scholarly research and in popular understanding."--De l' é diteur.

Reappraising the History of the Jews in the Netherlands Mar 26 2022 The two decades since the last authoritative general history of Dutch Jews was published have seen such substantial developments in historical understanding that new assessment has become an imperative. This volume offers an indispensable survey from a contemporary viewpoint that reflects the new preoccupations of European historiography and allows the history of Dutch Jewry to be more integrated with that of other European Jewish histories. Historians from both older and newer generations shed significant light on all eras, providing fresh detail that reflects changed emphases and perspectives. In addition to such traditional subjects as the Jewish community's relationship with the wider society and its internal structure, its leaders, and its international affiliations, new topics explored include the socio-economic aspects of Dutch Jewish life seen in the context of the integration of minorities more widely; a reassessment of the Holocaust years and consideration of the place of Holocaust memorialization in community life; and the impact of multiculturalist currents on Jews and Jewish politics. Memory studies, diaspora studies, postcolonial studies, and digital humanities all play their part in providing the fullest possible picture. This wide-ranging scholarship is complemented by a generous plate section with eighty fully captioned colour illustrations.

Strepen aan de hemel Mar 02 2020 Pas veertig jaar nadat Gerhard Durlacher in mei 1945 bevrijd werd door de Russen, kon hij spreken over de verschrikkingen die hij had meegemaakt. In een indrukwekkend literair oeuvre doet hij verslag van de toenemende antisemitische dreiging tijdens zijn kinderjaren in Duitsland, de vlucht van het gezin naar Nederland, zijn jaren in Westerbork en de deportatie in mei 1944 naar Auschwitz-Birkenau. Hij is zestien als hij een jaar later wordt bevrijd uit kamp Schotterwerk, Groß-Rosen; zeventien als hij in Nederland aankomt, waar niemand op hem wacht. Geschreven in een haast nuchtere stijl, is Durlachers literaire nalatenschap een monument tegen het vergeten. Arnon Grunberg verzorgde het voorwoord bij deze verzameling van Durlachers verhalen.

Maybe Luck Isn't Just Chance Apr 14 2021 In simple, forthright and honest prose, noted literary agent Ruth Liepman shares her amazing life story - one that saw two world wars and the collapse of empires - and her love of books and writers. Born into a middle-class doctor's family, the young Ruth Lilienstein was raised in Hamburg, studied law, and found herself drawn increasingly toward the ideals of the Communist Party. When Hitler came to power in 1933, she had to flee because of her political activism, not because she was Jewish; she settled in Holland, where she remained until late 1945. There she worked for the Swiss consul, acquiring a Swiss passport and thus protection. When the Nazis occupied Amsterdam, she was able to continue vital work helping many refugees get visas out of Europe, fix their passports, hide their families, even risking her own life by going back into Nazi Germany. Eventually she found herself in danger and was hidden by a Dutch family in the countryside. Soon after the end of the war, Ruth returned to Hamburg, where she married the journalist Heinz Liepman. In 1949 they started what would become one of the most respected literary agencies in the world. Ruth runs the agency to this day, and she includes in this book many thoughts and reflections on her years working with books and authors.

Darkest Christmas Nov 21 2021 December 1942 saw the bloodiest Christmas in the history of mankind. From the islands in the Pacific to the China front, from the trenches in Russia to the battle lines in North Africa, in the skies over Europe and in the depths of the Atlantic, men were killing each other in greater numbers than ever before. The Holocaust continued, and innocent civilians were murdered by the thousands throughout the evil Nazi empire, even as the perpetrators celebrated the birth of Christ. Millions stationed in far-off lands amid the greatest conflict in human history feared this was their last Christmas in freedom, or their last Christmas alive. At the same time as the slaughter continued unabated, throughout the world there were random acts of kindness, born out of an instinctive feeling of the essential brotherhood of man. These gestures also straddled religious barriers and sometimes included those of non-Christian faiths. Even some Japanese, otherwise embarked on a self-declared crusade against the West, relented for a few precious hours in acknowledgment of the holiday. At the same time, Christmas 1942 saw the injunction of good will to man distorted in ugly and callous ways. At Auschwitz, SS guards played cruel games with their prisoners. In Berlin, the German heart of darkness, Propaganda Minister Joseph Goebbels spent time with his family while still buried in feverish fantasies about the Jewish world conspiracy. Christmas 1942 saw the entire range of man's conduct towards his fellow man, reflecting the extremes of behavior, good and bad, that World War II gave rise to. The way the holiday was marked around the world tells a deeper and more universal story of the human condition in extraordinary times.
