John Deere Two-Cylinder Collectibles : Collector's Reference Guide Mar 26 2022 Two classic love stories in a keepsake edition that will heat up your winter! The Winter Soldier Everyone in Jacobsville, Texas, steered clear of taciturn Cy Parks-everyone but the spirited Lisa Monroe, who electrified the formidable loner with her tantalizing kisses. Their fiery passion escalated when the soldier returned from the line of duty-and claimed Lisa as his bride, to shield her from a revenge-seeking desperado. Clearly Cy was getting mighty possessive of this enchanting woman who needed the type of safeguarding only he could provide. But who would protect the beguiling bride from him...' Cattleman's Pride He was strong, seductive and set in his ways. She was shy, unassuming and

achingly innocent. Yet when Jordan made it his personal crusade to help Libby hold on to her beloved homestead, everyone in Jacobsville knew it was just a matter of time before wedding bells chimed. But a cattleman's pride was a force to be reckoned with. Could Libby accomplish what no woman had before and tame this Long, Tall Texan's restless heart?

The Jet Sex Jul 18 2021 In the years after World War II, the airline stewardess became one of the most celebrated symbols of American womanhood. Stewardesses appeared on magazine covers, on lecture circuits, and in ad campaigns for everything from milk to cigarettes. Airlines enlisted them to pose for publicity shots, mingle with international dignitaries, and even serve (in sequined minidresses) as the official hostesses at Richard Nixon's inaugural ball. Embodying mainstream America's perfect woman, the stewardess was an ambassador of femininity and the American way both at home and abroad. Young, beautiful, unmarried, intelligent, charming, and nurturing, she inspired young girls everywhere to set their sights on the sky. In *The Jet Sex*, Victoria Vantoch explores in rich detail how multiple forces—business strategy, advertising, race, sexuality, and Cold War politics—cultivated an image of the stewardess that reflected America's vision of itself, from the wholesome girl-next-door of the 1940s to the cosmopolitan glamour girl of the Jet Age to the sexy playmate of the 1960s. Though airlines marketed her as the consummate hostess—an expert at pampering her mostly male passengers, while mixing martinis and allaying their fears of flying—she bridged the gap between the idealized 1950s housewife and the emerging "working woman." On the international stage, this select cadre of women served as ambassadors of their nation in the propaganda clashes of the Cold War. The stylish Puccin-clad American stewardess represented the United States as middle class and consumer oriented—hallmarks of capitalism's success and a stark

contrast to her counterpart at Aeroflot, the Soviet national airline. As the apotheosis of feminine charm and American careerism, the stewardess subtly bucked traditional gender roles and paved the way for the women's movement. Drawing on industry archives and hundreds of interviews, this vibrant cultural history offers a fresh perspective on the sweeping changes in twentieth-century American life.

Volkswagen Transporter Workshop Manual, 1963-1967 Jun 04 2020 Just as the Beetle started a long tradition of Volkswagen automotive excellence, these are the manuals that created the Bentley reputation for clarity, thoroughness, and indispensability. Our air-cooled Volkswagen manuals provide both do-it-yourself owners and professional mechanics with clear explanations and illustrations, detailed service steps, and time-saving troubleshooting tips. In the same tradition as our classic 1961-1965 Type 1 manual, this manual offers owners of 1960s vintage Transporters the long out-of-print factory repair information.

Indispensable to anyone interested in the history or restoration of the Transporter, this book includes complete coverage of 1200 and 1500 engines, dual-circuit brakes, and body dimension specifications for all models, including those with a sliding sunroof. All factory updates are listed by chassis number and date introduced. This is the one book no serious Type 2 enthusiast should be without.
