Tracers in the Dark Nov 11 2020 From the award-winning author of Sandworm comes the propulsive story of a new breed of investigators who have cracked the Bitcoin blockchain, exposing once-anonymous realms of money, drugs, and violence. "A gripping, stranger-than-fiction tale of how a small team of geeks and federal agents cracked what was once thought to be untraceable cryptocurrency." —Garrett M. Graff, New York Times bestselling author of The Only Plane in the Sky and Watergate Over the last decade, a single innovation has massively fueled digital black markets: cryptocurrency. Crime lords inhabiting lawless corners of the internet have operated more freely—whether in drug dealing, money laundering, or human trafficking—than their analog counterparts could have ever dreamed of. By transacting not in dollars or pounds but in currencies with anonymous ledgers, overseen by no government, beholden to no bankers, these black marketeers have sought to rob law enforcement of their chief method of cracking down on illicit finance: following the money. But what if the centerpiece of this dark economy held a secret, fatal flaw? What if their currency wasn't so cryptic after all? An investigator using the right mixture of technical wizardry, financial forensics, and old-fashioned persistence could uncover an entire world of wrongdoing. *Tracers in the Dark* is a story of crime and pursuit unlike any other. With unprecedented access to the major players in federal law enforcement and private industry, veteran cybersecurity reporter Andy Greenberg tells an astonishing saga of criminal empires built and destroyed. He introduces an IRS agent with a defiant streak, a Bitcoin-tracing Danish entrepreneur, and a colorful ensemble of hardboiled agents and prosecutors as they delve deep into the crypto-underworld. The result is a thrilling, globe-spanning story of dirty cops, drug bazaars, trafficking rings, and the biggest takedown of an online narcotics market in the history of the Internet. Utterly of our time, *Tracers in the Dark* is a cat-and-mouse story and a tale of a technological one-upmanship. Filled with canny maneuvering and shocking twists, it answers a provocative question: How would some of the world's most brazen criminals behave if they were sure they could never get caught?

Fires in the Dark Apr 04 2020 *Fires In the Dark* reveals the highly secretive and misunderstood world of the coppersmith gypsies. In 1927, when prosperity still reigns in Central Europe, Yenka is born to two Coppersmith Gypsies. His parents, Josef and Anna, are nomads who raise their son during the relative calm of the Great Depression of the 1930s. Soon, though, dangerous times threaten to unsettle their family, as their heritage makes them vulnerable targets for ethnic cleansing. As Germany invades Czechoslovakia and the conflicts of World War II begin to unfold, Yenka and his parents become fugitives, forced on a journey that promises only great uncertainty and offers survival as a remote possibility. In the course of their flight, the burden of an ancient tradition rests entirely on Yenka's shoulders. In capturing the desperation and perseverance of one family during an extraordinary time in history, Louise Doughty pays powerful homage to an insular and little-known culture.

Vacuum in the Dark Aug 09 2020 From the Whiting Award-winning author of Pretend I'm Dead and one of the most exhilarating new voices in fiction, a "thoroughly delightfully, surprisingly profound" (Entertainment Weekly) one-of-a-kind novel about a cleaning lady named Mona and her struggles to move forward in life. Soon to be an FX television show starring Lola Kirke. Mona is twenty-six and cleans houses for a living in Taos, New Mexico. She moved there mostly because of a bad boyfriend—a junkie named Mr. Disgusting, long story—and her efforts to restart her life since haven't exactly gone as planned. For one thing, she's got another bad boyfriend. This one she calls Dark, and he happens to be married to one of Mona's clients. He also might be a little unstable. Dark and his wife aren't the only complicated clients on Mona's roster, either. There's also the Hungarian artist couple who—with her addiction to painkillers and his lingering stares—reminds Mona of troubling aspects of her childhood, and some of the underlying reasons her life had to be restarted in the first place. As she tries to get over the heartache of her affair and the older pains of her youth, Mona winds up on an eccentric, moving journey of self-discovery that takes her back to her beginnings where she attempts to unlock the key to having a sense of home in the future. The only problems are Dark and her past. Neither is so easy to get rid of. Jen Beagin's *Vacuum in the Dark* is an unforgettable, astonishing read, "by turns nutty and forlorn...Brash, deadpan, and achingly troubled" (O, The Oprah Magazine). Beagin is "a wonderfully funny writer who also happens to tackle serious subjects" (NPR).

Hunters in the Dark Jun 06 2020 From the novelist the New York Times compares to Paul Bowles, Evelyn Waugh and Ian McEwan, an evocative new work of literary suspense Adrift in Cambodia and eager to side-step a life of quiet desperation as a small-town teacher, 28-year-old Englishman Robert Grieve decides to go missing. As he crosses the border from Thailand, he tests the threshold of a new future. And on that first night, a small windfall precipitates a chain of events-- involving a bag of "jinxed" money, a suave American, a trunk full of heroin, a hustler taxi driver, and a rich doctor's daughter-- that changes Robert's life forever. *Hunters in the Dark* is a sophisticated game of cat and mouse redolent of the nightmares of Patricia Highsmith, where identities are blurred, greed trumps kindness, and karma is ruthless. Filled with Hitchcockian twists and turns, suffused

with the steamy heat and pervasive superstition of the Cambodian jungle, and unafraid to confront difficult questions about the machinations of fate, this is a masterful novel that confirms Lawrence Osborne's reputation as one of our finest contemporary writers.

Dark Tides Oct 30 2019 #1 New York Times bestselling author of Tidelands—the “searing portrait of a woman that resonates across the ages” (People)—returns with an evocative historical novel tracking the rise of the Tidelands family in London, Venice, and New England. Midsummer Eve 1670. Two unexpected visitors arrive at a shabby warehouse on the south side of the River Thames. The first is a wealthy nobleman seeking the lover he deserted twenty-one years earlier. Now James Avery has everything to offer: a fortune, a title, and the favor of the newly restored King Charles II. He believes that the warehouse's poor owner Alinor has the one thing he cannot buy—his son and heir. The second visitor is a beautiful widow from Venice in deepest mourning. She claims Alinor as her mother-in-law and tells her of the death of Rob—Alinor's son—drowned in the dark tides of the Venice lagoon. Meanwhile, Alinor's brother Ned, in faraway New England, is making a life for himself between in the narrowing space between the jarring worlds of the English newcomers and the American Indians as they move towards inevitable war. Alinor writes to him that she knows—without doubt—that her son is alive and the widow is an imposter. But how can she prove it? Set in the poverty and glamour of Restoration London, in the golden streets of Venice, and on the tensely contested frontier of early America, this is a novel of greed and desire: for love, for wealth, for a child, and for home.

Hope in the Dark Aug 28 2019 “[A] landmark book . . . Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes” (Vice). A book as powerful and influential as Rebecca Solnit's Men Explain Things to Me, her Hope in the Dark was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. “One of the best books of the 21st century.” —The Guardian “No writer has better understood the mix of fear and possibility, peril and exuberance that's marked this new millennium.” —Bill McKibben, New York Times–bestselling author of Falter “An elegant reminder that activist victories are easily forgotten, and that they often come in extremely unexpected, roundabout ways.” —The New Yorker

The Dark Theatre Oct 03 2022 The Dark Theatre is an indispensable text for activist communities wondering what theatre might have to do with their futures, students and scholars across Theatre and Performance Studies, Urban Studies, Cultural Studies, Political Economy and Social Ecology. The Dark Theatre returns to the bankrupted warehouse in Hope (Sufferance) Wharf in London's Docklands where Alan Read worked through the 1980s to identify a four-decade interregnum of 'cultural cruelty' wreaked by financialisation, austerity and communicative capitalism. Between the OPEC Oil Embargo and the first screening of The Family in 1974, to the United Nations report on UK poverty and the fire at Grenfell Tower in 2017, this volume becomes a book about loss. In the harsh light of such loss is there an alternative to the market that profits from peddling 'well-being' and pushes prescriptions for 'self-help', any role for the arts that is not an apologia for injustice? What if culture were not the solution but the problem when it comes to the mitigation of grief? Creativity not the remedy but the symptom of a structural malaise called inequality? Read suggests performance is no longer a political panacea for the precarious subject but a loss adjustor measuring damages suffered, compensations due, wrongs that demand to be put right. These field notes from a fire sale are a call for angry arts of advocacy representing those abandoned as the detritus of cultural authority, second-order victims whose crime is to have appealed for help from those looking on, audiences of sorts.

Playing in the Dark Jul 08 2020 An immensely persuasive work of literary criticism that opens a new chapter in the American dialogue on race—and promises to change the way we read American literature—from the acclaimed Nobel Prize winner Morrison shows how much the themes of freedom and individualism, manhood and innocence, depended on the existence of a black population that was manifestly unfree—and that came to serve white authors as embodiments of their own fears and desires. According to the Chicago Tribune, Morrison "reimagines and remaps the possibility of America." Her brilliant discussions of the "Africanist" presence in the fiction of Poe, Melville, Cather, and Hemingway leads to a dramatic reappraisal of the essential characteristics of our literary tradition. Written with the artistic vision that has earned the Nobel Prize-winning author a pre-eminent place in modern letters, *Playing in the Dark* is an invaluable read for avid Morrison admirers as well as students, critics, and scholars of American literature.

Girl in the Dark Dec 25 2021 'An astonishing memoir' Sonali Deraniyagala, author of *Wave* 'Oh, what can I not do, in my dreams. In my dreams I travel on trains and climb mountains, I play concerts and swim rivers, I carry important documents on vital missions, I attend meetings which become

song-and-dance routines. My body lies boxed in darkness, but beneath my closed eyelids there is colour, sound and movement, in glorious contrast to the day; mad movies projected nightly in the private theatre of my skull.' Anna Lyndsey was living a normal life. She enjoyed her job; she was ambitious; she was falling in love. Then the unthinkable happened. It began with a burning sensation on her face when she was exposed to computer screens and fluorescent lighting. Then the burning spread and the problematic light sources proliferated. Now her extreme sensitivity to light in all forms means she must spend much of her life in total darkness. During the best times, she can venture cautiously outside at dusk and dawn, avoiding high-strength streetlamps. During the worst, she must spend months in a darkened room, listening to audiobooks, inventing word-games and fighting to keep despair at bay. Told with great beauty, humour and honesty, *Girl in the Dark* is the astonishing and uplifting account of Anna's descent into the depths of her extraordinary illness. It is the story of how, through her determination to make her impossible life possible and with the love of those around her, she has managed to find light in even the darkest of places.

Each of these ten haunting, inventive tales brings us to the brink of creation, mortality and immortality, infidelity and transformation, technological innovation and historical revision, loneliness and communion, and every kind of love. Laced with lyricism, hope, Hunt's characteristic sly wit, and her unflinching gaze into the ordinary horrors of human existence, *The Dark Dark* celebrates the mysteries and connections that swirl around us.
